Preface

The Escambia County Board of Education is established under authority of state law for the purpose of exercising general supervision and administration of the public schools serving school age children who reside within the county limits of Escambia County, and of promoting the interests of the Escambia County Schools and the children they serve. Those responsibilities are met, in part, by the adoption and implementation of formal policies by which the principles that guide decisionmaking are established.

Policies are generally broad statements of principle and purpose, and are intended to serve as a framework for decisionmaking and administrative action rather than as a manual for day-to-day decisionmaking and action. Policies can nevertheless establish specific substantive standards and requirements, including standards of personal and professional conduct, the violation of which may result in disciplinary sanctions or other adverse consequences. However, policies do not restrict the ability of the Board or its employees to respond reasonably and flexibly to unexpected contingencies, emergencies, and other conditions that call for a response that is tailored to unique or special circumstances.

Policies should be construed as a whole and with reference to related policies and applicable law. Although policies are adopted partly for the purpose of meeting the requirements of pertinent law, they do not establish or create a legal right, claim, entitlement, or interest to or in any title, position, assignment, duty, work location, level or rate of compensation, benefit, or term of employment.

Any provision, feature, or aspect of Board policy that does not conform to governing law should be deemed void and superseded by such law. Editorial changes that do not affect the meaning, substance, or application of a policy may be made by the Board without advance public notice and comment. In general, the Board reserves the right to adopt, revise, interpret, amend, repeal, suspend, or apply policies according to its assessment of the needs and interests of the school system, subject only to such limitations on the exercise of such prerogatives as may be imposed by law.

3.5 *Fund Balance Policy in Accordance with GASB Statement No. 54*

3.5.1 Governmental Funds Definitions – The following definitions will be used in reporting activity in governmental funds. The Board may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

- a. The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.
- b. Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.
- c. Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest, even if it is being accumulated for future years' payments. Debt Service Funds should be used to report resources if legally mandated.
- d. Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

3.5.2 Fund Balances – Fund balances will be reported in governmental funds under the following five categories using the definitions provided by GASB Statement No. 54:

- a. Nonspendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained in-tact. Examples of nonspendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, and long-term receivables.
- b. Restricted fund balances consist of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation. Examples of restricted fund balances include: restricted grants.

- c. Committed fund balances consist of amounts that are subject to a purpose constraint imposed by formal action of the Board before the end of the fiscal year and that require the same level of formal action to remove the constraint.
- d. Assigned fund balances consist of amounts that are intended to be used by the school system for specific purposes. The Board authorizes the Superintendent or Chief School Finance Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.
- e. Unassigned fund balances include all spendable amounts not contained in the other classifications. This portion of the total fund balance in the general fund is available to finance operating expenditures.

3.5.3 Priority – When expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

3.5.4 Review and Reporting – The Board of Education along with the Superintendent and Chief School Finance Officer will periodically review all restricted, committed, and assigned fund balances. The Chief School Finance Officer will prepare and submit an annual report of all restricted, committed and assigned funds for the Board of Education.

3.6 Audits

Business and financial transactions of the Board and the records of Board financial accounts will be audited in accordance with state law and appropriate auditing and accounting standards.

[Reference: ALA. CODE §16-13A-7 (1975)]

3.7 Inventories

The Superintendent is required to establish effective procedures to account for all materials, equipment, and other Board property. These procedures will include an annual inventory and evaluation of tangible Board property (including fixed assets and supplemental property), to be completed no later than the end of each fiscal year, with appropriate reports submitted to the Superintendent and Chief School Financial Officer. Inventories will be kept on forms prescribed or approved by the Chief School Financial

Officer. Inventory forms will show items on hand at the beginning of the fiscal year, items lost, items disposed of, items purchased or otherwise added during the year, and items on hand at the end of the fiscal year.

The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of complaints and grievances. Such procedures may not unreasonably burden or delay the presentation or processing of such matters, and will be subject to Board review, modification, and approval.
- 4.6.2 Limitations Regarding Availability and Application of General Complaint/Grievance Policy – The general complaint/grievance policy and any procedures adopted thereunder do not apply to specific complaint or grievance policies and procedures that are established by Board policy or law for application to special factual or legal circumstances (e.g., sexual harassment grievance procedures; review of personnel matters under the Students First Act; “due process” hearings provided under the Individuals with Disabilities Education Act). In such instances, the specific statutory, regulatory, or policy-based process is the applicable procedure. The general complaint/grievance procedures that are authorized under the terms of this policy may not be invoked for the purpose of challenging or seeking review or reconsideration of adverse personnel decisions that have received final Board approval. A grievance may be based on an alleged misapplication of Board policies, regulations, or procedures, but may not be used to challenge the Board’s exercise of its discretion to adopt, approve, modify, or repeal a policy, regulation, or procedure or on its failure to exercise such discretion (e.g., adoption of a school calendar, compensation policies, etc.).
- 4.6.3 Student Complaints and Grievances – Complaints, grievances, and requests for corrective action may be brought to the attention of the Board by or on behalf of students with respect to academic, athletic, extracurricular, or other non-disciplinary matters, issues, and concerns only after reasonable efforts to resolve the matter at the school and administrative levels have been exhausted. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of such complaints and grievances. Such procedures will not unreasonably burden or delay the presentation or processing of the complaint or grievance and will be subject to review and approval by the Board. Administrative judgments concerning academic or curricular matters or participation in extracurricular activities may be set aside by the Board only upon a showing that the action or decision in question is arbitrary and capricious, fundamentally unfair, or that it violates Board policy or the student’s legal rights.

- 4.6.4 Student Disciplinary Matters – The Board may consider appeals of student disciplinary decisions or actions in accordance with standards and procedures specified in the Code of Student Conduct.
- 4.6.5 Public Complaints – Nothing in this policy shall be construed to deny any member of the public the right to petition the board for consideration or action regarding any matter of public concern falling within the statutory jurisdiction of the board, provided that the person can demonstrate that he or she is impacted by the alleged violation to a greater extent than the impact on the public at large.
- 4.6.6 Americans with Disabilities Act Complaint Procedure

Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.
 - c. *Complaint Process* – The complaint should be submitted to the ADA Coordinator as soon as possible, but no later than thirty (30) days after the alleged violation. The ADA Coordinator will meet with the complaining party to discuss the complaint and possible resolutions. Within fifteen (15) calendar days of the meeting, the ADA Coordinator will respond in writing, and where appropriate, in a format accessible to the complaining party, such as large print, Braille, or audio tape. The response will explain the position of the Board and offer options for substantive resolution of the complaint.
 - d. *Appeal Procedure* – If the response by the ADA Coordinator does not satisfactorily resolve the issue, the complaining party may appeal the decision within fifteen (15) calendar days after receipt of the response to the Superintendent. Within fifteen (15) calendar days, the Superintendent will respond in writing, and where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.
 - e. *Records Retention* – All written complaints received by the ADA Coordinator, appeals to the Superintendent, and records relating thereto will be retained by the Board for at least three (3) years.

4.8 Emergency Closing of Schools

- 4.8.1 Authority of Superintendent to Close Schools – The Superintendent is authorized to close schools if such action is warranted by weather conditions or other circumstances that pose a risk to the safety and welfare of students and employees, or that render meaningful instruction impossible (e.g., loss of power or other utility services).
- 4.8.2 Make-Up Dates – To the extent not provided for in the school calendar, any days lost by reasons of an emergency closing will be made up and a revised school calendar approved, if necessary, to reflect any extension or adjustment of the school year required by such action, unless approval to waive the days is obtained in accordance with state law.

4.9 Internet Safety and Use of Technology

- 4.9.1 Access to Technology Resources – The Board permits restricted and conditional access to and use of its technology resources, including but not limited to computers, the “Internet,” network storage areas, and electronic mail. The Acceptable Use Agreement will be developed by the Superintendent for approval by the Board.
- 4.9.2 Restriction or Loss of Technology Privileges – Persons who violate any Board policy, rule, or regulation regarding technology use may be denied use of the Board’s technology resources and may be subject to additional disciplinary action.
- 4.9.3 Ownership of Technology Resources and Data – All technology resources, including network and Internet resources, e-mail systems, and computers or other access devices owned, leased, or maintained by the Board are the sole property of the Board. Board personnel may, at any time and without prior notice, access, search, examine, inspect, collect, or retrieve information of any kind from the

Board's technology resources, including computer or related equipment, files, and data, to determine if a user is in violation of any of the Board's policies, rules, and regulations regarding access to and use of technology resources, for or in connection with any other matter or reason related to the safe and efficient operation or administration of the school system, or for any other reason not prohibited by law. Users of school system technology resources have no personal right of privacy or confidentiality with respect to the use or content of such resources.

4.9.4 Adoption of Rules and Regulations – The Superintendent is authorized to develop for Board approval additional or more specific rules and regulations regarding access to and use of its technology resources and to require adherence to such rules and regulations through such means as the “Acceptable Use Agreement” and application of appropriate disciplinary policies and procedures. Such rules and regulations will address or provide:

- a. Measures to block or filter Internet access to pictures that are obscene, that constitute child pornography, or that are harmful to minors;
- b. Restriction of access by minors to inappropriate material on the Internet;
- c. The safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;

- g. Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

4.9.5 Disclaimer – The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Board's technology resources will be error-free or without defect. The Board will not be responsible for any damage users may suffer, including but not limited to loss of data or interruption of service.

[Reference: 47 U.S.C. §254(h) and (l)]

4.10 *Data Governance and Use*

The Superintendent is authorized to establish procedures governing the storage, use, and sharing of data maintained electronically by the school system. Such procedures shall

comply with applicable state and federal law and shall include provisions for data security (including physical security measures), access controls, quality control, and data exchange and reporting (including external data requests, and third party data use). Nothing in this policy or in any procedures authorized hereunder creates or expands any entitlement to confidentiality of records beyond that which is established by law or specific Board policy.

Any unauthorized access, use, transfer, or distribution of Board data by any employee, student, or any other individual may result in disciplinary action (up to and including termination for employees) and other legal action.

4.11 *Political Activity*

Board employees may participate in political activities to the full extent permitted by the United States Constitution and federal and state laws securing the right to engage in such activities, subject to the following restrictions:

- a. Employees may not appropriate Board property or resources for use in political campaigns, and may not engage in partisan political activities (including but not limited to the distribution of campaign material or literature) during regular school or duty hours on school property or at Board sponsored or sanctioned events, functions, or at activities at which the employee is on duty or assigned official responsibilities;

The Superintendent is authorized to develop procedures regarding the use of AEDs.

4.13 Service Animals

- 4.13.1 Purpose – The purpose of these procedures is to provide Escambia County Schools a system for responding to a request for a student with a disability to bring his/her service animal to school or to a school function.
- 4.13.2 General Statement of Procedures – Escambia County Schools will comply with all state and federal laws, regulations and rules regarding the use of service animals by students with disabilities under appropriate circumstances.
- 4.13.3 Definition of “Student with a Disability” – A student with a disability is defined as one who has been determined to be disabled by an appropriate team pursuant to the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act (Section 504).
- 4.13.4 Definition of “Service Animal” – As defined by Alabama Law and federal regulations implemented under Title II of the Americans with Disabilities Act (ADA), a service animal includes any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability including, but not limited to, a physical, sensory, psychiatric, intellectual, other mental disability or autism. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for purposes of this definition. (Note: The ADA regulations also include “miniature horses” in appropriate circumstances).
- 4.13.5 Definition of “Work or Tasks” Performed by a Service Animal – The work or tasks performed by a service animal must be directly related to the student’s disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effect of an animal’s presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for purposes of these procedures.
- 4.13.6 Persons Training a Service Animal – Under Alabama law, a person training a service animal is entitled to the same privileges granted to a student with a disability.
- 4.13.7 Procedures/Requirements – A request to bring a service animal to school by or on behalf of a student with a disability is subject to the following procedures and requirements:

- a. Parents/adult students must submit a written request to bring the service animal to school to the Superintendent's office, using the System's Form for such Request. The Request must identify and describe the service animal and what work or task(s) the service animal is trained to perform that is/are directly related to the student's disability. In addition, the individual requesting that the service animal attend school with a student must provide documentation that the animal is properly immunized as required under Alabama law and registered and licensed in accordance with all state and local animal licensing and registration requirements.
- b. Requests to bring a service animal on Escambia County Schools' property must, whenever possible, be made a reasonable time before bringing the animal to school to afford the System adequate time to properly address the request and make any necessary adjustments to the educational environment to accommodate the service animal's presence. A service animal may not be on school property without prior approval by the Superintendent or his/her designee.
- c. As part of the consideration of a request to bring a service animal to school, the School System can require proof of immunization and all animal licensing and registration requirements under applicable Alabama and local law. In addition, individuals who have service animals are not exempt from local animal control or public health requirements.

If the parent/student refuses to provide proof of immunization or proper licensing or registration of the animal as required by Alabama or local law, the School System may refuse to allow the student to bring the service animal to school.
- d. Once the School System has received a formal request for a student to bring a service animal to school, a meeting of the student's IEP or 504 Team (as applicable) will be scheduled and convened. The Team will conduct a case-specific inquiry as to whether the animal meets the definition of a service animal that performs work or tasks directly related to the student's disability.
- e. If it is decided that the service animal will be allowed to accompany the student to school, the Team will also discuss a plan for introducing the service animal to the school environment, any appropriate training for staff and students regarding interaction with the service animal, and other activities or conditions deemed necessary by the Team.
- f. The issue of allowing the service animal to accompany the student to school is subject to periodic review, revision or revocation by the student's IEP/504 Team and at least annually.

- g. Service animals must wear proper identification and always have a harness, leash, tether or other form of proper restraint mechanism, unless the handler is unable because of a disability, to use a harness or other form of restraint mechanism or the use of a harness or other restraint would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).
- h. Escambia County Schools is not responsible for the care or supervision of a service animal. Arrangements for the care/supervision of the service animal must be made by the parent/adult student and any costs incurred to handle the service animal will be the responsibility of the parent/adult student.

Under Alabama law, any aide assigned to assist the student must be trained with the service animal in basic commands in order to assist the student as a team. In addition, the school may need to provide some assistance to enable a particular student to handle his or her service animal, particularly where the student is the handler.

- i. Escambia County Schools retains the discretion to exclude or remove a service animal from its property if:
 - i. the animal is out of control and/or the animal's handler does not effectively control the animal's behavior;
 - ii. the animal is not housebroken;
 - iii. the animal poses a direct threat to the health or safety of others that cannot be eliminated by making reasonable modifications; or
 - iv. the animal's presence would constitute a fundamental alteration in the School System's programs/activities.
- j. The parent/ student, depending upon the circumstances and applicable law, may be deemed liable for any damage to school property and any injury to individuals caused by the service animal. Alabama law specifically provides that a person accompanied by a service animal is not necessarily relieved of liability for damage done by the animal. In addition, federal law provides that if the School System normally charges students for damages caused, then that student may be charged by damages caused by the service animal.
- k. If it is determined that the student will not be allowed to bring his/her service animal to school, that determination will be considered a

grieveable discrimination issue and subject to the Escambia County Schools' internal grievance procedures. Parents also may be entitled to initiate a due process hearing under the IDEA or Section 504 if they claim that the refusal constitutes a "denial of FAPE" to the student under the IDEA or Section 504.

Employees who are approved for paid leave or absences will be paid at the regular daily rate of pay; however, a day of paid leave or absence will not be counted as a day worked for the purposes of computing overtime under the Fair Labor Standards Act. - 5.10.5 Spouse Employed by the Board – Spouses who are both employed by the Board are limited to a combined total of twelve (12) weeks of family leave for the birth and care of a newborn child, for the placement of a child for adoption or foster care, for the care of a parent who has a serious health condition, and for qualifying exigency leave. Spouses who are both employed by the Board are limited to a combined total of twenty-six (26) weeks for military caregiver leave.
- 5.10.6 Intermittent Leave – An employee may take leave intermittently or on a reduced leave schedule only when medically necessary to care for a spouse, parent, or child or to receive planned medical treatment. Intermittent leave should be scheduled to the extent practicable so as not to unduly disrupt the operations of the Board. Intermittent leave may be further limited for teachers in accordance with federal law.
- 5.10.7 Use of Vacation and Sick Leave – If an employee has available sick leave, vacation leave or other applicable paid leave, the employee must utilize those forms of leave before taking unpaid leave under the FMLA.
- 5.10.8 Notice – Employees seeking leave under the FMLA must provide thirty (30) days advance notice of the need to take leave when the need is foreseeable. When the need for leave is unforeseeable, employees should notify their supervisors as soon as possible. Employees must also provide notice of the need for qualifying exigency leave as soon as practicable.
- 5.10.9 Certification for Medical or Military Caregiver Leave – Every request for FMLA leave based upon the serious health condition of the employee or employee’s spouse, children, or parents, or leave as a military caregiver must be supported by medical certification issued by the appropriate health care provider on forms provided by the Board.

For leave based on a serious health condition of the employee or employee’s spouse, child, or parent, the Board reserves the right to obtain a second opinion from an independent health-care provider designated by the Board. If the opinion received by the employee and the second opinion conflict, the Board and the employee must agree on a third provider to issue a binding opinion. Both the second and third opinions (if necessary) will be at the expense of the Board.

- 5.10.10 Certification for Qualifying Exigency Leave – Certification will be required by the Board for requests for qualifying exigency leave. Certification must be timely submitted on forms available from the Board. For the first such request,

certification may include a copy of the military service member's duty orders or other military documentation.

- 5.10.11 Return to Work – The Board may require an employee who has taken leave due to the employee's own serious medical condition to provide the Board with a healthcare provider's certification in order to return to work. Any employee who takes leave under these provisions will be entitled to be restored to the original position held when the leave commenced or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
- 5.10.12 Maintenance of Benefits – Benefits accrued by the employee before leave is taken are not lost when approved FMLA leave is taken. Employees who are on approved FMLA leave will remain eligible to participate in benefit programs in which the employee was enrolled at the time of the leave, provided that the employee will continue to be responsible for payment of employee's portion of any cost, premium, or like payment that is required to maintain eligibility for the coverage or benefit. An employee that does not return to work after FMLA leave, will be required to reimburse the Board for the cost of benefits coverage extended to the employee during the leave, unless the reason for the employee's failure to return to work is (i) a continuing serious health condition suffered by either the employee or a family member, or (ii) other circumstances beyond the employee's control.
- 5.10.13 Instructional Employees – Medical leave taken by eligible instructional employees is subject to further limitations and provisions established by the FMLA. The Superintendent or his designee is authorized to develop additional information and guidelines concerning Instructional Employees

5.11 Sick Leave Bank

A "Sick Leave Bank" plan for full-time certified and classified employees is hereby established in accordance with applicable provisions of state law. A Sick Leave Bank Committee will be established to oversee the operations of the Sick Leave Bank in accordance with state law and the following provisions:

- a. *Sick Leave Bank Committee* – The Sick Leave Bank Committee will be composed of one member representing the Board and four members representing participating members of the sick leave bank.
- Board Representative* – The Member representing the Board will be appointed by the Superintendent, subject to Board approval.
- Participant Representatives* – The participant representatives will be selected by the sick leave bank members.
- b. *Procedures for Selecting Employee Representatives on Committee*

1. *Nomination* – Before each election of participant representatives, the Board will hold an open nomination period. Any employee who is eligible to participate in the sick leave bank may be nominated for one of the participant representative positions. Nominations must be written and must be received in the Human Resources Department by the deadline specified in a notice to be provided by the Superintendent or his designee through Board publications and other means of communication that are generally used for such purposes.
 2. *Voting* – Each eligible nominee will be placed on the Sick Leave Bank Committee ballot. Voting will take place by ballot at Board facilities at the time specified or as may otherwise be provided by the Board. Supervision of voting will be by local facility personnel. Voting members will be required to verify their ballot by signing the Board’s voter record. Votes will be forwarded to the Human Resources Department for final tabulation. The four candidates receiving the highest number of votes will serve as participant representatives on the Sick Leave Bank Committee.
- c. *Term of Committee Members* – Sick Leave Bank Committee members will serve for a term of one year and may not serve for more than five years.
 - d. *Chairman of the Sick Leave Bank Committee* – The Sick Leave Bank Committee will elect a chairman from among its representatives at its first annual meeting. The chairman will be responsible for recording organizational minutes, for conducting meetings, and for organizing meetings as necessary.
 - e. *Meetings* – The Sick Leave Bank Committee will meet at least annually following each enrollment period. The Committee will also meet as necessary in its discretion.
 - f. *Sick Leave Bank Committee Duties* – The Sick Leave Bank Committee will develop proposed rules and regulations for the Sick Leave Bank, to be submitted to participating members for approval. At a minimum, said rules and regulations must include those terms and provisions that are required by statute. The Committee has the authority to review both participation in the Bank and requests for leave to ensure compliance with state law, Board policy, and such rules and regulations as may be adopted by the Sick Leave Bank Committee.

- g. *Employee Participation* – Participation in the Sick Leave Bank is voluntary and open to all full-time employees of the Board. However, employee participation is subject to such rules and regulations regarding enrollment procedures, deposits, withdrawals, and participation as may be developed by the Committee.

5.12 *Administrative Leave*

The Superintendent is authorized to place an employee on administrative leave upon a determination that the best interests of the school system would be served by such action. Administrative leave relieves the employee of regular work responsibilities pending resolution of the matters or circumstances that gave rise to the leave. Administrative leave is not disciplinary in nature or purpose and does not affect the employee's compensation, benefits, tenure, or nonprobationary status. Administrative leave may be accompanied by such additional restrictions or conditions as may reasonably be imposed by the Superintendent under the circumstances (e.g., limitation on access to school property). The status of employees who are on administrative leave will be reviewed and reported to the Board periodically or as otherwise may be directed by the Board.

5.13 *Equal Employment Opportunity*

5.13.1 Unlawful Discrimination Prohibited – The Board is an equal opportunity employer. Personnel actions and decisions will be made without regard to factors or considerations prohibited by federal or state law (as such laws may from time to time be amended), including but not limited to race, color, religion, sex, national origin, age, disability, and genetics.

5.13.2 Implementing Regulations Authorized – The Superintendent is authorized and directed to implement such rules, regulations, procedures, and directives as necessary and appropriate to implement and enforce this policy and any law prohibiting discrimination in the workplace, including the designation of one or more complaint/grievance investigators, officials, or coordinators, the development of complaint or grievance procedures for responding to allegations of unlawful discrimination, the provision of training or dissemination of instructional materials and advisories to appropriate staff members, and the administration of corrective or remedial action in response to violations of the law and of this policy.

5.14 *Sexual Harassment*

The Board strictly prohibits unlawful discrimination in all of its programs, offices, departments and facilities. Sexual harassment, as defined by law, is a form of unlawful discrimination and will not be tolerated from employees or other persons associated with the Board.

5.14.1 Definition of Sexual Harassment – Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature when:

- a. Submission to such conduct or communication is made a term or condition, either explicitly or implicitly, of employment or other employment benefits provided by the Board;
- b. Submission to or rejection of such conduct by an individual is used as the basis for decisions affecting the individual's employment, or other benefits provided by the Board; or
- c. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

5.14.2 Examples of Prohibited Conduct – The following are examples of conduct that may constitute sexual harassment, depending on individual circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic or derogatory comments, the display of sexually suggestive objects or pictures, and sexual propositions;
- b. Repeated unwelcome solicitation of sexual activity or sexual contact;
- c. Unwelcome, inappropriate sexual touching;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to an individual's employment status.

5.14.3 Employee Complaint Resolution Procedure

- a. *Reporting* – Any employee with reason to believe that he or she has been or is being subjected to any form of sexual harassment should report the matter immediately. Under no circumstances will an employee be required to present the complaint to the person who is the subject of the complaint.
- b. *Informal Complaint* – An employee may choose to submit a sexual harassment complaint to a supervisor for investigation and resolution at the departmental or local level without resorting to formal complaint procedures. If the supervisor is the subject of the complaint, the complaint may be submitted to the Superintendent for resolution. If the complaint is not resolved informally to the satisfaction of the complaining employee, the employee must contact the Superintendent to initiate formal complaint procedures.

5.14.4 Formal Complaint Procedure

- a. *Persons Responsible For Receiving and Investigating Formal Complaints* – The Superintendent is responsible for receiving and investigating formal complaints regarding sexual harassment. The Human Resources Director is an additional official to which formal complaints can be reported. If the Superintendent is unavailable or is the subject of the complaint, the alternate should be contacted regarding the formal complaint.
- b. *Complaint form, contents* – Formal complaints should be made in writing, signed by the complainant, and fully describe the circumstances surrounding the alleged harassment. Harassment complaints that cannot be made in writing should be memorialized by the Superintendent or designated alternate official.
- c. *Investigation* – The Superintendent will promptly investigate the complaint, review the results of any investigation with legal counsel or other appropriate officials, make any findings that are supported by the investigation, and recommend appropriate action based on these findings. The complainant will be informed of any action that is taken as a result of the investigation.
- d. *Review by the Superintendent and the Board* – A complaining party who is not satisfied with the investigation or resolution of the complaint may request that the Superintendent take additional or different action or present the complaint to the Board for its review and action. In such case, the Board will render a final decision as soon as practicable.

5.14.5 Confidentiality – To the extent possible, reports of sexual harassment will be kept confidential; however, complete confidentiality cannot be guaranteed.

5.14.6 Retaliation Prohibited – No retaliation or adverse action may be imposed as a result of a good faith complaint or report of sexual harassment. False accusations that are made in bad faith or for improper reasons may result in disciplinary action.

5.14.7 Penalties for Violation – Any employee who violates the terms of this policy or who impedes or unreasonably refuses to cooperate with a Board investigation regarding allegations of sexual harassment will be subject to appropriate disciplinary action, up to and including termination.

5.15 ***Reduction-In-Force***

5.15.1 Definition and Scope –

- a. This policy applies to reductions-in-force that are implemented by “layoffs” as contemplated by Ala. Code §16-1-33 (1975).

- b. A reduction-in-force may be declared by the Board of Education and layoffs approved thereunder if the Board determines that decreased student enrollment or a shortage of revenues requires a reduction in the work force (beyond normal attrition) in order to maintain effective provision of educational services or to meet the Board's financial, legal, or operational obligations.
- c. A "layoff" within the meaning of this policy is a separation from employment with the Board of Education. However, employees who are laid off under authority of this policy are eligible for recall to employment as conditionally provided in this policy. The term "layoff" does not include or apply to the expiration of temporary, occasional, or "at-will" appointments or to decisions not to renew or extend employment beyond the expiration of annual or other specified terms of appointment.

5.15.2 Criteria for Implementing Layoffs -

- a. The order, priority, rank, or selection of individual employees who are to be laid off under authority of this policy shall be determined on the basis of objective criteria. However, nothing herein shall be deemed or construed to limit or abridge the Board's legislative discretion to identify areas, departments, groupings, or classifications for reductions (layoffs). (For example, the Board is not required to justify by objective criteria or otherwise a decision to implement layoffs in noninstructional categories or employees before doing so with instructional staff).
- b. The criterion or criteria on which the layoffs are to be based shall be announced or otherwise made known by the Board to employees affected by the layoff no later than the date notice of the layoff is provided to the employees.
- c. "Objective criteria" within the meaning of this policy may include any lawful selection standard (or combination of standards) that is verifiable, calculable, measurable, or otherwise determinable by means or methods other than the personal or subjective judgments or opinions of the person(s) applying the criteria, and that would be expected to produce the same result if applied to the same employees or group of employees by different persons. For purposes of this policy, objective criteria may include, but are not limited to:
 - Seniority, longevity, or time in service that will be more specifically described in the notice of layoff that is provided to affected employees
 - Years of experience
 - Degrees, certification, or licensure

- Job classification
- Written or otherwise documented performance evaluations that can be fairly, accurately, and objectively compared to other similarly situated employees for the purpose of ordering or ranking, provided that such evaluations predate the RIF announcement or declaration by not less than thirty days

5.15.3 Recall - Employees who have been laid off under the terms of this policy will be given priority in filling positions as enrollment or financial circumstances warrant, provided that:

- a. The nature of the position and qualifications therefore have not materially changed;
- b. The laid-off employee remains properly qualified, licensed, or certified; and
- c. The laid-off employee confirms in writing his or her availability for and interest in re-employment to the Board's Director of Human Resources in accordance with any directives that may be contained in or transmitted in conjunction with the notice of layoff.

Circumstances permitting, and to the extent practicable, the selection of employees for recall will be based on the criteria that were applied to the layoffs themselves if there are more employees eligible for recall than positions available to fill. When layoffs occur over a period of time, the Board will take relative length of separation from service into consideration in assigning recall priority, other factors being equal. In no case will any right to be recalled to employment extend beyond one year from the effective date of the employee's layoff.

Recalled employees will retain credit for the tenure, years of service, and the pay and benefit status they held on the effective date of their layoff. No pay, benefits, status, or additional rights will accrue or be credited to the recalled employee for the time he or she has been laid off.

5.15.4 Notice - Notification of layoff and recall shall be by United States certified or registered mail, hand delivery, or such other means as are reasonable under the circumstances. Upon receipt of notification of recall, a laid-off employee shall respond affirmatively to the notice of recall in accordance with such specific directions or instructions as may be contained therein. Any laid-off employee who does not so respond or who otherwise declines an offer of reemployment by the Board will be deemed to have waived any right to be recalled under the terms of this policy.

[Reference: Ala. Code §16-1-33 (1975)]

5.16 *Unauthorized Payments*

- 5.16.1 Notification to the Employee – Upon discovery of any unauthorized or erroneous payment or disbursement of funds to an employee, the Board will attempt in good faith to notify the employee of such unauthorized payment and to reach agreement with the employee, if possible, regarding the amount and terms of repayment. Notification to the employee will consist of a letter mailed or delivered to the employee's last known address. The notice will specify the amount owed, the method by which the amount was calculated, a proposed schedule of repayment, an opportunity for the employee to review or examine any documents or other evidence supporting the claimed overpayment, and an opportunity for the employee to object in person or in writing to the amount or manner of the proposed withholding to provide an alternative plan of repayment. Unless the Board's ability to recover funds in question could be jeopardized by doing so, the Board will arrange a reasonable schedule of repayment so as to avoid undue hardship to the employee.
- 5.16.2 Retention and Recovery Authorized – If no objection to the proposed withholding is received within a reasonable time (to be specified in the notification letter), monies may be retained in the manner and to the extent described in the notification. If the employee objects to the proposed withholding, the Superintendent or his designee may, upon consideration of the objection and information and argument (if any) submitted in connection therewith, take such action as may be warranted under the circumstances and inform the employee in writing of the decision. If the employee is dissatisfied, he may contest the decision through the Board's complaint procedure. Monies may be withheld by the Board pending completion of the grievance process, provided that, should the Board later pay over to the employee monies that have been retained under authority of this policy, such payment(s) will reflect all appropriate deductions and will include accrued interest from the date of withholding at the rate specified by the then-effective rate applicable to interest on unpaid judgments under Alabama law. If, after exhausting reasonable efforts to do so, the Board is unable to contact the employee in the first instance, the Board may retain or withhold from compensation or other payments due the employee an amount sufficient to satisfy the indebtedness; provided that any such retention or withholding will be subject to review and reconsideration at the request of the employee.
- 5.16.3 Repayment Required as a Condition of Reemployment – The Board reserves the right to require repayment of any outstanding indebtedness as a condition to reemployment of any former employee.
- 5.16.4 Procedures Not Exclusive – The provisions, procedures, and method of review specified herein are in addition to those that are otherwise available to the parties under law for the retention or recovery of funds, and for administrative or judicial review thereof.

5.17 *Drug-Free Workplace*

5.17.1 General – It is the policy of the Escambia County Board of Education that the use of alcohol and other drugs and the unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs is prohibited. Any employee violating this policy will be subject to disciplinary actions, up to and including termination of employment and referral to the appropriate authorities for prosecution. This policy has been adopted in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. Nothing in this policy should be construed as precluding the Board from adopting additional or alternative programs, procedures, and penalties in order to achieve the goal of a drug- and alcohol-free public school system.

5.17.2 Standards of Conduct –

- a. The possession, use, transfer, sale, or distribution of alcoholic beverages by any employee while on the job or on school premises or off campus in connection with or affecting any school related activity is strictly prohibited. Violation of this policy will result in disciplinary actions up to and including termination of employment and referral to the appropriate authorities for prosecution.
- b. The Board does not differentiate between drug users or sellers. The unauthorized manufacture, possession, use, transfer, sale, or distribution of controlled substances is strictly prohibited. Any employee who violates this prohibition while on the job or off will be subject to disciplinary action, up to and including termination of employment and referral to the appropriate federal, state, or local law enforcement agencies for investigation and prosecution.
- c. The term “controlled substance” means any drug listed in 21 U.S.C. Section 812 and other federal regulations. Generally, these are drugs which have a potential for abuse. Such drugs include, but are not limited to, heroin, marijuana, cocaine (including “crack”), methamphetamine (“ice”), LSD, and PCP.
- d. The Board reserves the right to require that sobriety or drug tests or screenings be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the employee has used alcohol, illegal drugs, or other substances in violation of the Board’s substance abuse policies. All such testing or screening will be performed in accordance with local, state, and federal laws and procedures that are developed by the Superintendent for approval by the Board.

- e. Each employee is required to inform the Superintendent or his designee within five (5) days after he or she is convicted of a violation of any federal or state criminal drug statute (including but not limited to DUI), where such violation occurred either on or off the premises of the District. A conviction means a finding of guilt (including a plea of nolo contendere) or the imposition of a sentence by a judge or jury in any federal or state court.
- f. The Superintendent must notify the State Department of Education within ten (10) days after receiving notice from the employee or otherwise receiving actual notice of a conviction of a violation of any federal or state criminal drug statute.
- g. In cases where employees seek help regarding alcohol and other drug-related problems, the costs for these services are the responsibility of the employee. Seeking professional help should not be construed as an avenue for avoiding the disciplinary sanctions described nor for avoiding compliance with job performance standards.

5.17.3 Confirmation – Every school system employee will be responsible for completing a form annually confirming receipt of drug-free workplace policy information.

5.18 *Drug and Alcohol Testing of Safety Sensitive Employees*

5.18.1 Scope – The Board will conduct employee drug and alcohol testing for employees in safety sensitive positions as required by and in accordance with federal law. Testing will be required for all employees holding a commercial drivers’ license (CDL) or who occupy a safety sensitive position as designated by the Board (“covered employees”).

5.18.2 Prohibited Alcohol and Controlled Substance-Related Conduct – In addition to activities identified in other policies, rules, and procedures, Board employees are prohibited from the following:

- a. Reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration in excess of the standard set by the Federal Highway Administration (FHWA);
- b. Being on duty or operating a vehicle while possessing alcohol
- c. Consuming alcohol while performing safety-sensitive functions;
- d. Consuming alcohol within eight hours following an accident for which a post-accident alcohol test is required, or prior to undergoing a post-accident alcohol test, whichever comes first;

- e. Refusing to submit to an alcohol or controlled substance test required by post-accident, random, reasonable suspicion, or follow-up testing requirements;
- f. Consuming alcohol or being under the influence of alcohol within eight (8) hours of going on duty, operating, or having physical control of a vehicle;
- g. Reporting for duty or remaining on duty when using any controlled substance, except when instructed by a physician who has advised the driver and the Board that the substance does not adversely impact the performance of any safety-sensitive duty;
- h. Reporting for duty, remaining on duty, or performing safety sensitive functions with controlled substances in the employee's system.

In the event of a violation of this policy, the employee shall be removed immediately from safety-sensitive duties and shall be subject to such further actions, including disciplinary action up to and including termination, as deemed appropriate by the Superintendent and the Board.

5.18.3 Testing Program Authorized – The Superintendent is directed to establish a testing program whereby all covered employees will be tested for the presence of alcohol and controlled substances. The following tests may be conducted:

- a. *Pre-employment Testing* – Prior to the first time a covered employee performs a safety-sensitive function for the Board, the employee must undergo testing for alcohol and controlled substances.
- b. *Post-accident Testing* – Each surviving driver who is involved in an accident involving a school bus shall submit to testing as soon as practicable following such accident if such driver:
 - (1) Was performing a safety-sensitive function with respect to such vehicle and the accident involved the loss of human life, or
 - (2) Such driver receives a citation within eight (8) hours of the occurrence under state or local law for a moving traffic violation arising from the accident and the accident involved either:
 - (i) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or
 - (ii) One or more motor vehicles incurs disabling damage requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

Each such driver shall remain readily available for such testing and if he does not remain so readily available, may be deemed to have refused to submit to testing. Transportation supervisors shall provide drivers with necessary post-accident information, procedures and instructions, prior to the driver operating the school bus, so that drivers will be able to comply with the requirements of this policy.

The tests required by this subsection shall be administered as soon as practicable following the accident. If the alcohol test is not administered within two hours following the accident, the supervisor will prepare and maintain a record stating the reasons. If the alcohol test is not administered within eight hours, and the controlled substances test within 32 hours, the same record shall be made and further efforts to administer such tests shall cease.

- c. *Random Testing* – The Board will conduct unannounced random alcohol and controlled substance testing of its covered employees.
- d. *Reasonable Suspicion Testing* – A covered employee must submit to alcohol or controlled substance testing whenever there is reasonable suspicion of alcohol misuse or the use of controlled substances based on specific, contemporaneous, and articulable observations concerning the appearance, behavior, speech, or bodily odors of the employee.
- e. *Return-to-Duty Testing* – A covered employee must submit to return-to-work alcohol and/or controlled substance test before being permitted to return to work following a positive alcohol or controlled substance test or other violation of this policy or federal regulations.
- f. *Follow-up Testing* – Any employee who continues performing safety-sensitive functions for the Board, following a determination that the employee requires assistance in resolving problems associated with alcohol misuse or the use of controlled substances, shall be subject to unannounced follow-up alcohol or controlled substance testing as directed by the Board’s substance abuse professional (SAP).

5.18.4 Administration of Program – The Superintendent is authorized to oversee the Board’s testing program, to contract with appropriate providers to implement the program, to develop guidelines, rules and regulations, to implement training programs, to develop and distribute educational materials and appropriate notices to covered employees, and to take such further action as may be required by federal law.

5.19 Searches (Personnel)

- a. *Board Property* – All school system property, facilities, and grounds may be entered, inspected, and searched for any lawful purpose by Board officials or their designees at any time, without prior notice and to the fullest extent permitted by law. The right to enter, inspect, and search includes and extends to (but is not limited to) Board owned or controlled offices, desks, file cabinets, lockers, storage areas, computers, files, documents, data, and devices however and wherever kept, stored, or maintained.
- b. *Employee Property* – The Board reserves the right to inspect employees’ personal property, including but not limited to vehicles, purses, wallets, bags, personal cell phones, computers, and “personal digital assistant” (PDA) devices if a supervisor forms a reasonable individualized suspicion that the property contains evidence of a violation of Board policy or contains any material, object, or substance that otherwise creates or presents a risk of harm or injury to the school, the workplace, or persons therein or if the device is used for school purposes or communications with parents or others, and it becomes necessary to view or obtain any related information.
- c. *Use of Recovered Items* – Property, material, substances, information, or records that are obtained, discovered, or recovered as a result of a search may be retained and used for any lawful purpose.

VI. Students

6.1 *Admissions and Attendance*

- 6.1.1 Compulsory Attendance and Entrance Age – All persons between the age of six (6) and seventeen (17) years of age are required by state law to attend school for the minimum number of scholastic days prescribed by the State Board of Education unless the person holds a certificate of exemption issued by the Superintendent or is otherwise exempt under state law.

[Reference: ALA. CODE §16-28-3 (1975)]

6.1.2 Admission to Schools

- a. *Resident Students* – School-age children who reside within Escambia County, Alabama, and not within the limits of a city operating an independent municipal school system, may be admitted to Escambia County Schools. For purposes of this policy, the residence of the student will be the residence of the custodial parent or legal guardian. If custody of the child is shared, alternating, or unclear, or if the child does not reside with a custodial parent or legal guardian, the domicile or actual physical residence of the child will control, except when there is evidence that the claimed residence of the child is not his actual residence, or that the claimed residence is fraudulently given as a means of avoiding or violating admission, enrollment, attendance, and residency standards and requirements.
- b. *Non-resident Students* – The Board may permit students who do not reside within the Escambia County School District to attend schools within the school system. The Board may establish criteria for admission of non-resident students, and may require the payment of tuition as a prerequisite to enrollment. The Board will not provide transportation to and from school or homebound instruction outside of the county limits of Escambia County.
- c. *Homeless Students* –
- (i) *Enrollment.* Homeless students will be permitted to enroll without regard to residency status and will not be denied services offered to other students in the school system. Homeless students may also be entitled to other accommodations under federal law.

Homeless students will continue in the school they attended before becoming homeless for the duration of their homelessness, or for the remainder of the academic year if the student becomes permanently housed during an academic year. Otherwise, a homeless student may be enrolled in any school in the system that

non-homeless students who live in the attendance area in which the student is living are eligible to attend.

- (ii) *Dispute Resolution.* When a dispute arises regarding school placement, the system will immediately enroll the homeless student in the school in which enrollment is sought by the parent, guardian, or unaccompanied youth, pending resolution of the dispute. The school will provide the parent, guardian, or unaccompanied youth with a written explanation of the decision, a statement of the right to appeal, and the procedure for appealing the placement decision. The principal of the school will notify the Board's Homeless Liaison of the dispute.
- (iii) The Homeless Liaison will expeditiously carry out the system's dispute resolution procedures as detailed in the Board's homeless student plan.

- d. *Students Expelled or Suspended from Other School Systems* – Any student who is under suspension or expulsion from another school system or a private, parochial, or other school will not be permitted to enroll until the student has satisfied the conditions for readmission set by the expelling or suspending board or authority in addition to generally applicable admission requirements established by the Board which may include temporary attendance at the alternative school.
- e. *Required Documentation* – Students entering the school system for the first time, regardless of grade level, are not required to submit a birth certificate, but may be requested to submit a birth certificate or another form of acceptable documentation to verify the student's age. A social security number may also be requested, but such request is voluntary and is not a requirement of enrollment.

In addition, students may also be required to submit other registration materials as school officials may reasonably require including, but not limited to, a certificate of immunization or an exemption as prescribed by the Department of Public Health and signed by a private physician or appropriate health department official. The Superintendent may accept alternate forms of evidence or modify otherwise applicable requirements as necessary and appropriate to accommodate migrant, immigrant, limited English proficient or homeless students.

- f. *Placement of Students* – The Board will determine the placement of newly enrolled students in accordance with state law.

6.1.3 Attendance Zone and Class Assignment

- a. *Attendance Zone Assignment* – Students will be assigned to the school serving the attendance zone in which his parent(s) or legal guardian reside(s). A student whose parent or legal guardian moves from one attendance zone to another during the school year will be transferred to the school attendance zone in which the new residence is located. The student may be permitted to remain in the school attendance zone that serves the former residence until the end of the semester with the approval of the Superintendent. A parent or legal guardian who has documented plans to move to a new attendance area during the first or second grading period of the school year may have his child enrolled in the school serving the new residence upon approval by the Superintendent.

A student who does not attend the school serving the attendance zone in which his parent(s) or legal guardian reside(s) will not be provided transportation, unless specifically required by law.

- b. *Class Assignment* – Principals will assign students to classes in keeping with school accreditation standards and any procedures or criteria that may be established at the system or school level.

6.1.4 Absences and Excuses – Students are not permitted to be absent from school without a valid excuse. Absences will be designated as excused or unexcused. Excused absences will be permitted for the following reasons:

- Personal illness
- Hospitalization
- Emergency
- Death in immediate family
- Court subpoena
- Religious holidays
- Absences approved by the principal

Documentation supporting an excused absence must be submitted in a timely manner or the absence will be deemed to be unexcused. Excessive unexcused absences may result in a loss of academic credit or referral of the matter to juvenile or other appropriate legal authorities for investigation.

6.1.5 Truancy – Parents or guardians are required to ensure that students under their care, custody or control attend school regularly. Habitual or excessive absence from school may require Board officials to refer the matter to juvenile authorities or to initiate truancy proceedings.

6.2 *Transfers and Withdrawals*

6.2.1 Transfers – The Board may permit transfers between schools within the school system for good cause. The Superintendent is authorized to develop a process for reviewing transfer requests. Transfer requests must be submitted in writing and must include detailed reasons for the request and may be approved or denied in light of the stated reasons for the request, the capacity and resources of the schools, the student’s record (including behavior, grades, attendance, and other factors), and the best interests of the student and of the school system. The existence or availability of a transfer process does not create or give rise to any right to attend a particular school, and school assignment remains wholly with the discretion of the school system. A student who does not attend the school serving the attendance zone in which his parent(s) or legal guardian reside(s) will not be provided transportation, unless specifically required by law.

6.2.2 Withdrawals – No student of compulsory attendance age will be permitted to withdraw from school except in accordance with state law and any withdrawal procedures that may be developed by the Superintendent.

6.3 *Student Fees, Fines, and Charges*

Reasonable fees, fines, and charges not prohibited by law may be established by the Superintendent. All such fees, fines, and charges will be collected and accounted for in accordance with the procedures, rules, and regulations to be developed by the Chief School Financial Officer or as provided in the Board finance or local school finance manual(s).

6.4 *Concussions*

Drawing on such medical and other authoritative publications and resources as may be available, the Board will:

- a. Develop materials and information that are designed to educate students and their parents or guardians about the nature of concussion and brain injury and the risks of continuing to participate in athletics after receiving a concussion or brain injury;
- b. Suitably summarize such materials on a concussion and head injury information sheet which is to be provided annually to current and prospective student athletes and their parents or guardians. Prior to the student’s participation in practice or competition, the head coach of the team must obtain and keep on file a copy of the information worksheet signed by the team member and his or her parent or guardian.
- c. Develop a program designed to educate coaches on how to learn to recognize the symptoms of a concussion and how to seek proper medical treatment for a person

suspected of having a concussion. The training shall be provided by qualified medical personnel or persons with special expertise in recognizing and responding to concussions and brain injuries, and shall be offered to every coach prior to the beginning of practice for the athletic team that he or she coaches.

- d. Promulgate or otherwise inform coaches of the statutory requirement that a youth athlete must be removed “from participation and may not return to play the day of the injury and until the athlete is evaluated by a licensed physician and receives written clearance to return to play from a licensed physician.”

The Board may use information and forms prepared by the Alabama High School Athletic Association as they may be revised from time to time, but nothing in any such materials should be interpreted or otherwise understood to create a duty or standard of care on the part of any person charged with its implementation.

6.5 *Extracurricular Activities*

6.5.1 General – Students may be offered an opportunity to participate in extracurricular activities and organizations. The right to participate in extracurricular activities is a privilege granted to students and is not a right. Extracurricular activities must meet the following criteria:

- a. The organization or activity must be approved by the school principal and must have an assigned faculty supervisor or sponsor;
- b. The organization or activity must promote or serve the intellectual, cultural, personal, or physical development of the student in a manner that is consistent with the purposes of public education, the Board’s legal mandate, mission statement, policies, and regulations, and with applicable requirements of state and federal law;
- c. The organization or activity must operate under and subject to general supervision of school officials; and
- d. The nature of the organization and its activities are not inconsistent with and do not interfere with instructional activities or requirements.

Student participation or membership in such organization activities may be governed by the specific policies of the organization and is subject to review and approval by the principal.

6.5.2 Athletics – Participation in Board sanctioned athletic programs will be on such terms and conditions as may be approved by the Board and any athletic association of which the Board or the applicable local school is a member. Schools may establish terms and conditions for participation in such programs as long as school eligibility criteria are not inconsistent with system-wide eligibility

or participation criteria, rules, regulations, or standards established by any athletic association or organization of which the Board or the applicable local school is a member, or any rule, principle, or provision of applicable law.

6.5.3 Eligibility Requirements – The Board prescribes the following regulations for eligibility in this school system to participate in all extracurricular activities.

- a. *Grades 10 – 12.* Students entering Grades 10 through 12 must, for the immediate preceding school year, have passing grades of at least a 70 composite numerical average and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics.
 - i. Physical education may count as only one (1) unit per year.
 - ii. No more than two (2) Carnegie unit may be made up during summer school. If a unit(s) or subject(s) is repeated in summer school, the higher numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.
 - iii. Eligibility will be determined on the first day of the local school year and will remain in effect for one (1) complete school year. Students ineligible at the beginning of an academic year may become eligible at the end of the first semester if they meet all academic requirements at that time. *Bona fide* transfers may be dealt with according to the rules of the Alabama High School Athletic Association for sports and rules to be developed by this Board of Education as they pertain to other extracurricular activities.
 - iv. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
 - v. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class.
- b. *Grades 8 – 9.* Students entering Grades 8 and 9 must, for the immediately preceding school year, have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in Grades 10 – 12.
- c. *Grade 7.* Students promoted to the seventh grade for the first time are eligible.

- d. *Extracurricular Activities.* For the purposes of this subsection, extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association, and other extracurricular activities are defined as those that are sanctioned by a public school that are not related to a student's academic requirements or success in a course(s). Notwithstanding anything to the contrary in this policy, student participation in extracurricular activities offered by the school through math, science, band, choral, music, and other courses at events such as athletic events (pre-game, game, halftime, or other breaks), club conventions, parades, amusement park trips and competitions, trips by tour companies, performance at various meetings, etc. are extracurricular, and students academically ineligible under this policy will not be allowed to participate.
- e. *Regular Curricular Activities.* Regular curricular activities are defined as those that are required for satisfactory course completion.
- f. *Approval of Curricular Activities.* School sponsors are required to submit a request for each curricular activity that occurs outside the regular school day and/or school to the principal, Superintendent, and the local Board of Education for approval. Each request for full participation by all students, regardless of academic standing, in a curricular activity will be granted if the principal, Superintendent, and the local Board of Education approve participation in the activity as an extension of a course(s) requirement(s) and it is an event sanctioned by a state/national subject matter association.

[Reference: Ala. Admin. Code 290-3-1-.02(18)]

6.6 *Off-Campus Events*

Student participation in and travel to off-campus events, concerts, functions, and activities, and the use of school buses or other transportation for such purposes may be authorized under and subject to the following terms and conditions:

- a. The destination is an activity, event, or function that services a *bona fide* educational or related extracurricular purpose, or is an athletic event or function sponsored or sanctioned by the school or the school system and the state athletic association;
- b. Adequate information regarding the trip (e.g., destination, duration, purpose, educational purpose, mode of transportation, nature and extent of student participation) has been provided to the principal, program director, and Superintendent.
- c. Adequate arrangements are made for supervision and other risk management considerations (e.g., parental permission, medical treatment authorization, special insurance requirements);

- d. Properly certified and qualified drivers have been selected and arrangements for the costs of the trip (e.g., salary, fuels, maintenance, lodging) have been made; and
- e. Superintendent approval of the trip is obtained.

The Superintendent is authorized to develop additional specific requirements for participation in and travel to and from official events and activities that are consistent with the terms of this policy.

6.7 *Student Publications*

The Superintendent is authorized to develop rules and regulations regarding student publications. Student publications are subject to and will be expected to meet standards associated with responsible journalism. The principal and student publication sponsor are responsible for the content of such publications.

6.8 *Equal Educational Opportunities*

No student will be unlawfully excluded from participation in, be denied the benefits of, or subjected to discrimination in any program or activity offered or sponsored by the Board on the basis of race, ethnicity, color, disability, creed, national origin, sex, immigrant or migrant status, non-English speaking ability, or homeless status.

6.9 *Title IX*

6.9.1 Prohibition – In accordance with Title IX (20 U.S.C. §1681, *et seq.*), the Board strictly prohibits discrimination on the basis of sex or gender in its programs or activities, including sexual harassment, as defined by law and Board policy. Sexual harassment complaints should be filed and reviewed under the Board’s student sexual harassment policy. All other complaints under Title IX will be filed and reviewed according to the Board’s general complaint and grievance procedures.

6.9.2 Title IX Coordinator – The Superintendent is authorized and directed to designate a Title IX Coordinator, whose duties will include but not be limited to receiving and responding to Title IX inquiries and complaints.

6.10 *Voluntary Religious Expression*

The Board does not discriminate against students or their parents or guardians on the basis of their religious viewpoints or their expression of such viewpoints. Such views and expressions are treated in the same manner as nonreligious viewpoints, activities, or expressions.

Students may express their religious beliefs in all phases of their schoolwork without penalty or reward based on the religious nature or content of such expression. Schoolwork is evaluated according to the academic standards and pedagogical objectives

that otherwise apply to the work or activity in question. These standards and objectives include but are not limited to acquisition and/or mastery of factual information; development of analytical, problem solving, learning, critical thinking, communication, organizational, and social skills; college preparatory and career readiness training; proficiency in and appreciation of the performing arts; and the development of personal skills that are designed to facilitate attainment of the foregoing objectives, future academic success, and employability. The scholastic work of the system's students will be evaluated in light of the foregoing standards and objectives, academic and curricular guidelines and criteria established or approved by the state and Escambia Boards of Education, and determined by evaluation, achievement, assessment, and testing materials, instruments, methods, and measures that have been generally recognized as appropriate for such purposes within the educational community and applied successfully in public school settings.

Students may organize and participate in religious activities before, during, and after school and have access to school facilities to the same extent students are permitted to organize and participate in other noncurricular activities to the extent that such access to or use of board facilities does not constitute a constitutionally impermissible endorsement or sponsorship of the organization or violate any right established or imposed by either the Alabama or United States Constitutions.

6.11 *Student Sexual Harassment*

6.11.1 Sexual Harassment Prohibited – Sexual harassment in any form that is directed toward students is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination (for employees) and expulsion (for students) as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies or child welfare agencies for further investigation and action.

6.11.2 Definition – For purposes of this policy, sexual harassment means unwelcome sexual advances, requests for sexual favors, other physical or verbal conduct or communications of a sexual nature, and any other gender-based harassment, whether initiated by students, school employees, or third parties, when:

- a. Submission to the conduct is made explicitly or implicitly a term or condition of the student's education, including any aspect of the student's participation in school-sponsored activities, or any other aspect of the student's education;
- b. Submission to or rejection of the conduct is used as the basis for decisions affecting the student's academic performance, participation in school-sponsored activities, or any other aspect of the student's education;

- c. The conduct has the purpose and effect of unreasonably interfering with a student's academic performance or participation in school-sponsored activities or creating an intimidating, hostile, or offensive education environment.

The following are examples of conduct that may constitute sexual harassment, depending on the circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic comments, the display of sexually suggestive objects or pictures, and sexual propositions;
- b. Repeated unwelcome solicitations of sexual activity or sexual contact;
- c. Unwelcome, inappropriate sexual touchings;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to the student's educational status.

6.11.3 Sexual Harassment Complaint Procedures Authorized – The Superintendent is authorized and directed to establish, implement and revise more detailed sexual harassment complaint procedures that are designed to provide students who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The procedures will be drafted so as to facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint, and will be drafted, explained, and implemented so as to be understandable and accessible to all student population groups and ages.

6.11.4 Initial Confrontation of Accused Harasser Not Required – A student who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. Students will be permitted to report allegations of suspected harassment to any appropriate Board administrator, teacher, counselor, or employee, and such persons have a duty to promptly refer such allegations to the Superintendent or to take such action as may be required by the procedures established under “Sexual Harassment Complaint Procedures Authorized” (6.11.3) above. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decisionmaking responsibility in connection with the processing of the complaint.

6.11.5 Notice of Policy to be Promulgated – The Superintendent will promulgate and disseminate this policy and the complaint procedures to the schools and will take such other steps and measures as may be reasonably available and expedient for

informing the school community of the conduct prohibited by this policy and the recourse available to students who believe that they have been subjected to sexual harassment.

6.12 *Protection of Pupil Rights Amendment*

6.12.1 Consent – The Board will obtain parental consent before students are required to participate in a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):

- a. Political affiliations or beliefs of the student or student's parent(s);
- b. Mental or psychological problems of the student or student's family;
- c. Sexual behavior or attitudes;
- d. Illegal, anti-social, self-incriminating, or demeaning behavior;
- e. Critical appraisals of others with whom respondents have close family relationships;
- f. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
- g. Religious practices, affiliations, or beliefs of the student or parent(s); or
- h. Income, other than as required by law to determine program eligibility.

6.12.2 Notice and Option to Opt Out – Parents will be provided notice and an opportunity to opt a student out of any of the following:

- a. Any survey that is designated to obtain protected information from a student, regardless of the source of funding;
- b. Any non-emergency, invasive physical exam or screening that is required as a condition of attendance, that is administered by the school or its agent, and that is not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and
- c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or for the purpose of selling or otherwise distributing the information to others.

6.12.3 Inspection – Parents will be allowed to inspect, upon request and before administration or use, the following:

- a. Protected information surveys of students;

- b. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
- c. Instructional material used as part of the educational curriculum.

6.12.4 Special Provisions for Certain Students – Students who are at least 18 years old and emancipated minors under state law will be allowed to take the above actions in lieu of their parents or guardians.

6.12.5 Additional Policies and Procedures Authorized – In consultation with parents, the Superintendent is authorized to develop additional policies, and arrangements to protect student privacy in the administration of protected information surveys and in the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The Board will directly notify parents of these policies and procedures at the beginning of each school year and after any substantive changes are approved.

6.13 *Student Records*

Educational records as defined by law or Board policy will be available for examination and review by authorized persons in the manner prescribed and to the extent required by law. Except where the context requires otherwise, the term “educational records” has the meaning given in 20 U.S.C. §1232g(a)(4). Copies of such records may likewise be provided to the extent required and under circumstances specified by applicable law or regulation. [Reference: 20 U.S.C. §1232g(a)(4); 34 CFR 99.3]

6.14 *Student Health Services*

The Board may offer limited student health services that are designed to address minor medical issues that may arise during the school day or to assist with special or chronic health problems. In cases of acute or contagious illnesses, parents or guardians may be notified and required to pick up the student. If a parent or guardian is not available, the principal or school nurse may contact the Department of Public Health. School officials are authorized to take reasonable and appropriate steps to provide or arrange for the provision of emergency medical services to students who require immediate medical attention. In case of illness or accidental injury not requiring immediate medical attention, standard first aid procedures may be followed. The Superintendent is authorized to develop and promulgate procedures, rules, and regulations concerning the taking, administration, and handling of medication, and the treatment of anaphylaxis at school consistent with state law and appropriate health standards.

6.15 *Student Conduct*

The Superintendent will prepare and present to the Board for adoption and periodic revision a Code of Student Conduct (“CSC”), with input from teachers, school personnel, students, parents and guardians, and other members of the education community and, as appropriate, the community at large. The CSC will comprehensively describe the rules and standards of conduct and discipline and the dress code that will be maintained and enforced within Escambia County Schools. The CSC will set forth the specific grounds for disciplinary action, the penalties, sanctions, or consequences that may be imposed for a violation of the CSC, the methods and procedures by which violations of the CSC will be determined, and any appeal or review procedures that are available to students. The CSC will incorporate applicable statutory and regulatory requirements, and the hearing and appeal procedures specified in the CSC will conform to applicable statutory and constitutional standards and requirements. The CSC may be incorporated in a student handbook and will be made available to all teachers, school personnel, students, parents and guardians at the beginning of each school year. The CSC will be deemed an extension of Board policy and will have the force and effect thereof.

6.16 *Searches (Students)*

- a. *Board Property* – All school system property, facilities, and grounds may be entered, inspected, and searched for any lawful purpose by Board officials or their designees at any time, without prior notice and to the fullest extent permitted by law. The right to enter, inspect, and search includes and extends to (but is not limited to) Board owned or controlled offices, desks, file cabinets, lockers, computers, files, documents, data, and devices however and wherever kept, stored, or maintained.
- b. *Personal Property* – Personal property, including but not limited to vehicles, purses, wallets, gym bags, book bags, cell phones, computers, and “personal digital assistant” (PDA) devices may be searched by authorized school officials, including school principals or their designees, when reasonable suspicion exists that the property contains prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety or welfare of the school community.
- c. *Personal Searches* – Students may be searched whenever reasonable suspicion exists that the student possesses prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety and welfare of the school community. Student searches must be conducted by a school administrator in the presence of another certified school employee and may include a private pat down of the student, a search of personal items and clothing, or a more thorough search upon specific approval of the Superintendent. Personal searches will be conducted with due regard for the age and gender of the student. Searches that require physical contact between the school official and the student, removal of clothing, or examination of the student in a way that would

implicate privacy concerns must be conducted and witnessed by officials of the same gender as the student and in a way that preserves the dignity of the student to the extent practicable under the circumstances. Refusal to submit to a search or to cooperate in a search as provided in this policy may be grounds for disciplinary action.

- d. *Use of Recovered Items* – Property, material, substances, information, or records that are obtained, discovered, or recovered as a result of a search may be retained and used for any lawful purpose.

6.17 Corporal Punishment

The Board allows reasonable corporal punishment of students under the following terms and conditions. Corporal punishment will be administered only as a disciplinary measure, with due regard for the age and physical condition of the student, and without excessive force. Corporal punishment will be administered by the school principal or his representative in the presence of another adult professional school system employee. Corporal punishment should not be administered in the presence of another student. The Superintendent is authorized to develop and implement procedures for administering and documenting corporal punishment, consistent with the terms of this policy.

[Reference: ALA. CODE §16-28A-2 (1975)]

[Reference: ALA. ADMIN. CODE §§290-3-1-.01, 290-3-1-.02]

6.19 Student Suspension (including Students with Disabilities)

In order to maintain order, minimize the risk of potential personal injury, property damage or disruption, or to permit an orderly investigation and evaluation of a suspected violation of school or school system rules, standards, or policies, principals may temporarily suspend a student pending a conference with the parent or guardian of the student and a final disciplinary decision. Suspension may also be imposed as a disciplinary measure as provided in the Code of Student Conduct. Suspensions will be counted as excused absences. Make up work will be permitted for such absences unless permitting such work under the circumstances would be impractical or impossible, would serve no purpose, would place school personnel at risk of harm, or would be unreasonable in light of the grounds for the suspension. Suspension of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations.

6.20 *Student Expulsion (including Students with Disabilities)*

Students may be expelled from school for offenses serious enough to warrant such action as provided in Code of Student Conduct or other Board disciplinary policies. Students who are recommended for expulsion may be suspended until such time as the Board meets to consider the recommendation for expulsion. Reasonable notice of the proposed action, the reasons therefore, and an opportunity to be heard will be afforded to the student and the student's parent or guardian prior to a final decision by the Board regarding expulsion. The Superintendent will notify the student or the student's parent or guardian, in writing, of any action taken by the Board. The term of an expulsion may extend to the maximum permitted by law. The Board may impose such reasonable limitations on the student's right to re-enroll in the school system following expiration of expulsion as may be permitted by law. A student who withdraws from school prior to the Board's consideration of a proposed expulsion may not re-enroll in the school system until the Board holds a hearing or other appropriate proceedings regarding the recommended expulsion. Expulsion of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act ("IDEA") and its implementing regulations.

6.21 *Electronic Communication Devices*

Personal, wireless communication devices include, but are not limited to cellular telephones, pocket pagers, email devices, "walkie talkies," or any other personal, wireless communication device. The use of personal, wireless communication devices by students is prohibited in all instructional settings, except when expressly permitted by the supervising teacher or administrator. The Board assumes no responsibility for theft, loss, or damage to any personal, wireless communication device. Principals or their designees have the authority to restrict and deny the use of personal, wireless communication devices by any student to prevent the misuse, abuse, or violation of school rules regarding the use of such devices. School officials may read, examine, or inspect the contents of any such device upon reasonable suspicion that the device contains evidence of a violation of Board policy, the Code of Student Conduct, or other rules.

[Reference: ALA. CODE §16-1-27 (1975)]

6.22 *Drivers' License*

6.22.1 Drivers' License – Unless exempted from the requirement by Board policy, a person under the age of 19 years may not under state law obtain a driver's license or a learner's permit without being enrolled in school or meeting alternative criteria established by law. Additionally, a driver's license may be suspended or revoked if a student withdraws or fails to attend school. Students may be exempted or excused from otherwise applicable statutory requirements if their withdrawal or nonattendance is caused by circumstances beyond the control of the student. Circumstances beyond the control of the student may be found with respect to:

- a. Students who are mentally or physically unable to attend school;

- b. Students who are regularly and legally employed in compliance with the provisions of the Child Labor Law; and
- c. Students who, because of the lack of public transportation, are compelled to walk more than two miles to attend a public school.

Students who are denied a driver's license by virtue of their nonenrollment may appeal a decision affecting the student's eligibility for a driver's license to the Superintendent. The appeal should be in writing and filed with the school principal within 15 days of the decision from which the appeal is taken, and should set forth the reasons on which the appeal is based. An appeal should be promptly forwarded to the Superintendent for review and final decision.

6.22.2 Administrative Procedures Authorized – The Superintendent is authorized to develop procedures to implement the provisions of this policy and to comply fully with state law.

[Reference: ALA. CODE §16-28-40, *et seq.* (1975)]

6.23 *Student Parking Privileges – Substance Abuse Policy*

In order to promote the safety and welfare of students and others who work on or visit school campuses, to encourage the development of safe and responsible driving practices, and to serve the general purposes of maintaining a drug and alcohol free school environment, students will be granted the privilege of driving and parking on school property only if they are free of the effects of alcohol or other illegal or controlled substances. Accordingly, any student who desires to drive a vehicle on school property or park on school property may be required to submit to periodically or randomly administered sobriety or drug tests as a condition to issuance of a permit authorizing the operation or parking of a motor vehicle on school grounds. Principals may impose reasonable additional conditions or requirements for the privilege of driving or parking a vehicle on school property including, for example, conditions relating to maintenance of academic and attendance standards and the payment of fees. Principals may also establish priorities for issuance and assignment of parking permits. The Board reserves the right to require that sobriety or drug tests or screenings be passed as a condition to maintaining parking or vehicle permits, or privileges relating to use of a motor vehicle. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board's substance abuse policies. All such testing or screening will be performed in accordance with local, state and federal laws and procedures that are developed by the Superintendent for approval by the Board.

6.24 *Student Competitive Extracurricular Activity Substance Abuse Policy*

In order to promote the safety and welfare of students who participate in competitive extracurricular activities, to insure that such participation is neither impaired nor any risk of injury exacerbated, to provide incentives to students to maintain safe and healthful

practices, and to promote a school environment that is free of alcohol and illegal drugs or controlled substances, the Board reserves the right to require any student who participates in extracurricular competitive programs or activities to submit to sobriety tests or screening for illegal drugs or controlled substances prior to, during, or following a competitive event, practice, competition, or at any other time while the student is under the supervision of the school system. Such testing or screening may also be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the student has used alcohol, illegal drugs, or other substances in violation of the Board's substance abuse policies. All such testing or screening will be performed in accordance with local, state and federal laws, and procedures that are developed by the Superintendent for approval by the Board.

6.25 *Harassment, Violence, and Threats of Violence and Suicide Awareness and Prevention*

6.25.1 Prohibition - No student shall engage in or be subject to harassment, violence, threats of violence, or intimidation by any other student that is based on any of the specific characteristics that have been identified by the Board in this policy.
