November 13, 2018

Dear FCSS Community:

The Accountability Division of the Georgia Department of Education publishes the College and Career Ready Performance Index (CCRPI) each year. The CCRPI measures how well schools and districts are preparing students for the next educational level, and it includes five main components: Achievement, Progress, Closing Gaps, Readiness, and Graduation Rate. The CCRPI provides a comprehensive roadmap to help promote and improve college and career readiness for all students.

We are pleased to share that the Fannin County School System's district level CCRPI score is 81.8, which is above the state average of 76.6. Fannin's score is the highest among all neighboring Georgia districts, and it is the highest of all districts in the Pioneer RESA (a group of 15 school systems throughout the northern part of Georgia).

In the words of Benjamin Franklin, "Well done is better than well said." It is important to celebrate success, and the Fannin County School System could not be more proud of our school community. Whether you are a student, parent, or a faculty or staff member, please know that your hard work and dedication to learning makes a difference – Congratulations FCSS!

Sincerely,

Michael Gwatney, Ed.D.
Superintendent

Sarah Rigdon
Director of Achievement
