

## California Department of Education School Accountability Report Card Reported Using Data from the 2013-14 School Year

Published During 2014-15

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

### School Description and Mission Statement (Most Recent Year)

Dixon High School is a four year comprehensive high school in Solano County. Our mission states: "Dixon High School will develop and integrate the structures and practices necessary to ensure all students learn at high levels. Students will graduate from Dixon High School college and career ready, prepared for the global demands of the 21st century." It is our belief that all students will succeed at high levels if provided the proper structure to do so. We work hard to create these structures and systems so that all students maximize their potential as learners.

Students at Dixon High School have a number of avenues to demonstrate excellence. In addition to robust AP/Honors offerings, students participate in CTE courses, and extra- and co-curricular programs such as athletics, band, FFA, and drama. We believe that students given multiple ways to do so, especially in well-run programs that have high expectations of students.

Dixon High School did a WASC self-study in the 2013-14 academic year in which all staff and stakeholder groups participated. As a result of this self-study Dixon High School created an Action Plan to continue improving our educational program. At the heart of the Action Plan is our belief that all kids will learn at high levels, and that this starts with teachers working together to improve learning for our students. As a result of last year's visit, Dixon High School received a six year accreditation.
