BRIAN N. WINSTEAD, SUPERINTENDENT

April 12, 2016

Dear Parent or Guardian:

Enterprise Elementary School District receives Title III funding from the federal government to help English learners to speak, read, and write in English and to achieve in reading and mathematics. School districts and other agencies that receive Title III funds are reviewed each year, as required under the No Child Left Behind (NCLB) Act of 2001, to see if they meet the three Annual Measurable Achievement Objectives (AMAOs) for their English learners:

- Progress in learning English
- Progress in the percentage of students who become proficient in English
- Academic targets in English-language arts and mathematics

For the 2014-2015 school year, the Enterprise Elementary School District did not meet one of these targets. We did not reach the required percentage of English learners making progress in learning English as determined by the California English Language Development Test.

If you would like more information about how your child is performing on these targets, please contact your child's teacher or school. Please contact Michelle Seligman, English Learner Coordinator, and Enterprise Elementary School District at 224-4170 for more information on the educational program to help English learners become English proficient and meet academic goals.

Sincerely,

Michelle Seligman
EL Coordinator
