

2017/2018 Enterprise Y.E.S. Survey

27 responses

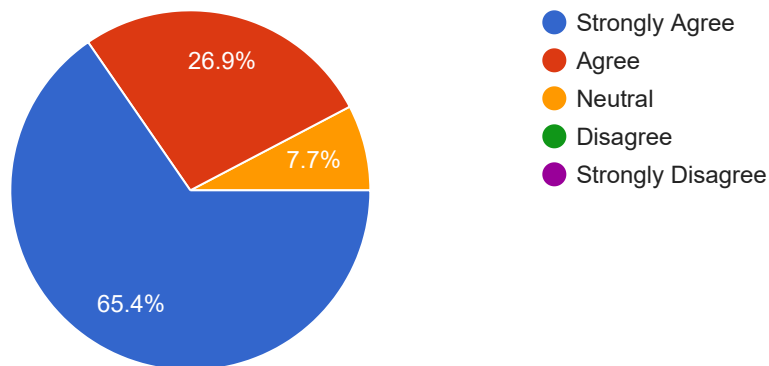

Our school district does an adequate job identifying gifted students.

26 responses

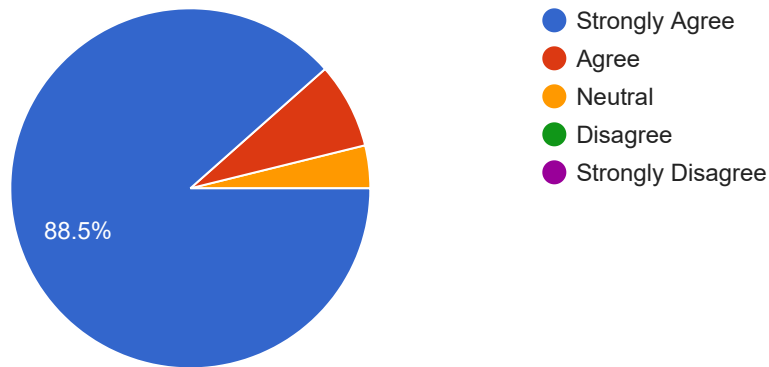

Once identified as intellectually gifted, students receive an appropriate education in the gifted program to serve their unique needs.

26 responses

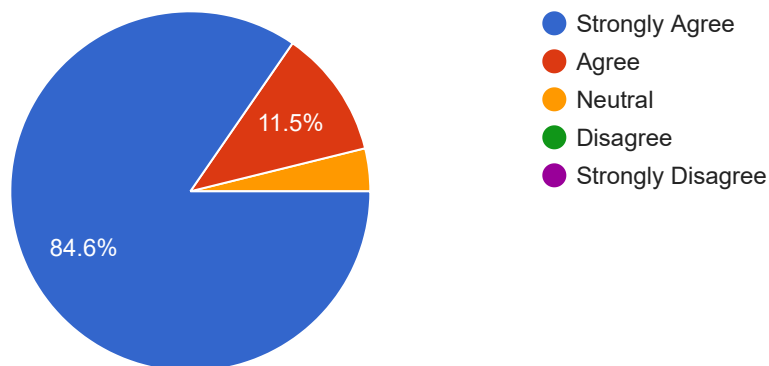

Teachers of the gifted program are qualified to meet the needs of intellectually gifted students.

26 responses

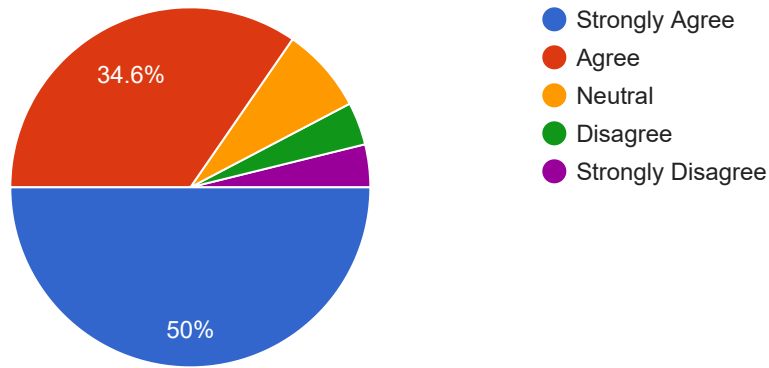

The topics and skills taught in the gifted program are challenging and beneficial to all gifted students.

26 responses

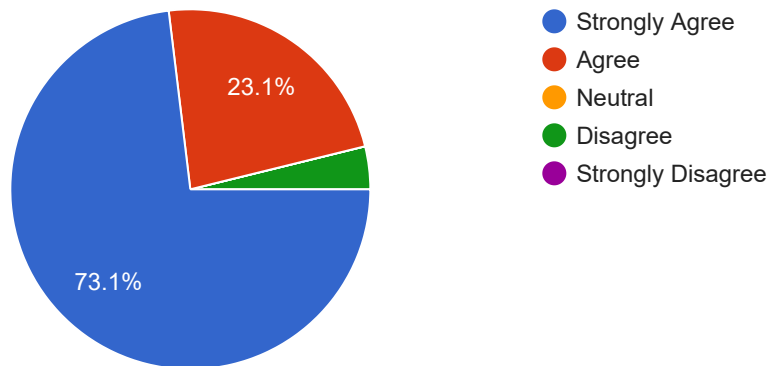

Parents of gifted students are informed of the gifted education their child is receiving through the Y.E.S. program.

26 responses

Overall, I am satisfied with Enterprise School District's intellectually gifted program, also known as Y.E.S.

test

My child loves the gifted program! He has learned so much and loves being challenged.

This past year has been by far the best!

YES is the bomb.com! Mrs. Shumate is AMAZING!!

During state testing each year it did sadden me that this class had to be canceled many times so the teacher could help monitor other classes. The children should have the right to continue their studies entire year.

We LOVED the YES program this year! My daughter had the best time and learned so much!!! Mrs. Shumate is AMAZING!

We love Mrs Shumate

The educators need to understand that yes the older kids will be going to college first and they need to tour colleges but the younger kids would like to look at their futures as well

Going great so far, I'm wondering what you will add/improve going forward.

KEEP UP THE FANTASTIC JOB!
