"Creating Generations of Excellence"

Superintendent: Lisa Berckenhoff

TO: Members of the Press
FROM: Lisa Berckenhoff, Superintendent of Ezzell ISD
RE: Press Release
DATE: 6/24/19

As many members of the community are aware, Ezzell Independent School District filed a request for a temporary injunction with the Lavaca County District Court to prevent the construction of a cell phone tower next to the school. Judge Crawford has ruled against Ezzell ISD's request, and the construction of the tower will go forward.

Please know that the health and safety of the District's students, faculty, and staff has always been and will continue to be a top priority. The District is grateful to its employees, as well as the local community, for their enthusiastic dedication to preserving the well-being of everyone in our District.

If you have any questions or concerns about any activities related to the construction of the tower and its relationship to Ezzell ISD, we ask that you contact the District for more information. Rest assured that we will continue working diligently to maintain a safe and welcoming place where students can reach their potential. Thank you for your continued support of our students!
