

Enterprise School District's Gifted Program

Frequently Asked Questions

Q. How can my child be identified as intellectually gifted?

A. There are two ways for a child to be referred for the gifted program. All first grade students are screened in the Spring. If they are not identified as gifted in the first grade, they can later be individually referred down the road. For more information, click on GIFTED EDUCATION under the DEPARTMENTS tab on the school website.

*Please note that the Y.E.S. teachers cannot choose who is in the Y.E.S. class.

Q. Does a child stay in Y.E.S. once they qualify for the class?

A. Yes, a student stays in Y.E.S. from the time he or she is identified until 6th grade unless they choose to be removed from the gifted program.

Q. How does it work having two Y.E.S. teachers?

A. There are now two Y.E.S. teachers. Both of these teachers work together to develop the same gifted activities and lessons. Both classes are working on and doing the same things each day.
