

Frankfort-Elberta Area Schools Student Photo/Video Release Form

This form explains potential uses of student photographs and video images by the Frankfort-Elberta Area Schools and allows you, the legal guardian, to grant or deny permission to FEAS to release your child's image for display or publication. Frankfort-Elberta Area Schools will never place your child's name with any publication distributed off school grounds unless written consent is given by the legal guardian.

Frankfort-Elberta Area Schools use internal and external media to highlight the K-12 experience in a variety of ways, which may include the use of photographs and videos of students. For example, student images may be published or displayed in printed materials (such as brochures and newsletters), videos, school websites, and information about school events and activities provided to external organizations and media outlets.

Parents have two options for granting or denying consent:

- Parents may deny permission for their child's image to be published or displayed in print, video, and/or digital media for any display or publication. You should select this option if you do not want your child's photograph to be used on the Frankfort District or School websites, uploaded to online media sources, in school publications, or in release to external organizations (such as Panther Parents) or the media.

- Parents may grant permission for their child's image to be published or displayed in print, video, and/or digital media. Selecting this option means that your child's photograph may appear in school publications, on the FEAS website, and may be released to external organizations (such as Panther Parents) or the media.

Please complete this form and have your child return it to his or her school. This consent form remains valid throughout your child's K-12 experience with the Frankfort-Elberta Area Schools or until a new form is completed and signed by a parent/guardian or eligible student.
