- 4.1.1 Security Measures Authorized – The Superintendent, principals, and facility administrators are authorized to take reasonable and lawful measures to protect against personal injury, trespass, vandalism, theft, and like threats to personal safety, property damage, and financial loss to or on Board property or at school functions and activities. The Superintendent should be made aware of any extraordinary or special measures that may be proposed in anticipation of or in response to any unusual security threat or risk (e.g., unusual surveillance, assignment of additional security personnel).
- 4.1.2 Access Restrictions Authorized – The Superintendent, principals, and facility administrators are authorized to regulate and restrict access to Board schools, buildings, and facilities in order to maintain appropriate security, minimize disruption and distraction within the learning environment, or to avoid a potential risk of harm to a student or employee. To that end, the Superintendent, principals, and facility administrators are authorized to implement building-level requirements and procedures governing access to Board owned or controlled buildings, grounds, property, events, and activities by school and non-school personnel, including family members and relatives, vendors, attorneys, and other visitors, and to adopt “check-in” and “check-out” requirements and procedures for students and employees.

For the purposes of this subsection, a K-12 school activity is an activity sponsored by a school in which students in grades K-12 are the primary intended participants or for whom students in grades K-12 are the primary intended audience including, but not limited to, school instructional time, after school care, after school tutoring, athletic events, field trips, school plays, or assemblies.

Adult sex offenders have a duty to comply with this policy, and it shall not be construed as imposing an affirmative duty of any kind on the school principal, his designee, or any other employee, agent, or representative of the school or school system.

[Reference: ALA. CODE §16-1-24.1, 25-5-330 (1975)]

4.2.7 Adoption of Statutory Penalties and Consequences – Persons who violate the Board’s prohibition of firearms, weapons, illegal drugs, or alcohol will be subject to all notification, referral, suspension, placement, re-admission, and other provisions set forth in ALA. CODE §16-1-24.1 and 24.3 (1975).

4.3 *Accreditation*

The Board will implement and adhere to such accreditation policies, principles, standards, and procedures as may be established or required by the accreditation division of AdvancED as a condition to receiving or maintaining accreditation.

4.4 *Use of Board Property*

4.4.1 Equipment, Supplies, Materials, Vehicles – Equipment, supplies, materials, vehicles, and other movable or consumable property owned by or under lease to the Board may not be used by or made available to persons or entities for private or personal use, benefit, or consumption, or for any non-Board related use or purpose. Such property may not be removed from Board premises except as necessary to serve a school or Board-related function or purpose, and with the knowledge and approval of the appropriate supervisor, administrator, or the Superintendent.

4.4.2 Use of Board Facilities – Schools and other Board owned or controlled facilities may be made available for use by sanctioned or generally recognized school support organizations if the use of the facility will not disrupt school operations or be inconsistent with the purpose and mission of the school system, and if adequate advance provision is made for security, supervision, maintenance, damage prevention, post-event clean-up, liability insurance, and other risk management measures appropriate to the proposed use. Use of Board facilities for non-school organizations may be approved if the foregoing conditions are satisfied and a rental contract (or the equivalent thereof) that includes a reasonable fee or rental charge and other appropriate terms and conditions is approved by the Board.

4.4.3 Advertising – Board property will not be used for commercial advertising except upon such terms and conditions as may be expressly approved by the Board. Those terms and conditions will include a requirement that any advertising on Board property will not be allowed if it is inappropriate for school-aged children or if it is for a product or activity that is prohibited on campus by applicable law or Board policy or procedure.

4.5 *Naming Board Facilities*

The Board shall have the authority to name facilities in the school system, as it deems appropriate.

4.6 *Complaints and Grievances*

- 4.6.1 General Complaints (Grievances) – Subject to the limitations set forth below and elsewhere in this policy manual, any employee or member of the public may present to the Board a concern, complaint, grievance, or request for corrective action regarding any aspect of school system operations. Before requesting corrective action or relief from the Superintendent or the Board, persons with such complaints, grievances, or requests should present them for resolution to the employee, supervisor, or administrator at the lowest administrative level who has the authority and ability to address the problem or to implement the requested action. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of complaints and grievances. Such procedures may not unreasonably burden or delay the presentation or processing of such matters, and will be subject to Board review, modification, and approval.
- 4.6.2 Limitations Regarding Availability and Application of General Complaint/Grievance Policy – The general complaint/grievance policy and any procedures adopted thereunder do not apply to specific complaint or grievance policies and procedures that are established by Board policy or law for application to special factual or legal circumstances (e.g., sexual harassment grievance procedures; review of personnel matters under the Students First Act; “due process” hearings provided under the Individuals with Disabilities Education Act). In such instances, the specific statutory, regulatory, or policy-based process is the applicable procedure. The general complaint/grievance procedures that are authorized under the terms of this policy may not be invoked for the purpose of challenging or seeking review or reconsideration of adverse personnel decisions that have received final Board approval. A grievance may be based on an alleged misapplication of Board policies, regulations, or procedures, but may not be used to challenge the Board’s exercise of its discretion to adopt, approve, modify, or repeal a policy, regulation, or procedure or on its failure to exercise such discretion (e.g., adoption of a school calendar, compensation policies, etc.).
- 4.6.3 Student Complaints and Grievances – Complaints, grievances, and requests for corrective action may be brought to the attention of the Board by or on behalf of students with respect to academic, athletic, extracurricular, or other non-disciplinary matters, issues, and concerns only after reasonable efforts to resolve the matter at the school and administrative levels have been exhausted. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of such complaints and grievances. Such procedures will not unreasonably burden or delay the presentation or processing of the complaint or grievance and will be subject to review and approval by the Board. Administrative judgments concerning academic or curricular matters or participation in extracurricular activities may be set aside by the Board only upon a showing that the action or decision in question is arbitrary and capricious, fundamentally unfair, or that it violates Board policy or the student’s legal rights.

- 4.6.4 Student Disciplinary Matters – The Board may consider appeals of student disciplinary decisions or actions in accordance with standards and procedures specified in the Code of Student Conduct.
- 4.6.5 Public Complaints – Nothing in this policy shall be construed to deny any member of the public the right to petition the board for consideration or action regarding any matter of public concern falling within the statutory jurisdiction of the board, provided that the person can demonstrate that he or she is impacted by the alleged violation to a greater extent than the impact on the public at large.
- 4.6.6 Americans with Disabilities Act Complaint Procedure
- a. *Complaint Criteria* – Persons who believe that they have been discriminated against on the basis of disability in the provision of services, activities, programs, or benefits covered by Title II of the Americans with Disabilities Act may file a written complaint with the ADA Coordinator.
 - b. *Complaint Form* – The complaint should be in writing and contain information about the alleged discrimination including the name, address, phone number of complaining party and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.
 - c. *Complaint Process* – The complaint should be submitted to the ADA Coordinator as soon as possible, but no later than thirty (30) days after the alleged violation. The ADA Coordinator will meet with the complaining party to discuss the complaint and possible resolutions. Within fifteen (15) calendar days of the meeting, the ADA Coordinator will respond in writing, and where appropriate, in a format accessible to the complaining party, such as large print, Braille, or audio tape. The response will explain the position of the Board and offer options for substantive resolution of the complaint.
 - d. *Appeal Procedure* – If the response by the ADA Coordinator does not satisfactorily resolve the issue, the complaining party may appeal the decision within fifteen (15) calendar days after receipt of the response to the Superintendent. Within fifteen (15) calendar days, the Superintendent will respond in writing, and where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.
 - e. *Records Retention* – All written complaints received by the ADA Coordinator, appeals to the Superintendent, and records relating thereto will be retained by the Board for at least three (3) years.

- f. *Additional Procedures Authorized* – The Superintendent is authorized to develop such procedures as are necessary to implement this policy.

[Reference: 42 U.S.C.A. §12131, *et seq.*]

4.7 Risk Management

The Board may obtain such liability and other forms of insurance or enter into such risk management agreements, pools, cooperatives, and like arrangements, agreements, or undertakings as it deems necessary and appropriate to meet legal requirements or to protect the Board, its employees, or its property from risk of loss.

4.8 Emergency Closing of Schools

- 4.8.1 Authority of Superintendent to Close Schools – The Superintendent is authorized to close schools if such action is warranted by weather conditions or other circumstances that pose a risk to the safety and welfare of students and employees, or that render meaningful instruction impossible (e.g., loss of power or other utility services).
- 4.8.2 Make-Up Dates – To the extent not provided for in the school calendar, any days lost by reasons of an emergency closing will be made up and a revised school calendar approved, if necessary, to reflect any extension or adjustment of the school year required by such action, unless approval to waive the days is obtained in accordance with state law.

4.9 Internet Safety and Use of Technology

- 4.9.1 Access to Technology Resources – The Board permits restricted and conditional access to and use of its technology resources, including but not limited to computers, the “Internet,” network storage areas, and electronic mail. Such access and use is restricted to employees, students, and other persons who are engaged in *bona fide* educational and administrative activities that serve and are consistent with identified educational objectives or authorized support functions, and who, by signing an “Acceptable Use Agreement,” agree to abide by all Board policies, rules, and regulations regarding technology use. The Acceptable Use Agreement will be developed by the Superintendent for approval by the Board.
- 4.9.2 Restriction or Loss of Technology Privileges – Persons who violate any Board policy, rule, or regulation regarding technology use may be denied use of the Board’s technology resources and may be subject to additional disciplinary action.
- 4.9.3 Ownership of Technology Resources and Data – All technology resources, including network and Internet resources, e-mail systems, and computers or other access devices owned, leased, or maintained by the Board are the sole property of the Board. Board personnel may, at any time and without prior notice, access, search, examine, inspect, collect, or retrieve information of any kind from the

Board's technology resources, including computer or related equipment, files, and data, to determine if a user is in violation of any of the Board's policies, rules, and regulations regarding access to and use of technology resources, for or in connection with any other matter or reason related to the safe and efficient operation or administration of the school system, or for any other reason not prohibited by law. Users of school system technology resources have no personal right of privacy or confidentiality with respect to the use or content of such resources.

4.9.4 Adoption of Rules and Regulations – The Superintendent is authorized to develop for Board approval additional or more specific rules and regulations regarding access to and use of its technology resources and to require adherence to such rules and regulations through such means as the “Acceptable Use Agreement” and application of appropriate disciplinary policies and procedures. Such rules and regulations will address or provide:

- a. Measures to block or filter Internet access to pictures that are obscene, that constitute child pornography, or that are harmful to minors;
- b. Restriction of access by minors to inappropriate material on the Internet;
- c. The safety and security of minors when they are using electronic mail, chat rooms, and other forms of direct electronic communications;
- d. Prevention of “hacking” and other forms of unauthorized use of or access to computer or Internet files, sites, databases or equipment; and
- e. Unauthorized disclosure, use, and dissemination of personal information regarding minors;
- f. Restriction of minors’ access to harmful material; and
- g. Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

4.9.5 Disclaimer – The Board makes no warranties of any kind, either express or implied, that the functions or the services provided by or through the Board's technology resources will be error-free or without defect. The Board will not be responsible for any damage users may suffer, including but not limited to loss of data or interruption of service.

[Reference: 47 U.S.C. §254(h) and (l)]

4.10 *Data Governance and Use*

The Superintendent is authorized to establish procedures governing the storage, use, and sharing of data maintained electronically by the school system. Such procedures shall

comply with applicable state and federal law and shall include provisions for data security (including physical security measures), access controls, quality control, and data exchange and reporting (including external data requests, and third party data use). Nothing in this policy or in any procedures authorized hereunder creates or expands any entitlement to confidentiality of records beyond that which is established by law or specific Board policy.

Any unauthorized access, use, transfer, or distribution of Board data by any employee, student, or any other individual may result in disciplinary action (up to and including termination for employees) and other legal action.

4.11 *Political Activity*

Board employees may participate in political activities to the full extent permitted by the United States Constitution and federal and state laws securing the right to engage in such activities, subject to the following restrictions:

- a. Employees may not appropriate Board property or resources for use in political campaigns, and may not engage in partisan political activities (including but not limited to the distribution of campaign material or literature) during regular school or duty hours on school property or at Board sponsored or sanctioned events, functions, or at activities at which the employee is on duty or assigned official responsibilities;
- b. Employees may not represent that their political beliefs or positions on political matters are those of the Board or other Board officials, or to falsely assert or imply that their political activities or positions are endorsed by or undertaken in the name of the Board or other Board officials;
- c. Candidates and representatives of candidates for political office may not be invited or allowed to address student groups except when such candidates are participating in a forum or like format that is designed to provide all candidates the opportunity to participate. Such forums may be conducted only for appropriate age groups, and with the advance approval of the school principal and the Superintendent; and
- d. Political signs may not be placed on schools or school board property. Campaign literature and other material may not be distributed on Board property during the regular school or work day, and may not be distributed at school or Board sponsored events or activities in a manner that impedes the normal and safe movement of pedestrian or vehicular traffic, that creates any other safety hazard or risk, or that disturbs or disrupts the function, activity, or event.

4.12 *Automatic External Defibrillator (AED)*

The Superintendent is authorized to develop procedures regarding the use of AEDs.

4.13 Service Animals

- 4.13.1 Purpose – The purpose of these procedures is to provide Escambia County Schools a system for responding to a request for a student with a disability to bring his/her service animal to school or to a school function.
- 4.13.2 General Statement of Procedures – Escambia County Schools will comply with all state and federal laws, regulations and rules regarding the use of service animals by students with disabilities under appropriate circumstances.
- 4.13.3 Definition of “Student with a Disability” – A student with a disability is defined as one who has been determined to be disabled by an appropriate team pursuant to the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act (Section 504).
- 4.13.4 Definition of “Service Animal” – As defined by Alabama Law and federal regulations implemented under Title II of the Americans with Disabilities Act (ADA), a service animal includes any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability including, but not limited to, a physical, sensory, psychiatric, intellectual, other mental disability or autism. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for purposes of this definition. (Note: The ADA regulations also include “miniature horses” in appropriate circumstances).
- 4.13.5 Definition of “Work or Tasks” Performed by a Service Animal – The work or tasks performed by a service animal must be directly related to the student’s disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effect of an animal’s presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for purposes of these procedures.
- 4.13.6 Persons Training a Service Animal – Under Alabama law, a person training a service animal is entitled to the same privileges granted to a student with a disability.
- 4.13.7 Procedures/Requirements – A request to bring a service animal to school by or on behalf of a student with a disability is subject to the following procedures and requirements:

- a. Parents/adult students must submit a written request to bring the service animal to school to the Superintendent's office, using the System's Form for such Request. The Request must identify and describe the service animal and what work or task(s) the service animal is trained to perform that is/are directly related to the student's disability. In addition, the individual requesting that the service animal attend school with a student must provide documentation that the animal is properly immunized as required under Alabama law and registered and licensed in accordance with all state and local animal licensing and registration requirements.
- b. Requests to bring a service animal on Escambia County Schools' property must, whenever possible, be made a reasonable time before bringing the animal to school to afford the System adequate time to properly address the request and make any necessary adjustments to the educational environment to accommodate the service animal's presence. A service animal may not be on school property without prior approval by the Superintendent or his/her designee.
- c. As part of the consideration of a request to bring a service animal to school, the School System can require proof of immunization and all animal licensing and registration requirements under applicable Alabama and local law. In addition, individuals who have service animals are not exempt from local animal control or public health requirements.

If the parent/student refuses to provide proof of immunization or proper licensing or registration of the animal as required by Alabama or local law, the School System may refuse to allow the student to bring the service animal to school.
- d. Once the School System has received a formal request for a student to bring a service animal to school, a meeting of the student's IEP or 504 Team (as applicable) will be scheduled and convened. The Team will conduct a case-specific inquiry as to whether the animal meets the definition of a service animal that performs work or tasks directly related to the student's disability.
- e. If it is decided that the service animal will be allowed to accompany the student to school, the Team will also discuss a plan for introducing the service animal to the school environment, any appropriate training for staff and students regarding interaction with the service animal, and other activities or conditions deemed necessary by the Team.
- f. The issue of allowing the service animal to accompany the student to school is subject to periodic review, revision or revocation by the student's IEP/504 Team and at least annually.

- g. Service animals must wear proper identification and always have a harness, leash, tether or other form of proper restraint mechanism, unless the handler is unable because of a disability, to use a harness or other form of restraint mechanism or the use of a harness or other restraint would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).
- h. Escambia County Schools is not responsible for the care or supervision of a service animal. Arrangements for the care/supervision of the service animal must be made by the parent/adult student and any costs incurred to handle the service animal will be the responsibility of the parent/adult student.

Under Alabama law, any aide assigned to assist the student must be trained with the service animal in basic commands in order to assist the student as a team. In addition, the school may need to provide some assistance to enable a particular student to handle his or her service animal, particularly where the student is the handler.

- i. Escambia County Schools retains the discretion to exclude or remove a service animal from its property if:
 - i. the animal is out of control and/or the animal's handler does not effectively control the animal's behavior;
 - ii. the animal is not housebroken;
 - iii. the animal poses a direct threat to the health or safety of others that cannot be eliminated by making reasonable modifications; or
 - iv. the animal's presence would constitute a fundamental alteration in the School System's programs/activities.
- j. The parent/ student, depending upon the circumstances and applicable law, may be deemed liable for any damage to school property and any injury to individuals caused by the service animal. Alabama law specifically provides that a person accompanied by a service animal is not necessarily relieved of liability for damage done by the animal. In addition, federal law provides that if the School System normally charges students for damages caused, then that student may be charged by damages caused by the service animal.
- k. If it is determined that the student will not be allowed to bring his/her service animal to school, that determination will be considered a

grieveable discrimination issue and subject to the Escambia County Schools' internal grievance procedures. Parents also may be entitled to initiate a due process hearing under the IDEA or Section 504 if they claim that the refusal constitutes a "denial of FAPE" to the student under the IDEA or Section 504.
