* The Blackboard and Instructure Solution pricing do not offer testing item banks or Gradecam. These modules would have to be purchased separately.

Evaluation Committee recommends McGraw Hill as the vendor of choice for the LMS/AMS System. This solution is being recommended as it is both a combined LMS and AMS system and this solution provides all of the functionality that DCSD requested in a LMS/AMS System. A survey of the LMS/AMS stakeholders showed that after the Company presentations, the majority of users wanted McGraw Hill as their LMS/AMS solution.
