

Winterim Program

Ever wondered about your family genealogy or what it would be like to play golf with a PGA Pro? In 2014, Faith Lutheran High School started Winterim to provide each student with educational experiences outside of the traditional classroom setting.

18 students participated in a Culinary Arts class hosted by Confetti Gourmet in Crystal Lake, IL. Each student was taught how to make a variety of unique entrees and desserts! Yummy!

This photo was captured during the Party Planning class. Students learned different games to play and fun appetizers to make!. As shown in the picture, they also made Gingerbread houses. Some turning out (well...) better than others!

Faith offered a knitting class. Mrs. Watson (math teacher at Faith) taught each of the students how to make homemade items such as hot-pads and scarves!

(Classes are held the first week in January)

For a full listing of all the courses offered during Winterim, please go to www.faihlhs.org
