

# Ed Bryant Foundation

Do you have a **creative and innovative** idea you feel will enhance student learning but need funds to implement it?

The Ed Bryant Foundation has opened a new round of mini-grants to be awarded in May!

**Any faculty and staff can apply!**

Potential grant requests may include technology, hands-on learning items for classroom activities, education field trips, professional learning opportunities, and many other exciting possibilities - you decide, then tell us why.

Information you will need, including the application, instructions and the scoring rubric we use to evaluate submissions, is available on the FCSS website. Just click the Ed Bryant Foundation link.

There is no longer a \$1,000 limit, so please feel free to request what you feel you need to best benefit our students.

The Ed Bryant Foundation was established by Mr. Bryant to support innovative and creative instruction and enhance student learning opportunities which are not funded in the school system budget.

All applications must be sent to Ed Bryant Foundation, Inc., PO Box 250, Carnesville, GA 30521 and received by 4:00pm on April 26, 2010. They will be scored based on the rubric available on the FCSS website. Please follow instructions carefully.

**Good luck to all who apply. Our students are the ultimate winners!**
