Dear Parent/Guardian,

The PA Department of Health has changed school immunization requirements beginning August 1, 2017.

Under the new regulations, **ALL** students must be fully immunized by the **FIRST** day of school, or they will be recommended for **EXCLUSION** from school.

If your child's immunizations are **NOT** up to date and additional doses are required, but are not medically appropriate to be given due to spacing, you must provide a medical certificate detailing the schedule for the remaining doses.

This certificate must be submitted no later than the **FIFTH** day of school.

The medical certificate must be **SIGNED** by a physician, certified registered nurse practitioner (CRNP), or physician assistant (PA).

The medical certificate will be reviewed at least every 30 days, and those who do not follow the schedule will be recommended for exclusion from school.

### THIS IS **STILL** IN EFFECT FOR **GRADE 7...**

One dose of meningococcal conjugate vaccine (MCV) for entry into 7th grade

One dose of tetanus, diphtheria, acellular pertussis (Tdap) for entry into 7th grade grade

### THIS IS **NEW** FOR **GRADE 12 ...**

Second dose of meningococcal conjugate vaccine (MCV x2) for entry into 12th grade.

Please make all appointments **BEFORE** the start of the 2018-2019 school year, so that your child is in full compliance on the first day of school.

Thank you,  
Frazier School Nurses
