- Decision-making based on research, best practice, and innovation.
- Excellence and equity.

GOVERNING VALUES

ABOUT EDUCATIONAL SERVICE UNIT 6

In 1965, the Nebraska Legislature created a network of 19 Educational Service Units (ESUs) as a means to provide specialized services to schools. By combining resources, equipment, and manpower, ESUs are able to provide a variety of technology, student services, professional development, and administrative services that would otherwise be unavailable, unaffordable, or inconvenient to schools. Each ESU is governed by a Board of Directors elected by voters in the area it serves and offers services needed specifically by its area schools.

ESU 6 in Milford, NE serves the educational needs of students, teachers, and administrators in Saline, Seward, York, Fillmore, and Lancaster counties (excluding the city of Lincoln). While all ESUs are mandated by the state to provide certain services, ESU 6 also offers a variety of services requested by the schools it serves. Each year the ESU 6 Administrator's Advisory Council evaluates and reviews the services and makes recommendations to the Board concerning the retention, addition, or alteration of services as well as the utilization of available funds.
