No official action may be taken by the School Board at any time other than an official meeting.

- (1) Regular School Board meetings shall be established at the organizational meeting which is held in November following the general election. As provided by Florida Statutes, any regular or special meeting may be held at any other appropriate public place within the District by giving prior public notice of at least forty-eight (48) hours. This rule shall not preclude the right of any citizen to address the School Board; however, except for good cause as provided herein, the School Board shall not take action on any substantive proposal until such matter has been formally placed on the School Board agenda. Copies of the agenda for regular meetings shall be made available at least seven (7) days prior to the scheduled meeting date to the public or other parties who have expressed a desire for such copy of the agenda. If a question should arise in regard to the granting of a request, the Superintendent and the chairperson shall confer and make a decision.

- (c) At any School Board meeting, unless otherwise ordered by majority consent of the Board members present, the maximum amount of time allowed for presentation of, and discussion on, the subject matter of any such request shall be thirty (30) minutes, distributed as follows: ten (10) minutes to the maker of the request; ten (10) minutes to any opponent of the proposition of such maker; and ten (10) minutes for questions and discussion by the Superintendent and the Board. SCHOOL BOARD RULES

2.23*

As used in these rules, the term *rule* and *policy* shall have the same definition.

These rules may be amended, repealed, or a new rule adopted as hereinafter prescribed. The term *rule* is defined in Florida Statutes; it does not include “curricula by an educational unit,” thereby, removing the development or prescription of curriculum by a School Board from the procedural requirements established for rule making.

- I. Unless an emergency exists, any proposal relating to a rule amendment, the repeal of any rule, or the adoption of a new rule shall be presented in writing to the School Board including a written explanation of the proposal.
 - A. The Superintendent shall give immediate and proper written notice to the public pursuant to the provisions of Florida Statutes, when the School Board has determined that it will give due consideration to the proposal for adoption, amendment, or repeal of a rule. The notice of a public hearing shall be advertised twenty-eight (28) days prior to the date of the hearing. The notice shall include a brief and concise explanation of the proposed rule’s purpose and effect, the estimate of economic impact to all individuals affected by the proposed rule or rule amendment, the specific legal authority for the School Board’s action, and the location where the text of the proposed change may be obtained.
 - B. Any person who is substantially affected by a proposed rule, rule amendment, or the repeal of a rule, may within twenty-one (21) days following notice of intent to adopt or repeal such rule, file a written request with the School Board seeking an administrative determination as to the validity of the proposed rule action.
 - C. The Superintendent shall file immediately in his/her office a copy of any new rule, rule amendment, or repeal of rule adopted by the School Board; policy handbooks shall be amended accordingly.
 - D. Such rules shall become effective upon adoption by the School Board unless a time certain date is specified therein.
- II. Any person substantially affected by an existing School Board rule may petition the Division of Administrative Hearings, Florida Department of Administration, to conduct a hearing on the rule validity pursuant to Florida Statutes. Any hearing examiner’s decision which is adverse to the School Board may, upon the School Board’s appeal, be judicially reviewed. Any hearing examiner’s decision which is adverse to the person substantially affected may, upon that person’s appeal, be judicially reviewed.
- III. The School Board may determine that the public health, safety, or welfare is endangered and that immediate action is required to protect the public interest. When this occurs, the School Board, at any meeting in which a quorum is present, may adopt emergency rules, without complying with the waiting period as provided in section I. herein for public hearings and other similar requirements. The Superintendent shall properly record the effective date for any such emergency rule. Any emergency rule shall not be valid in excess of ninety (90) days from the adoption or effective date.
- IV. Any School Board employee, citizen, or agency may obtain information relating to the method for proposing a rule or may submit a rule proposal to the Superintendent’s office.

- V. A copy of the compiled rules shall be available for inspection in the Superintendent’s office, the principal’s office, and in the library of any school.
- VI. Copies of the School Board rules shall be assigned to various positions within the District as determined by the Superintendent.
 - A. A copy of any rule change shall be made available by the Superintendent to each holder of the compilation who shall be responsible for entering all changes immediately upon receipt.
 - B. A copy of the School Board rules manual shall be available to all staff members either in the principal’s office or school library. The school principal shall keep the compilation current.
 - C. The principal shall inform his/her staff members of the location of the School Board rules and any changes.
- VII. A School Board rule may be waived only to provide and implement overall goals and objectives of the School Board and to protect and preserve the health, safety, and welfare of the affected individual(s). Waiver of a School Board rule shall be addressed and a decision rendered regarding its waiver at a regular, special or emergency School Board meeting. A waiver of a School Board rule shall not render the policy void with respect to the continued implementation of the rule which is sought to be waived not to the application of said rule to said situations which may arise in the future.
- VIII. Any citizen may appeal to the Board for a variation or waiver with regard to any policy. The appeal process shall be that a written request shall be made to the Superintendent who shall review the matter and present recommendations to resolve the problem at the next regular School Board meeting to which the item may be added as a part of the agenda. In cases where an appeal process has been developed for a specific policy, the appeal shall be made in accordance with that procedure.

REPORTING CHILD ABUSE

2.80

I. Definitions of Child Abuse, Abandonment or Neglect

- A. *Abuse* means any willful or threatened act that results in any physical, mental or sexual injury or harm that causes, or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Abuse of a child includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.
- B. *Abandonment* means a situation in which the parent or legal custodian of a child, or in absence of the parent or legal custodian, the caregiver responsible for the child's welfare, while being able, makes no provision for the child's support and makes no effort to communicate with the child, which situation is sufficient to evince a willful rejection of parental obligations.
- C. *Neglect* occurs when a child is deprived of or is allowed to be deprived of, necessary food, clothing, shelter or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired. The foregoing circumstances shall not be considered neglect if caused primarily by financial inability, unless actual services for relief have been offered and rejected. A parent or legal custodian legitimately practicing religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child shall not, for that reason alone, be considered a negligent parent or legal custodian.

II. Notification of Responsibility

A notice providing the following information shall be posted in a prominent place in each school:

- A. All employees of the District have the responsibility to report all actual and suspected cases of child abuse, abandonment or neglect; immunity from liability if they report such cases in good faith; and the responsibility to comply with child protective investigations and all other provisions of law related to child abuse, abandonment or neglect.
- B. Statewide toll-free telephone number for the central abuse hotline.

III. Prohibition Against Child Abuse, Abandonment or Neglect

The School Board strongly prohibits any action or omission constituting child abuse, neglect, or abandonment by any of its employees, agents, volunteers, or by other persons affiliated in any way with the School District. Further, all employees, agents, and volunteers of the School District must comply with Florida law requiring reporting of child abuse, neglect, or abandonment.

IV. Requirements for Reporting Child Abuse, Abandonment or Neglect

- A. Florida Statute requires that any person, including, but not limited to, any
1. Physician, osteopathic physician, medical examiner, chiropractic physician, nurse, or hospital personnel engaged in the admission, examination, care or treatment of persons;
 2. Health or mental health professional other than one listed in 1.;
 3. Practitioner who relies solely on spiritual means for healing;
 4. School teacher or other school official or personnel;
 5. Social worker, day care center worker, or other professional child care, foster care, residential, or institutional worker; or
 6. Law enforcement officer or judge

who knows, or has reasonable cause to suspect, that a child is abused, abandoned, or neglected by a parent, legal custodian, caregiver, or other person responsible for the child's welfare, shall report such knowledge or suspicion to the Department of Children and Family Services.

- B. Each report of known or suspected child abuse, abandonment, or neglect shall be made immediately to the Department of Children and Family Service's abuse hotline, on the single statewide toll-free telephone number. The teacher or staff member may also contact the principal, a school designee, district office or support person to let them know the case has been reported, and for their own documentation and protection file a District County Schools Child Abuse Incident Referral Report.
- C. Reporters in the categories specified in A. above, will be required to provide their names to hotline staff. The extent of confidentiality of the reporter's name, with respect to the Department's records, is governed by Florida Statute.
- D. In accordance with state law, the Department of Children and Family Services, in conjunction with applicable law enforcement agencies, are responsible for investigating allegations of child abuse, abandonment, or neglect.
- E. Complaint Against School District Employee, Volunteer or Agent - If a complaint is made against a School District employee, volunteer, agent or other person affiliated with the School District which, if true, would constitute child abuse, neglect or abandonment by that person, that complaint shall be immediately forwarded to the Superintendent. The Superintendent shall forward the complaint to the Department of Children and Family Services for investigation as provided by statute. The person accused of child abuse, abandonment or neglect may be suspended or reassigned from duties involving interaction with children pending investigation of the allegations. If the allegations are substantiated by the Department of Children and Family Services, the Superintendent shall take appropriate disciplinary action. School District staff shall in good faith cooperate with, and participate only as directed by, the Department of Children and

Family Services and law enforcement during the investigation, and with respect to any subsequent criminal proceedings.

- F. When a report of child abuse, neglect or abandonment has been made to the Department of Children and Family Services or law enforcement agencies, a teacher, staff member, volunteer or agent should not take it upon himself/herself to interview the child, talk with the suspected abuser, discuss the allegations with other potential witnesses or otherwise investigate the case. Nor should a teacher, staff member, volunteer or agent divulge information relating to the complaint to persons other than school officials, the Child Protection Team, the Department of Children and Family Services, law enforcement, the State Attorney or other court designee. If a parent, caregiver, or legal guardian desires information related to a complaint of child abuse, that person should be directed to contact the Department of Children and Family Services and/or the applicable local law enforcement agency.
- G. Florida Statute provides that a person required by state law to report child abuse, abandonment, or neglect, but who willingly and knowingly fails to do so, or prevents another from doing so, is guilty of a first degree misdemeanor. Likewise, knowingly and willingly filing a false report of child abuse, neglect, or abandonment or advising another to do so constitutes a third degree misdemeanor.
- H. Child Abuse Prevention Training for School District employees, staff, volunteers shall be provided in compliance with and as specified in Florida Statute.

The purpose of the Gadsden County School Board Procurement Card (PCard) is to provide persons the ability to make purchases when a purchase order is not feasible. This policy is to communicate the proper use of the PCard including restrictions, consequences for misuse and the roles and responsibilities of Cardholders, Account Managers and Business Managers.

1. PCard Program Overview

- (A) Possession and use of a Gadsden County School Board Procurement Card is a privilege and should be protected and treated with the utmost care. The PCard is a credit card that provides a cost effective, convenient, method for staff and faculty to ONLY purchase authorized goods, services and travel expenses directly for and by Gadsden County School District. The PCard may be used when a Purchase Order (PO) or the reimbursement is not an option. NO PERSONAL PURCHASES ARE ALLOWED.
- (B) The Gadsden County School Board is liable to the financial institution issuing the PCards (the "PCard Vendor") for the charges and remits payment directly to the financial institution.
- (C) A PCard purchase must be for business purposes only and in full compliance with all state, Gadsden County School Board and PCard Vendor regulations, policies and procedures.
- (D) Generally within seven (7) calendar days of the transaction, the Cardholder must provide to the Finance Department sufficient documented evidence of the business purpose of the purchase. Such evidence must be provided in a form or terms easily understood by an internal or external reviewer.
- (E) The Cardholder is responsible for ensuring that any expense paid with the PCard is not otherwise submitted for reimbursement or used for any inappropriate purpose.
- (F) The Cardholder's failure to use the card in compliance with this policy, depending upon the severity of the infraction, will subject the Cardholder to the consequences described in Section 4 of this PCard Policy.
- (G) The PCard is just one method offered to make purchases. If Cardholders need to make multiple purchases from a vendor, they should consult Accounts Payable to determine the best procurement method for the purchase.

2. Prohibited and Restricted Items Table

- (A) All Cardholders and Account Managers and Directors will adhere to the following guidance:

An expenditure of state funds must be authorized by law, and the expenditure must meet the intent and spirit of the law authorizing the payment. All applicable statutes and Gadsden County School Board regulations, policies and procedures apply not only to purchases made on the PCard, but to any purchases made using institutional funds.

Each Cardholder must comply with the requirements provided in the Gadsden County School Board PCard Policy. It should be noted that state funds cannot be expended for personal purchases of employees or others or to make unauthorized purchases, REGARDLESS OF ANY INTENT TO REPAY.

- (B) For purchases where special conditions are provided, Cardholders must attach the necessary written approval and documentation to the receipt for audit purposes.

3. Misuse of PCard/Program

Gadsden County School Board must safeguard its assets and protect its funds from misuse and fraud. All members of the School Board community involved in the use or administration of the PCard program have a responsibility to report known or suspected misuse of the PCard or the PCard program.

- (A) Finance or any other individuals suspecting or documenting misuse of the PCard will report such to the appropriate Supervisor. The Assistant Superintendent for Business and Finance will proceed with further investigation.
- (B) Alternately, if fraud is suspected at any time, the information and documentation will be forwarded immediately for further investigation. Supervisors will take no action to resolve any alleged misuse before consulting with the Superintendent.

Upon completion of the Superintendent’s investigation, a report on the findings will be sent to the Supervisor, Assistant Superintendent, and General Counsel as appropriate.

- (C) All parties will handle reports of and investigations of suspected misuse or fraud in a confidential manner until the School Board makes a final determination of final action.

4. Consequences of Misuse

The frequency of misuse and the intent behind such misuse will dictate the severity of consequences for each infraction. The department will provide documentation and information to support each infraction. The Superintendent will review the information and documentation and consult with the Assistant Superintendent for Business and Finance and General Counsel to determine the appropriate consequence for each infraction.

- (A) Sporadic minor infractions or infractions found to be unintentional will be noticed in writing to the Cardholder, the Account Manager, and the Supervisor. This notice is intended as a preventive/corrective measure.
- (B) Cardholders will immediately reimburse Gadsden County School Board for all inappropriate charges. In the event that the reimbursement is not made to the School Board within seven (7) calendar days, the School Board may deduct the amount from any monies due to the Cardholder, including Cardholder's salary. However, reimbursement by Cardholder will not prevent disciplinary action or criminal action if appropriate.
- (C) The PCard will be deactivated, and Cardholder will be required to read the User Guide again before the PCard may be reactivated.
- (D) A pattern of misuse by the same Cardholder will be referred to the Superintendent for investigation.
- (E) Depending on the severity of misuse, the following additional consequences may apply:
 - (i) PCard limits will be reduced;
 - (ii) PCard will be revoked;

- (iii) Disciplinary action against the Cardholder up to and including employment termination may occur; and/or
- (iv) Criminal prosecution.

5. **PCARD Limits**

- (A) There are two separate limits within the PCard program that offer management of risk and exposure. These limits will be established by the Assistant Superintendent for Business and Finance based on the Cardholder's legitimate needs.
- (B) The Supervisor can make a written request for permanent increases to PCard limits by providing written justification for the increase(s).
- (C) The PCard Administrator is the principal custodian of the records of transactional limits for all Cardholders.

6. **Audits**

- (A) All PCard transactions are subject to random and periodic review by both internal and external auditors.
- (B) Audits may be performed by the Gadsden County School Board, the Florida Auditor General's Office, or any other external audit agency.

7. **Tax Exemption**

- (A) Gadsden County School Board is an educational institution and is therefore exempt from paying sales and use taxes on most commodities and services.
- (B) All Cardholders, Account Managers and Supervisors are responsible for being proactive in avoiding the unnecessary payment of sales and use tax on all PCard transactions.

8. **Cardholders**

- (A) Cardholders who transfer to a new position within the School District and require the use of a procurement card as part of their new duties, will be issued a new card. Cardholders that do not require a procurement card in their new position, must cancel their card.
- (B) Prior to their separation from the School District, Cardholders must surrender their procurement card to the Procurement Card Administrator in the Finance Department.
- (C) Procurement Cards remain the property of Gadsden County School Board and must be surrendered immediately upon termination of employment, or upon request for any reason by an authorized person such as your supervisor or the Assistant Superintendent for Business and Finance.

CHAPTER 4.00 - CURRICULUM AND INSTRUCTION

INSTRUCTIONAL MATERIALS SELECTION

4.21

The School Board shall be legally responsible for the instructional materials used in the operation of District schools. Responsibility for the selection and management of the material is that of the principal of the school. The principal is also responsible for assuring that instructional materials are used to provide instruction to students enrolled at the grade level or levels for which the materials are designed and for effectively communicating to parents, as defined by Florida Statutes, the manner in which instructional materials are used to implement the curricular objectives of the school.

- I. The following standards will be used to determine the propriety of instructional materials for selection:
 - A. The age of the children who normally could be expected to have access to the material,
 - B. The educational purpose to be served by the material, with priority being given to the selection of materials that encompass state and District performance standards,
 - C. The consideration of the racial, ethnic, socioeconomic, and cultural diversity of the district,
 - D. The degree to which the material would be supplemented and explained as part of normal classroom instruction.

Consideration should be given to recommendations made by District committees who have reviewed the available material in a subject area. No books or other material containing hardcore pornography or other material prohibited by Florida Statute shall be used.

- II. No school may participate in a pilot program of materials being considered for adoption by the state during the eighteen (18) months prior to the official adoption of the materials by the Commissioner of Education. However, publishers, manufacturers, and/or agents are not prohibited from supplying sample copies of materials necessary for examination and review as part of the selection process.
- III. The principal of the school will provide to the Superintendent's designee prior to April 1 a list of selected materials planned for purchase for a subject during the first two (2) years of the state adoption cycle. If nonadopted materials are selected, a list of the titles and publishers will be provided with documentation that the selections and reasons for the selections have been reviewed and approved by the School Advisory Council.
- IV. The Superintendent or designee shall notify the Department of Education by April 1 of each year the state-adopted instructional materials that will be requisitioned for use in the District.

- V. The principal is to collect from each pupil or the pupil's parent the purchase price of any instructional material the pupil has lost, destroyed, or unnecessarily damaged and to report and transmit such amounts collected to the Assistant Superintendent of Finance. If the material is lost or destroyed during the first year of use, the purchase price of the material shall be collected. If the material has been in use for more than one year and is in the current adoption period, a sum ranging between fifty (50%) and seventy-five (75%) percent of the purchase price shall be collected. If the material is damaged, the sum shall be determined by the physical condition of the book. Upon reasonable effort by the principal to collect the sum, failure to satisfy the debt may result in the suspension of the pupil from participation in extracurricular activities or satisfaction of the debt by the pupil through community service activities at the school site as determined by the principal. The principal may not delay the transfer of a pupil's permanent record or delay the awarding of grades due to failure of payment of assessment on lost, destroyed, or damaged materials.
- VI. The principal, when requested by the parent of a pupil in the school, shall sell to the parent any instructional materials used in the school. The costs of the materials to the parents would be prorated based on the original purchase price, number of years of adoption, and number of years used.
- VII. All money collected from the sale, loss, or damage of instructional materials shall be transmitted to the Finance Department to be deposited in the District school fund and added to the District appropriation for instructional materials.
- VIII. Principals shall see that all books are fully and properly accounted for annually.

BULLYING AND HARASSMENT

5.321*

The Gadsden County School Board prohibits acts of bullying and harassment. The School Board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Bullying or harassment, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment. Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate bullying or harassment is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

Bullying or harassment is any gesture or written, verbal, graphic, or physical act (including electronically transmitted acts – i.e. internet, cell phone, or wireless handheld device) that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression; or a mental, physical, or sensory disability or impairment; or by any other distinguishing characteristic. Such behavior is considered harassment or bullying whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle.

I. Statement Prohibiting Bullying and Harassment

- A. It is the policy of the Gadsden County School District that all of its students and school employees have an educational setting that is safe, secure and free from harassment and bullying. The District will not tolerate bullying and harassment of any kind. Conduct that constitutes bullying and harassment, as defined herein, is prohibited.
- B. The District upholds that bullying or harassment of any student or school employee is prohibited:
 - 1. During any education program or activity conducted by a public K- 12 educational institution;

- B. The District believes that standards for student behavior must be set cooperatively through interaction among the students, parents/legal guardians, staff, and community members producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for District and community property on the part of students, staff, and community members. CHAPTER 5.00 – STUDENTS

EXPULSION OF STUDENTS

5.34

The school principal may recommend to the Superintendent the expulsion of any student who has committed a serious breach of conduct including, but not limited to: willful disobedience; open defiance of authority of a School Board employee; violence against persons or property or any other act which substantially disrupts orderly conduct of the school. The school principal or designee shall recommend to the Superintendent the expulsion of any student who has violated School Board rules which require expulsion. Mandatory expulsion includes, but is not limited to: possessing, using or being under the influence of a controlled substance including alcohol on school grounds or at any school-sponsored activity; giving or selling intoxicating beverages, controlled substances, drugs, or counterfeit drugs to any person on school grounds or at any school-sponsored activity; threatening or using a weapon against any person; any felonious act; and, conviction of a felony.

- (1) The following procedures shall be observed when a student is suspended with a recommendation of expulsion:
 - (a) The Superintendent or designee shall receive and review recommendations for expelling a student from the school principal or designee who is directly charged with the supervision of the student concerned. These recommendations shall be submitted in writing to the Superintendent by the individual and shall indicate the grounds for the recommendation. The student's parent(s) or legal guardian or the adult student shall be notified in writing to inform them of the recommendation and to provide a reasonable opportunity to meet with the principal to discuss the recommendation and shall receive a copy of the recommendation submitted to the Superintendent. Such notification shall be sent by certified mail or by regular mail if the parent(s) or legal guardian or the adult student has been notified in person.
 - (b) A preliminary investigation shall be conducted in accordance with the following:
 - (i) The Superintendent or designee shall direct an investigation based on the school's recommendation within five (5) school days of receipt of a recommendation for expulsion. The student's parent(s) or legal guardian or adult student shall be informed that the investigation is being conducted in a manner reasonable calculated to notify them. The Superintendent or designee may extend an existing school suspension pending the results of the investigation when reasonable belief exists that the student's return to school or continued attendance at school is detrimental to the student,

school staff, and other students or tends to interrupt the orderly conduct of the educational process.

- (ii) The Superintendent shall inform the student's parent(s) or legal guardian or adult student by certified mail of the suspension or extended suspension. If requested, the student's parent(s) or legal guardian or adult student shall be given a hearing with the Superintendent or his/her staff to challenge the extension or imposition of a suspension. Such hearing shall be informal in nature and shall be granted upon an oral or written request.
 - (iii) All interested parties shall be immediately informed in an appropriate manner when the Superintendent's investigation reveals that no reasonable basis exists for an expulsion recommendation to the School Board. The student shall immediately be readmitted to school with no penalty imposed for absences related to the investigation; this does not include the initial school suspension if reasonable in nature. Student records shall be properly annotated to indicate that grounds for expulsion were insufficient.
 - (iv) All necessary school personnel shall cooperate in the investigation. Inquiries shall be made into alternatives to expulsion before further proceedings are initiated. The student's parent(s) or legal guardian or adult student shall be informed of any feasible alternatives and appropriate changes shall be made in the student's assignment or program to avoid expulsion proceedings. Any changes shall be based upon sound educational reasons and upon a reasonable belief that such a change will alleviate the problems leading to the school expulsion recommendation.
 - (v) The Superintendent may develop routine procedures and forms for gathering data relating to expulsions. Such forms and procedures shall be internal administrative matters.
 - (vi) Investigations shall be conducted with deliberate speed, considering the nature of the facts underlying the school's recommendation and the characteristics of the student and his/her program.
- (c) Charges and the notice of the right to a hearing shall be governed by the following:

- (i) Charges shall be made when a preliminary investigation is completed and there is reason to believe grounds exist for expulsion. The basis of the charges shall be specified with the Superintendent's recommended action, including specific allegations of fact to support the recommendation.
 - (ii) Charges shall be served upon the student's parent(s) or legal guardian or adult student in a manner reasonably calculated to inform him/her of the charges. Certified mail addressed to the last known address of the parent(s) or legal guardian or adult student shall be considered sufficient notice.
 - (iii) The student's parent(s) or legal guardian or adult student shall be notified, in writing, of a proposed hearing date and of the right to an administrative hearing, in accordance with the provisions of Florida Statutes, before the School Board, if they desire to dispute the material allegations of fact contained in the charges and the recommendation of expulsion. To request a hearing, the parent(s) or legal guardian or adult student shall file a written request for a hearing with the Superintendent's office at the specified address and before a certain date and time identified in the notice. Failure to timely request a hearing, in writing, shall be considered a waiver of the student's right to a hearing to contest the charges.
 - (iv) The student's parent(s) or legal guardian or adult student who timely requests a hearing shall be notified in a manner calculated to inform him/her of the time, place, and nature of the hearing, including a statement of the legal authority and jurisdiction under which the hearing is to be held, a reference to the particular sections of the Florida Statutes and State Board of Education rules involved, and specific references to School Board rules.
- (d) A hearing shall be conducted pursuant to the following:
- (i) The hearing shall be governed by Florida Statutes relating to administrative procedures.
 - (ii) The School Board chairman may direct the Superintendent or an administrative staff member to present the evidence and testimony to the School Board in support of the Superintendent's recommendation for expulsion.
 - (iii) Reasonable flexibility in method or order of presentation shall be permitted. No parent, legal guardian, or adult student shall be prohibited from presenting reasonable

matters to the School Board because of unsubstantiated procedural irregularities.

- (iv) No parent, legal guardian, or adult student shall be prohibited from being represented at the hearing by an adult, whether as legal counsel or qualified representative.
 - (vi) The School Board shall be the finders of fact and shall make conclusions of law based on competent substantial evidence presented at the hearing. Nothing herein shall prevent the School Board from seeking the advice of counsel of the attorney assisting it at the hearing. The School Board may indicate its finding of facts and conclusions of law to a School Board employee who shall write a final order for submission to the School Board for approval or modification.
- (e) Any student who is being considered for dismissal shall be accorded due process of law prior to dismissal. This shall include the following:
- (i) A written copy of the charges against the student;
 - (ii) The offer of a hearing at which the student may call witnesses and present evidence in the student's own behalf;
 - (iii) The right to cross-examine witnesses;
 - (iv) The right to defend the student's actions;
 - (v) Legal counsel at the student's expense to assist the student in presenting a defense; and,
 - (vi) A written copy of the School Board's findings or action.
- (f) The following shall apply to informal proceedings on undisputed facts:
- (i) The student's parent(s) or legal guardian or the adult student may request, in writing, that an informal proceeding be conducted before the School Board when the facts alleged in the charges upon which the Superintendent's recommendation is based are not disputed. The student's parent(s) or legal guardian or the adult student shall file a written request for informal proceeding before a date and time certain with the Superintendent's office as provided in the notice. Failure to timely file a written request for an informal proceeding shall be deemed a waiver of the

student's rights to an informal proceeding before the School Board.

- (ii) Notification of the right to informal proceedings shall be given in the same manner as in the notice of right of hearings of disputed fact. The Superintendent, acting for the School Board, may establish a date for the informal proceeding to provide timely information on proceedings of the charges. Acceptance of the informal proceeding date by the student's parent(s) or legal guardian or the adult student shall be deemed waiver of the notice requirements as to time. The hearing shall not be held in a manner calculated to cause inadequate preparation time. Fourteen (14) days shall be deemed sufficient preparation time unless an objection is timely raised; the days shall be calculated from the day immediately following the actual personal notice or posting of the notice by certified mail.
 - (iii) An informal proceeding shall be held before the School Board on the date proposed in the notice of right of informal proceeding when a timely request for an informal proceeding is filed. At the informal proceeding before the School Board, the student's parent(s) or legal guardian, the adult student, or the legal counsel or representative may present written or oral evidence in opposition to the Superintendent's recommendation for expulsion is based. The School Board shall consider any oral testimony or written statements submitted by the parties and render a final order in the same manner as in formal hearings of disputed fact.
- (g) The Superintendent shall notify the student's parent(s) or legal guardian or the adult student of the official School Board action by certified mail with reasonable speed and include a copy of the School Board's final order. The notice shall inform the student's parent(s) or legal guardian or the adult student of his/her right to appeal the School Board's final order to the District Court of Appeal.
- (h) A student who is expelled from the District by School Board action shall not be afforded a rehearing before the School Board unless prior evidence is proven to be false or new evidence is substantiated that was omitted from the original hearing. A request for rehearing shall be made by the parent(s) or legal guardian to the Superintendent or designee. The Superintendent's office shall determine whether the expulsion shall be reheard by the School Board.

- (2) The Superintendent may recommend to the School Board expulsion of a student who is found guilty of a felony. Provided, however, any student subject to discipline or expulsion for the unlawful possession or use of any substance controlled under Florida Statutes shall be entitled to a waiver of the discipline or expulsion if he/she divulges information leading to the arrest and conviction of the person who supplied such controlled substance or if he/she voluntarily discloses the unlawful possession of such controlled substance prior to arrest.
- (3) Provisions for the expulsion of exceptional education students shall be described and set forth in the Code of Student Conduct.
 - (a) The dismissal of an exceptional education student shall not result in a complete cessation of educational services; the District is responsible for providing the dismissed student's education during the expulsion in accordance with a revised individual education plan (IEP).
 - (b) The following procedures shall be followed for the expulsion of exceptional education students:
 - (i) The principal shall adhere to State Board of Education rules when recommending expulsion of exceptional students and shall be responsible for convening a disciplinary review committee. The disciplinary review committee membership shall comply with State Board of Education rules and shall include, but not be limited to, the District administrator of exceptional students or designee, the school psychologist, the exceptional student education teacher, and the principal or designee. The disciplinary review committee shall review the student's IEP and shall determine whether the student's behavior bears a relationship to his/her exceptionality. A disciplinary review committee that determines the student's behavior is in relation to his/her exceptionality may modify the student's IEP in accordance with current needs and expulsion may not be applied. Procedures in subsection (3)(b)3, herein shall apply when a student's conduct does not bear a relationship to his/her exceptionality.
 - (ii) An IEP meeting shall be conducted in compliance with State Board of Education rules and in conjunction with the disciplinary review committee meeting. The decision of the disciplinary committee shall be recorded on the IEP and shall be used in determining the adequacy of the current

special program and related services. The student's IEP may be revised to reflect:

- (a) A modification of the current special program or an alternative placement;
- (b) An indication that the exceptionality is not a precipitating factor and the student is expected to behave in accordance with the rules established in the District's Code of Student Conduct.
- (iii) The principal is responsible for taking appropriate action consistent with School Board rules and the Special Programs and Procedures for Exceptional Student Education Manual.
- (iv) The parent(s), legal guardian, or custodian of an exceptional education student shall be provided a copy of the suspension and expulsion procedures regarding discipline of exceptional education students at the initial placement meeting or at the first IEP meeting held in the District.
- (c) Additional requirements for the expulsion of exceptional education students may be set forth in the Special Programs and Procedures for Exceptional Student Education Manual.

Any person desiring employment shall file a completed application on the form provided by the Superintendent.

I. Qualifications

- A. Must be of good moral character.
- B. Must have attained the age of eighteen (18) years with the exception of students employed by the Board.
- C. Must have received a high school diploma or a high school equivalency diploma (GED). The issuing institution must have been an accredited institution as recognized by the Florida Department of Education (*e.g.*, Southern Association of Colleges and Schools (SACS), a regional accrediting agency affiliated with SACS, or the Florida Council of Independent Schools). In the event the school is accredited by an agency not recognized by the state, the school's accreditation status must be verified and the standards of the accrediting agency must be comparable to standards of the SACS in the areas of support for learning, curriculum, instructional design and assessment.
- D. Must not be ineligible for employment under 1012.315, F.S., if applying for an instructional or administrative position. The ineligibility for employment set out under 1012.315, F.S. also applies to any other position requiring direct contact with students.

II. Certificate Requirements

Each applicant for an instructional or a certificated administrative position shall hold a certificate, have a receipt from the Florida Department of Education acknowledging that an application has been filed and that issuance of the certificate is pending, or have the proper license to perform services.

- A. To be considered for a position, an applicant shall be duly qualified for that position in accordance with state law, regulations of the Florida Department of Education and the approved job description. If it appears that the applicant is eligible for proper certification, appointment may be made subject to the conditions set forth in the annual contract of employment as approved by the School Board.

- B. Any person not holding a valid Florida certificate at the time of employment shall be required, upon initial employment, to make application to the Florida Department of Education for such a certificate, through the Personnel Services office of the District. When such certificate is received, it must be filed with the office of the Superintendent. If the Department of Education declines to issue a certificate, the person's employment shall be terminated immediately. Failure to file such certificate, except for good cause as determined by the Superintendent, shall result in the termination of employment.

III. Interviews and Appointments

The Superintendent or designee shall monitor and ensure that appointments and assignments are consistent with the District's intent of maintaining a diverse work force.

IV. Driving Record

- A. The driving record of each applicant for the position of school bus operator or for any position that would require the person to drive a School Board vehicle shall be reviewed to determine if the record contains any infractions of the driving code that would make the applicant unqualified for the position in accordance with the District safe driver plan.
- B. The driving record of each current school bus operator shall be reviewed prior to the first day of the fall semester and periodically during the school year to determine if the record contains any infractions of the driving code that would make the operator unqualified for the position in accordance with the District safe driver plan. The driving record of any employee who is required to drive a School Board vehicle shall also be reviewed periodically during the year to determine whether the employee may continue in the position.

V. Initial Employment

- A. Any offer of employment with the School District is conditioned on submission of fingerprints as required by Florida Statute and a background investigation by the Superintendent or designee and District Criminal Background Check (CBC) committee. After a job offer, but prior to beginning employment with the District, all candidates for all positions must undergo a criminal and employment background check to determine suitability for employment. The application for employment shall inform applicants they are subject to criminal background checks, and advise applicants that failure to be truthful on the application about prior criminal history will be grounds for ineligibility or dismissal from employment.

- B. As a condition of employment and prior to beginning work, an applicant who has received a conditional job offer must file a complete set of fingerprints taken by an authorized law enforcement officer or an employee of the District trained to take fingerprints. The fingerprints shall be processed by the Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI). The applicant shall be required to pay for full costs of processing at the time of fingerprinting.
- C. A Criminal Background Check (CBC) committee shall be established to review the criminal history of all persons nominated for initial employment. The CBC committee shall obtain criminal background information for applicants through requests to the Florida Department of Law Enforcement (FDLE) and the Federal Bureau of Investigation (FBI). The CBC Committee shall include, but not be limited to, the Director of Personnel Services, the District EEO Officer, and a representative of the County Sheriff's Department.
- D. When the fingerprint or background check reports are returned, the committee shall review both the application and the report(s) concerning the individual. The CBC committee will compare the information provided by the new employee with the information received from the FDLE and/or the FBI pursuant to Florida Statute.
- E. The Superintendent or designee shall conduct employment history checks of applicants for instructional, administrative or any other positions requiring direct contact with students. The employment history check shall include, but not be limited to, screening through the use of educator screening tools described in law and contact with each previous employer. All findings shall be documented. If the Superintendent is unable to contact a previous employer, he/she shall document all efforts to contact the previous employer. For all other applicants, the CBC committee or its designee shall contact or attempt to contact all prior employers for a minimum of the past ten (10) years and all private or public educational institutions by which the applicant was previously employed while age eighteen (18) or older. The committee shall document all attempts to contact previous employers.
- F. No applicant who has received a conditional job offer shall begin work before his/her fingerprints are processed, the criminal and pre-employment investigation is completed, and a determination is rendered as to suitability for employment.
- G. Based upon the facts of an application, criminal background check or other valid or reliable data sources, applicants who are, or have been

convicted of certain serious offenses may be denied employment by the School District. As used in this section the term conviction is defined as a finding of guilt, a plea of guilty, or a plea of *nolo contendere*, or a verdict of guilty. The withholding of adjudication or the entry of an order sealing or expunging the record requiring a pre-trial intervention or pre-trial diversion shall not be considered an exception to this section. Other information derived from the pre-employment investigation, which indicates the applicant may not be suitable for employment by the School District, may be grounds for denying employment to an applicant.

- H. An applicant shall be disqualified from employment in any position requiring direct contact with students, including non-instructional and non-administrative positions, if he/she is ineligible for employment under 1012.315, F.S.
- I. Any instructional or non-instructional person under contract to the School District to operate student programs, student teachers, persons participating in short-term teacher assistance experiences or field experiences who have direct contact with students must meet the requirements of V.A., B., E. and F. Such person may not be in direct contact with students if ineligible as otherwise set out in 1012.315, F.S.

VI. Current Employees

- A. Whenever a personnel investigation of a complaint against an employee is required, a criminal background check may be conducted as part of the investigation.
- B. If it is discovered during the period of employment that a regular employee has a prior criminal record and that the employee was requested to provide this information at the time of hire, but did not do so, the employee may be subject to disciplinary action, including dismissal for submitting false information on the employment application, or otherwise having misled the District.
- C. If it is discovered during the period of employment that an employee has a prior criminal record and no falsification of an application nor attempt to mislead occurred, the record shall be reviewed by the CBC committee. The committee shall consider all information, including any mitigating conditions, and report findings of fact, possible mitigating circumstances and recommendations for action to the Superintendent. The employee shall have the opportunity to respond in writing to the findings and recommendation. The Superintendent shall review the record, recommendation and response before taking appropriate action. Appeal

of the Superintendent’s action shall follow collective bargaining agreements or School Board policy, as appropriate.

- D. An employee whose criminal record after employment would disqualify him/her from employment shall be subject to termination.

VII. Acceptance of Appointment

Failure to signify acceptance of appointment within ten (10) days after receipt of the official notice of appointment shall be considered a rejection of the offer and the position shall be declared vacant.

VIII. Reconsideration and Appeal

- A. Applicants who have been denied employment, and probationary employees who have been denied permanent employment, on the basis of their criminal record, drug screening and/or background check, may request reconsideration by the CBC committee only if they present new information not previously available to the committee.

- B. Applicants who have been denied employment, and probationary employees who have denied permanent employment, because of their criminal record and/or background check, may appeal to the Superintendent. Applicants and probationary employees shall receive written notice of the right to appeal the decision by the CBC committee to the Superintendent. Their appeal must be in writing, and may respond to the findings and decision of the CBC committee. If new information is to be submitted, the applicant must first request reconsideration by the CBC committee. The Superintendent’s decision shall be final.

- IX. The District shall ensure that all aspects of the recruitment and selection process are job-related and are consistent with business necessity so as to ensure equal employment opportunity. Neither the District nor its agents shall engage in any discrimination with respect to employment in violation of any state or federal laws. Applicants shall be informed of the complaint procedure that may be used should they allege discrimination.

GRIEVANCE PROCEDURE FOR PERSONNEL

6.35*

The provisions of this rule shall apply to all disputes with respect to interpretation or application of these Rules and shall not apply to disputes between the School Board and an employee or a group of employees involving terms and conditions of a collective bargaining agreement.

- (1) Informal Resolution. Within seven (7) working days (except in cases involving harassment or discrimination in which sixty (60) days will be allowed) after occurrence of the alleged violation, the aggrieved shall, during non-student-contact hours, at a conference where only the aggrieved and his immediate supervisor shall be present (except in cases of discrimination or harassment allegation involving the supervisor, in which case they shall report to the Equity Coordinator), orally present his concern to the supervisor, notifying the supervisor that the alleged violation is the basis for filing a formal grievance. Within five (5) working days after such conference, the supervisor shall orally give his answer to the employee.

(2) Formal Grievance Procedure. Every employee covered by this rule shall have the right to present grievances in accordance with these procedures, with or without representation. Nothing contained in this rule shall be construed to prevent any individual employee from discussing a problem with the administration and having it adjusted without intervention.

- (a) Step One. If the aggrieved is not satisfied with the informal resolution he or she may, within five (5) working days after the oral answer, file a formal written grievance. The grievant(s) shall state in writing the nature of the grievance, shall note the specific clause or clauses of these rules allegedly violated and relief sought, and shall sign the written grievance.

The written grievance shall be filed with the employee's immediate supervisor or alternate, who shall within five (5) working days after receiving the grievance, communicate his answer in writing to the grievant.

- (b) Step Two. If the aggrieved is not satisfied with the disposition at Step One he or she may, within five (5) working days after the answer at Step One, appeal in writing to the Assistant Superintendent for Administrative Services. The Assistant Superintendent for Administrative services may conduct whatever investigation is necessary to make a finding. Within ten (10)

working days after receipt of the grievance, the Assistant Superintendent shall notify the aggrieved in writing as to his disposition of the grievance.

- (c) Step Three. If the aggrieved is not satisfied with the disposition at Step Two he or she may, within five (5) working days after the answer at Step Two, appeal in writing to the Superintendent. The Superintendent may conduct whatever investigation is necessary to make a finding. Within ten (10) working days after receipt of the grievance, the Superintendent shall notify the aggrieved in writing as to his disposition of the grievance.
 - (d) Step Four. If the aggrieved is not satisfied with the disposition at Step Three he or she may, within five (5) working days after the answer at Step Three, inform the Superintendent in writing of his decision to request a Declaratory Statement concerning the appropriate interpretation of the Rule in question pursuant to Section 1.104.
- (4) The time limits provided in this rule shall be strictly observed, but may be extended as to any grievance by written agreement of the Superintendent and the grievant(s). In the event a grievance is filed after May 15 of any year and strict adherence to the time limits may result in hardship to any party, the administrative staff shall attempt to process such grievance prior to the end of the school term or as soon thereafter as possible. In computing any period of time prescribed or allowed by this rule, the day of the act, event or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included, unless it is a holiday, Saturday or Sunday.
 - (5) The failure of any aggrieved or grievant to file, or to appeal from the disposition of, any grievance within the time limits respectively prescribed therefore shall bar any further action or appeal by him, and an administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step. The time limits may, however be extended by mutual agreement.
 - (6) Hearing and conferences under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons, including witnesses, entitled to be present, to attend, and will be held, insofar as possible, after regular school hours, or during non-working time of personnel involved. When such hearing and conferences are held, at the option of the administration, during work hours all employees whose presence is required shall be excused, with pay, for that purpose.

- (7) Adjustment of any grievance as described herein shall not be inconsistent with the provisions of these Rules.
- (8) Any grievance arising under these Rules may be processed through the grievance procedure until resolution provided that the grievance is timely filed.
- (9) Confidentiality and protection from retaliation will be provided to the extent possible to any employee, student, applicant or affected party who alleges discrimination or harassment.

 - (a) The first enrollment period for the Pool shall begin upon adoption of this Rule, and its duration shall be thirty (30) days. Thereafter the pool shall have two enrollment periods yearly: the first thirty (30) calendar days of each semester.
 - (b) Any member enrolling during any enrollment period may begin receiving benefits from the Pool commencing with the first work day following the close of that enrollment period. (Benefits shall be retroactive for sickness, etc., occurring during that enrollment period if the enrollee meets all other eligibility requirements).
 - (c) If by the end of the first enrollment period two hundred (200) days are not contributed, the pool will be terminated and all days returned to contributors.

(3) Replenishment contributions:

- (a) If the balance of sick leave days in the Pool falls below two hundred (200) days, each participating member shall contribute an additional sick leave day in order to continue membership. Each member will be sent a notice and will have a twenty-one (21) calendar-day time limit from receipt of the replenishment notification, to withdraw from the Pool, if he/she so desires. Assessment will be automatic if the member does not return the signed enrollment/withdrawal form to the Finance Department within the time limit.
- (b) If any member does not contribute the required day, that member will be ineligible for the benefits of the Pool until he/she has accrued two (2) sick leave days, at which time the assessment of one (1) day will be automatic. This, however, will not apply to any member who is then receiving benefits from the Pool.
- (c) If the Pool is not replenished, as required above, to at least two hundred (200) days, it will be terminated when the total number of days has been exhausted.

(4) Administration and Governance.

- (a) The Finance Department or other department designated by the Superintendent will administer the Pool and determine the validity of claims against it. If the claim of any participant member is determined to be invalid, the employee and the GCCTA will be so notified in writing. The reason for denial shall be provided. The determination shall be expedited in cases of extreme hardship. If a claim is determined to be invalid, the employee may request,

In writing, within two (2) work days of receipt of the denial, reconsideration of the decision.

- (b) The department administering the Pool will make available to each participating member, upon request, quarterly reports of usage of the Pool. A copy shall be provided to the GCCTA. The report shall include the number of days used and the reasons for usage. Each work site shall receive a copy of the quarterly report to be posted.

(5) Eligibility. In the event of a personal serious illness, accident or injury causing any member to be absent from work for an extended period of time, that member may receive paid leave as follows:

- (a) All accumulated sick leave must first be expended.

- (b) Application must be made to the Finance Department, submitting a written request including a statement from a doctor attesting to the member's extended absence due to illness, accident or injury and stating the probable date when the member will be able to return to work. The applicant will bear the cost of obtaining the medical statement.
 - (c) Any participating member shall be eligible for the use of sick leave from the Pool even though the member is eligible for Worker's Compensation benefits for the injury or illness. In this instance the sick leave days received from the Pool will have been pro-rated as necessary to makeup for days not paid for by Worker's Compensation. Any participating member who is receiving illness-in-line-of-duty leave shall also be eligible to use sick leave from the Pool upon the depletion of those days and in compliance with the other eligibility requirements of the Pool.
- (6) Benefits. The pool is designed to ease the financial impact of serious illness, accident or injury. Although not an inclusive list, typical usage would be for heart attack, cancer, automobile accident or major surgery. The Pool will not provide benefits for elective surgery or normal maternity-related cases. Upon approval of the application by the Finance Department, any member may use from the Pool not more than one hundred (100) paid sick leave days for each period of extended absence due to illness, accident or injury, subject to the following provisions:
- (a) Drawing of sick leave days is based upon availability of sick leave days in the Pool. In no case shall this leave be granted beyond the number of days in the Pool.
 - (b) No member shall be obligated to repay in any manner the number of days used from the Pool, except as outlined in the Abuse of Benefits section.
 - (c) Any sick leave drawn from the Pool by any participating member must be used only for that member's personal illness, accident or injury.
 - (d) Should this benefit be terminated by death, the member's eligibility shall cease upon the day when death occurs.
 - (e) Eligibility shall be based upon the work days associated with the Employment contract of the member.

- (7) **Abuse of Benefits.** Alleged abuse of the Pool by any participating member shall be investigated by the Superintendent or inappropriate use of benefits has occurred. If a determination is made that days have been inappropriately received, then those days shall be treated as excessive sick leave days, and an appropriate deduction shall be withheld from future earnings of that member, and returned to the Pool.
- (8) There is hereby established, for reconsideration and review of any decision made relative to any right claimed by any member pursuant to this Rule, a Review committee which shall consist of the following officers of the GCCTA: The President, the Vice President, and the Secretary. Such committee shall make its decisions by a majority vote of its members.

The GCCTA, its officers, and each of its members participating under the provisions of this Rule, shall by such participation automatically agree that any such decision made by the Review Committee shall be final and binding for all purposes on each and every one of them, and not subject to any further review or any collateral attack of any kind whatsoever; and the GCCTA and each and every one of the foregoing persons shall thereby automatically and finally waive any other remedies or rights of any kind, relative to any such decision or the subject-matter thereof.

- (9) **Definition of Terms.**
- (a) Elective Surgery. Any non-emergency surgical procedure which may be scheduled at the patient's convenience without jeopardizing the patient's life or causing severe impairment to the patient's bodily functions. The rate of pay for such leave shall be based upon the salary rate of the employee at the time DROP begins. Such leave shall be paid in annual installments during each of the years of DROP participation. The initial payment will be made during the first month of DROP, with subsequent payments made during the retirement anniversary months. Leave accrued during DROP will be included in the final

SCHOOL BUDGET SYSTEM

7.10+

Through the budget process the School Board intends for its budget to be prepared in a needs responsive, fiscally sound manner, with an emphasis on providing additional resources at the school level with any increase in recurring operating revenues.

In accordance with this philosophy, the School Board intends the following guidelines to be adhered to in the preparation of the annual operating budget:

- I. **Balanced Budget** – The budget should be prepared to ensure that the operating fund recurring revenue budget for the fiscal year shall be equal to or greater than the recurring expenditure budget.
- II. **Fund Balance Reserve** – An adequate fund balance reserve is necessary to cover unforeseen events including, but not limited to, revenue shortfalls and student enrollment under projections. The adopted annual operating fund budget shall include, if feasible, a fund balance reserve which is at least 4% of the recurring expenditure budget.
- III. The budget system shall be related to the goals and objectives of the District and its programs. To assure equity among schools and program elements, personnel and other resources shall be allocated to the schools on a formula basis or by other means as determined by the Board.
- IV. The Superintendent shall prepare an annual District budget in the manner prescribed by the State Board of Education. In formulating the budget, the Superintendent shall take into consideration the immediate and long range needs of the District's school system and student achievement data obtained pursuant to Florida Statutes. The Superintendent shall submit the proposed annual budget to the School Board for review.
- V. The Superintendent shall ensure that all District obligations and expenditures are within the appropriation allowed in the District school budget and:
 - A. Shall propose a budget amendment for the School board's consideration when the function and object amounts in the accounts prescribed by the State Board of Education are changed in the original budget approved by the School Board. Budget amendments shall be aggregated and presented as an item on the Board meeting agenda each month. Budget amendments consolidated after that time period shall be processed and placed on the agenda for the following month in the normal amendment cycle.

- B. May authorize an expenditure temporarily which exceeds the amount budgeted by function and object provided the School Board subsequently approves the expenditure and amends the budget in a timely manner. In situations where a budget category is temporarily exceeded, district personnel will process a budget amendment to correct the situation. If the need for an amendment has not been identified at the end of the month, the amendment shall be processed in the following month and School Board approval obtained in the normal amendment cycles.

It is the Board's intent that the guidelines enumerated above shall be controlling unless unusual circumstances dictate otherwise. In such instances, any variances from the guidelines will be highlighted and explained prior to the adoption of the budget by the Board.

Expenditures shall be in accordance with state law and rules of the State Board of Education.

INTERNAL FUNDS

7.32*+

- (1) **Definition.** Internal funds are defined as all monies collected and disbursed by personnel within a school for the benefit of the school or a school-sponsored activity. Internal funds shall be considered as unbudgeted public funds under the control and supervision of the School Board with the principal having responsibility as prescribed by the School Board (as used in this rule, school shall also mean a District department and principal shall mean a department head).
- (2) **Governance Provisions.** The collecting and expending of school internal accounts shall be in accordance with Florida Statutes, State Board of Education rules, School Board rules, and the Financial and Program Cost Accounting and Reporting for Florida Schools manual published by the Florida Department of Education. Sound business practices shall be observed in all transactions.
- (3) **Accounting Categories.** Separate accounting categories for school internal account funds shall be established to distinguish regular sources of funds from sources of funds derived from groups other than the student body.

The activities of these non-student organizations shall contribute to the general welfare of students.

Other sources of receipts may include, but are not limited to, collections for the School Board, flower and gift funds, and trust accounts for specific groups.

 - (d) Student body business practices shall be conducted in such a manner as to offer a minimum of competition to commercial firms.
 - (e) Purchases for any school shall not exceed the cash resources of the school during any school year.
 - (f) Funds collected generally shall be expended to benefit those students currently in school for whom the funds were accrued; funds derived from the student body as a whole shall be expended to benefit the student body as a whole.
 - (g) Florida Statutes and State Board of Education rules controlling purchases by school organizations shall be observed.
 - (h) The Superintendent shall be responsible for initiating such disciplinary action as may be deemed necessary in the event of violations of any of these rules.
 - (i) The collection of monies and the performance of other non-instructional duties by teachers shall be kept to a minimum.

 - (ii) Use a uniform system of accounting as directed by the Superintendent.
- (7) Management of School Internal Account Funds (MSIAF). The efficient and accurate accounting of school internal account funds requires that sound procedures be followed in handling school monies received and expended. Common practices which shall be followed to ensure effective management of these funds include:

7.71

When it is determined that the School Board may need to contract for the professional services of an architect, construction management, landscape architect, professional engineer, or registered land surveyor, the procedures prescribed herein shall be followed:

- (1) Definition - The term "firm" means any firm, partnership, corporation, association, individual, or other legal entity entitled to practice architecture, engineering, construction management, or land surveying in the State of Florida.
- (2) Pre-qualification - The Superintendent shall, by letter, inform not less than five (5) firms of the type of service desired by the School Board and shall determine whether or not such firms have an interest in qualifying to render such services when needed. The Superintendent shall continue his efforts until at least three (3) firms have indicated an interest. There shall be a list of pre-qualified firms for each of the specialized areas of professional services enumerated in Florida Statutes.
 - (a) Upon receipt of notice of interest, the Superintendent shall request the firm to furnish the following information:
 - (i) A full and complete statement of qualifications and capabilities;
 - (ii) Number of years in business;
 - (iii) Location of firm's office nearest the county seat;
 - (iv) The membership of the firm's staff and the special qualifications of the person or persons who would render the type of service desired; and,
 - (v) The names and address of at least three (3) school boards or other agencies for whom similar services have been performed within the last five (5) years and the date and the specific service rendered in each case.
 - (b) Within thirty (30) days following indication of interest, the Superintendent shall complete the file on each firm. In addition to the information filed by the agency or firm, the Superintendent shall obtain a written evaluation from at least three (3) agencies for which such service has been rendered. Any firm which pre-

qualifies under this rule shall file an annual statement of qualifications and performance data and thereby keep its file current.

- (c) Any firm which has furnished the information prescribed in this subsection shall be sent a copy of the legal notice when service in the firm's area of specialty is to be contracted.
- (3) Public notice and applications - Where the board by official action determines that it will enter into a contract for such professional services, the Superintendent shall cause to be published once each week for three (3) successive weeks in the local newspaper a public notice stating the type of professional services desired, giving a general description of the project, and stating how an interested firm may apply and the deadline for applications.
- (a) Each firm which pre-qualifies, as provided in Subsection (2) of this rule, shall be sent a copy of the public notice together with a request that an application be filed if the firm desires to be considered.
 - (b) Each firm which files an application and which has not pre-qualified shall be required to complete the information required in Subsection (2) of this rule within ten (10) days following the deadline for making applications.
- (4) Rating of applications - Based on the data filed by each applicant firm and the follow up data obtained by the Superintendent, the School Board will determine the order in which the applicants will be arranged for negotiation purposes.
- (a) To facilitate the selection process, the Superintendent shall prepare a full and complete summary report on each applicant firm.
 - (b) Based on data available and its best judgment, the School Board will select the three (3) firms most qualified to perform the desired professional services and will rate them as first, second, and third most qualified for negotiation purposes.
- (5) Negotiations - Subsequent to the above determination, the School Board will notify the firm rated as first most qualified and establish a date for the firm to make its presentation and to enter into negotiations with the Board for the professional services.
- (a) If the Board cannot obtain a fair, reasonable and competitive price for which the professional services will be rendered by such firm,

negotiations shall be formally terminated by the Board. The Board will then undertake negotiations with the firm rated second most qualified. If an accord cannot be reached with this firm, negotiations will be formally terminated, and the Board will then undertake negotiations with the firm rated third most qualified.

- (b) If the Board is unable to negotiate an acceptable contract with any one (1) of the first three (3) firms, it will select from among the remaining applicants in the order of competence and qualifications and continue its negotiations, provided, that such firms are considered competent to perform the services desired.
- (6) Special assistance - Where the professional service contract will require a fee in excess of twenty-five thousand dollars (\$25,000), the Department of Transportation or the Department of General Services will be requested to provide assistance in selecting a consultant for professional services; provided that the School Board after three (3) attempts has not obtained a reasonable, fair, and competitive price.
- (7) Contracts - Any contract entered into by the School Board for professional services, as provided herein, shall include a prohibition against contingent fees.
- (8) The Superintendent or designee may authorize outside consultants to provide professional reviews, assistance or training.
- (9) Full or part-time employees of the Board shall not contract for additional service to the Board as consultants.

STUDENT TRANSPORTATION

8.31*

Each student who is transported shall be entitled to free transportation provided he/she abides by the rules of safety and behavior necessary to operate the District's transportation system. Serious infraction of these rules may result in the loss of the student's privilege. The student's parent(s), as defined by Florida Statutes, shall be responsible for making sure the student abides by the rules or for providing the student's transportation. Suspension from a bus shall not affect the attendance laws and rules.

- I. Any student who resides two (2) or more miles from his/her designated school by the most direct traveled route is eligible to ride the school bus to and from that school. These students shall be reported for funding purposes. Under the following conditions, students who reside within two (2) miles of the designated school may be eligible to ride the school bus.
 - A. Special authorization is granted by the School Board.
 - B. An exceptional student not requiring special care may ride a school bus regardless of distance from home to school upon furnishing a statement from the director of exceptional students or designee certifying that the student is handicapped and is unable to walk to school.
- II. A student who is eligible for transportation and resides beyond the accessibility of a school bus may be provided transportation by payment from the School Board to the parent(s) for use of a private automobile or other conveyance for this purpose.
- III. The School Board may cooperate with other school districts to provide transportation for students.
 - A. When it is practical to extend a school bus route to serve any territory located in another school district, the School Board shall enter into an agreement with the School Board of the other district to provide transportation services to students residing in the adjacent school district. Any such agreement shall be recorded in the official School Board minutes of each School Board. The agreement shall state in detail the responsibility of each school board for operating the school bus and maintaining a daily schedule.
 - B. Whenever a school bus crosses a school district line, all rules of the School Board shall apply to students transported by the said school board unless otherwise stated in the agreement between the school boards.
- IV. Only a student who is regularly enrolled as a transported student and whose name appears on the bus driver's handbook for that bus shall be permitted to ride such bus while it is being operated on a regular school bus route except upon the written request of the transportation supervisor. Such approval may be granted only when the student's welfare is involved due to an emergency condition in the home. When an emergency condition exceeds five (5) school days, the Superintendent's approval shall be required. Approval shall not be allowed for:
 - A. Student visitation, unless duly authorized; or
 - B. A student to obtain transportation to his/her regular place of employment.
- V. No person shall be eligible for transportation on a field trip or extracurricular school trip unless he/she is authorized by the principal or designee.

- VII. A student who arrives early or remains late because of transportation service shall be under school supervision at all times and shall, if practicable, have a planned schedule of activities. The principal shall be responsible for providing such supervision.
- VIII. Each route shall be planned and adjusted as nearly as possible to the bus capacity. Travel each morning and afternoon shall be considered in planning and establishing bus routes and, so far as practical, not exceed fifty (50) minutes for elementary students and sixty (60) minutes for secondary students.

 - (c) A route shall not be extended for the purpose of accommodating students whose homes are within a reasonable walking distance by a shorter or more economical route which is available to serve the students.
 - (d) School bus routes shall, insofar as possible, be restricted to main routes and county-maintained roads
 - (e) A suitable turning area shall be available for any route requiring a bus to be turned around.
 - (f) Only one (1) bus shall be assigned students on any given route unless the school schedules necessitate a dual assignment of buses.
 - (g) Student loading and unloading stops shall be established at least one quarter of a mile (1,320 feet) apart; provided, however, stops may be closer than one quarter of a mile when students' safety and welfare involved.
- (2) Spur Routes. A spur route shall exist only when a extremely hazardous condition is present, requiring the bus to deviate from the main trunk.

- (3) Change in Routes. School bus drivers shall not discontinue stops, begin new stops, or otherwise change a route without prior approval of the Superintendent or designee.

- (3) The advertisement for bids shall be published in at least one (1) local newspaper having circulation in the district. Such advertisement shall be published at least once each week for three (3) consecutive weeks and the last notice shall appear at least one (1) week prior to the opening of bids.
- (4) In addition to the publishing of the advertisement for bids, the bid documents shall be sent to at least three (3) prospective bidders. The advertisement or specifications shall not specify the use of materials or systems by a sole source.
- (5) Bid bonds shall be required on new construction and any renovations or remodeling exceeding twenty-five thousand dollars (\$25,000.00).
- (6) These provisions shall be followed for construction bids:
 - (a) The bid time and date shall be established by the School Board after the Superintendent's recommendation.

- (b) Bids shall be opened at the designated time in the invitation to bid. At the designated time, the person presiding shall inquire if all bids have been received; no other bids shall be accepted and no bid may be withdrawn after the deadline. Negligence on the part of the bidder in preparing the bid shall confer no right for withdrawal after the designated time for opening of bids. Bids by telegram shall not be accepted nor shall any other type of bid be accepted which cannot be classified as a sealed bid. Bids received by mail shall be stamped with the time and date received by the Purchasing office.
 - (c) All bids shall be opened, read aloud, and recorded in the presence of all persons.
 - (d) Each bid shall be accompanied by a bid bond, a certified check, or a cashier's check in an amount equal to five percent (5%) of the total amount of the bid. Failure to include such bond shall automatically disqualify the bid from further consideration.
 - (e) The board will consider all bids received and within the time limit stated in the advertisement for bids will either reject all bids or award the contract to the lowest and best bid with preference to materials, contracts, builders, architects, and laborers who reside within the county and state, whenever such materials can be purchased at no greater expense.
 - (f) When a construction contract has been awarded to a contractor on the basis of proper bids, payments on that contract shall be made on a scheduled basis in an amount approved by the architect. This amount shall consider the ten percent (10%) hold-back required by Florida Statutes. Upon completion of the construction, the final payment shall be made only on the School Board's approval after proper inspection of the facilities.
- (7) The specifications for construction bids may not be written to limit any purchase of systems or materials to a specific brand or a single source of supply, unless the School Board, after consideration of all available alternative materials and system, determines that the specifications of a sole material or system is justifiable, based upon its cost interchangeability.
- (8) All bid requests shall include a notification to bidders that failure to file a bid protest within the time and in the manner prescribed by School Board rule shall constitute a waiver of any further right to protest such bid award.

CHAPTER 8.00 - AUXILIARY SERVICES

PREQUALIFICATION OF CONTRACTORS FOR EDUCATIONAL FACILITIES CONSTRUCTION

8.502

The School Board shall pre-qualify contractors for a one year period or for a specific project in accordance with the following:

- (1) **Criteria.** Contractors shall be pre-qualified on the basis of the following criteria and any additional criteria specific to the project under consideration:
 - (a) Proof that the contractor holds a contractor's license which authorizes the contractor to supervise work within the scope of the construction project.
 - (b) Evidence that the applicant has financial resources to start up and follow through on projects and to respond to damages in case of default as shown by written verification of bonding capacity equal to or exceeding the amount of any project for which the contractor seeks prequalification. The written verification must be submitted by a licensed surety company rated excellent ("A-" or better) in the current A.M. Best Guide and qualified to do business within the State. In the absence of such written verification, the Board may require the applicant to submit any audited financial information necessary to evaluate an applicant's financial ability to perform the project and to respond to damages in the event of default.
 - (c) Evidence of experience with construction techniques, trade standards, quality workmanship, project scheduling, cost control, management of projects, and building codes for similar or less cost or scope projects of similar size within the past five (5) years.
 - (d) Evidence of satisfactory resolution of claims filed by or against the contractor asserted on projects of the same or similar size within the five (5) years preceding the submission of the application. Any claim against a contractor shall be deemed to have been satisfactorily resolved if final judgment is rendered in favor of the contractor or any final judgment rendered against the contractor is satisfied within ninety (90) days of the date the judgment becomes final.
 - (e) Type of work for which the contractor is licensed.
- (2) **Procedures.**

- (a) The Board shall hold a public hearing to discuss the Board's intent to pre-qualify contractors and the proposed policies, procedures and rules.
- (b) The Board shall publish two (2) notices of the public hearing in a local newspaper having general circulation throughout the district and least thirty (30) days and again seven (7) days prior to the hearing. The notice shall contain at least the purpose, date, time, and place of the hearing.
- (c) It is the policy and procedure of the Board to provide for open competition which shall not prevent the submission of a bid, nor prohibit the consideration of a bid submitted by a prequalified contractor. Those standards which the Board applies when soliciting bids for goods and services generally shall be applied equally to the solicitation of bids from prequalified contractors.
- (d) It is the policy of the Board to allow for prequalification of any responsible contractor who, through its submittal to the Board, meets the uniform criteria established by the State Requirements for Educational Facilities and incorporated in Section 1 of this policy whether such contractor is a resident or non-resident of the geographical area served by the Board.
- (e) It is the policy of the Board to allow those contractors seeking prequalification to submit all required company financial information separate and apart from the other required submittals, as specifically outlined in the Prequalification Submittals section of the Request for Qualifications, in order to endeavor to protect privileged company information from public disclosure.
- (f) The Board shall appoint a Contractor Prequalification Review Committee to review and evaluate the submissions and to make recommendations to the Board as to which contractors should be prequalified to bid for type of project, dollar volume and limits allowed within the scope of the prequalification.
- (g) These prequalification procedures shall not supersede any small business, woman-owned, or minority-owned business enterprise preference program adopted by the Board.
- (h) Notwithstanding anything contained herein, the Board may reject any proposals which, in the Board's sole opinion, contain inaccurate information. In addition, the Board shall have the sole discretion to declare a contractor delinquent and to suspend or revoke a prequalification certificate.

- (i) The Board shall receive and either approve or reject each application for prequalification within sixty (60) days after receipt by the Board's administrator. Approval shall be based on the criteria and procedures established in this policy.
- (3) **Application.** Each contractor, firm, or person requesting prequalification shall submit separate applications that include the following:
- (a) Detailed information on Board prescribed forms setting forth the applicant's competence, past performance, experience, financial resources, and capability, including a Public Entity Crimes Statement, and references.
 - (b) Audited financial information current within the past twelve (12) months, such as a balance sheet and statement of operations, and bonding capacity. The requirement for financial information may be satisfied by the contractor providing written verification of the contractor's bonding capacity.
 - (c) General information about the contractor company, its principals, and its history, including state and date of incorporation.
 - (d) Contractor trade categories and information regarding the state and local license and license numbers held by the applicant.
 - (e) A list of projects completed within the past five (5) years, including dates, clients, approximate dollar value, and size.
 - (f) Certificates of insurance confirming current worker's compensation, public liability and property damage insurance as required by law.
 - (g) A list of all pending litigation and all litigation within the past five (5) years, including an explanation of each. Litigation initiated by the contractor to protect the contractor's legal rights shall not be used as a basis for rejecting prequalification.
 - (h) The completed application and financial information shall be attested to and signed by an authorized officer of the company, the owner, or sole proprietor, as appropriate. The signature shall be notarized.
 - (i) **EXCEPTION:** When two (2) or more prequalified contractors wish to combine their assets for a specific project, they may do so by filling an affidavit of joint venture. Such affidavit shall be valid only for that specific project.

- (4) **Issuance of Certificate.** The Board shall issue to all prequalified contractors a certificate valid for one (1) year or for the specific project. That certificate shall include the following:
 - (a) A statement indicating that the contractor may bid for projects during the time period specified.
 - (b) A statement establishing the type of work the contractor will be permitted to provide.
 - (c) A statement establishing the total dollar value of work the contractor will be permitted to have under contract with the Board at any one time as determined by the contractor's bonding capacity or ten (10) times the net quick assets.
 - (d) A statement establishing the maximum dollar value of each individual project the contractor will be permitted to have under contract with the Board at any one time. The maximum value of each project may be up to twice the value of the largest project previously completed, but shall not exceed the contractor's bonding capacity or ten (10) times the net quick assets.
 - (e) The expiration date of the certificate.
- (5) **Renewal of Certificate.** Certificates not for a specific project shall be renewed annually.
 - (a) Financial statements or written verification of bonding capacity on file with the Board shall be updated annually. Failure to submit a new statement or verification of bonding capacity, after at least thirty (30) days written notice by the Board, shall automatically revoke a prequalification certificate.
 - (b) Prequalified contractors may request a revision of their prequalifications status at any time they believe the dollar volume of work under contract or the size or complexity of the projects should be increased if experience, staff size, staff qualifications, and other pertinent data justify the action.
- (6) **Delinquency.** The decision to declare a contractor delinquent may only be made by the superintendent and must be ratified by the Board at its next regular meeting following the decision by the superintendent. Should the contractor be determined to be delinquent, after notice and an opportunity for a fair hearing, the Board shall notify the contractor and his surety, in writing, that the contractor is disqualified from bidding work with

the Board as long as the delinquent status exists. A delinquent condition may be determined to be in effect when one (1) or more of the following conditions occur without justifiable cause:

- (a) A substantial or repeated failure to comply with contract documents after written notice of such non-compliance.
 - (b) A substantial or repeated failure to provide supervision and coordination of subcontractor's work after written notice of such failure.
 - (c) Substantial deviation from project time schedules after written notice of noncompliance.
 - (d) Substantial or repeated failure to pay subcontractor's after the Board has paid the contractor for the work performed by the subcontractors and in accordance with approved requisitions for payment.
 - (e) Substantial or repeated failure to provide the quality of workmanship compatible with the trades standards for the community after written notice of such failure.
 - (f) Substantial or repeated failure to comply with the warranty requirements of previous contracts after written notice of such failure.
 - (g) Failure to maintain the required insurance coverage after written notice of such failure.
- (7) Suspension or Revocation. The Board may, for good cause, suspend a contractor for a specified period of time or revoke the prequalification certificate. Causes for suspension or revocation shall include, but not be limited to, one or more of the following:
- (a) Inaccurate or misleading statements included in the application.
 - (b) Declared in default by the Board.
 - (c) Adjudged to be bankrupt.
 - (d) Performance, in connection with contract work, becomes unsatisfactory to the Board, based on the Board asserting and recovering liquidated damages in an action against the contractor.
 - (e) Payment record, in connection with contract work, becomes unsatisfactory to the Board, based on the contractor's failure to

comply with the Construction Prompt Pay Act (Section 715.12, F.S.).

- (f) Becomes delinquent on a construction project pursuant to section 6 above.
 - (g) Contractor’s license becomes suspended or is revoked.
 - (h) No longer meets the uniform prequalification criteria established in this policy.
- (8) **Appeal.** A contractor whose application has been rejected or whose certificate has been suspended or revoked by the Board shall be given the benefit of reconsideration and appeal as follows:
- (a) The aggrieved contractor may, within ten (10) days after receiving notification of such action, request reconsideration in writing. The contractor may submit additional information at the time of appeal.
 - (b) The Board shall act upon the contractor’s request within thirty (30) calendar days after the filing and shall notify the contractor of its action to adhere to, modify, or reverse its original action. The Board may require additional information to justify the reconsideration.

CHAPTER 8.00 - AUXILIARY SERVICES

RENOVATIONS OR REMODELING OF FACILITIES

8.51

- (1) The Superintendent when recommending the preliminary school budget, or any amendments thereto relating to capital outlay projects may, after evaluation, recommend to the School Board that suitable projects costing two hundred thousand dollars (\$200,000.00) or less be provided on a day labor basis.
- (2) Parent groups, school staff and civic associations often raise funds to make improvements to various School Board facilities. Such changes are regulated by building codes, Florida State Department of Education rules, School Board rules and Florida Statutes. In addition, these changes often have cost implications on maintenance, energy usage and inhibitions to future site construction. The change or addition always poses questions regarding Board liability for the facilities as any deviation from State Regulations would be a factor in a damage suit, if the change in facility was related to a personal injury.
- (3) When a project is being considered at any existing facility, the following procedures shall be followed:
 - (a) A description of the proposed project, including an approximation of the expected cost, shall be submitted to the school principal for review and approval on the Request for Change(s) to School Board Facility form.
 - (b) Full funding for the design costs, construction and any other related costs must be identified.
 - (c) If the principal is in agreement, he/she shall request approval from the Superintendent to submit the request.
 - (i) If the project requires funding from the District, the Director of Finance must be consulted to determine feasibility and availability of funds.
 - (ii) Should a booster club, PTA, or other school affiliated group be supplying the funds, the Superintendent must be informed.
 - (iii) All projects must comply with State Board of Education rules.
 - (iv) If the project will affect the student capacity of the school, approval of the Superintendent is required.

- (d) Prior to an installation or construction, a detailed design must be submitted to the Facilities Supervisor. The content of this request shall include a detailed project description and a statement regarding the method of funding. Plans and/or specifications will be reviewed by the Facilities and Maintenance Departments.
- (i) Upon completion of the plans and specifications, such must be submitted for review for compliance with State Board of Education Regulations with consideration given to the impact upon the maintenance and energy usage of the facilities and inhibitions to future site construction. A minimum of ten (10) days is required and must be provided for review of plans and specifications, plus time to prepare an agenda item to present to the School Board if judged appropriate by the Superintendent.
 - (ii) After approval by the School Board, plans may require submission to the Department of Education. (Department of Education approval which will take approximately two (2) to three (3) months.)
 - (iii) Upon Department of Education approval, (if required), the project must either be formally advertised and bid, in accordance with State Board of Education rules or a minimum of three (3) sealed proposals must be obtained to ensure compliance with the Construction Documents. The bids must contain a work schedule to facilitate inspections by the reviewing department.
- Projects funded by booster clubs, PTA or other school affiliated groups, will also be handled by the “respective” group during the bid/proposal process. It is recommended proposals be sealed when submitted and opened at a designated time, in the presence of at least the school principal, the president of the parent group, a representative of the purchasing department, facilities department, or maintenance department, and the designing architect/engineer, if applicable.
- (e) In the event the project cost is expected to exceed \$10,000.00, a registered architect/registered professional engineer must be engaged to design, prepare, and “Seal” the necessary construction documents in accordance with State Board of Education rules. The project cost shall include all materials and labor, production design fees, reproductions, testing and surveys.

- (f) All bids or proposals, including work schedules, must then be submitted to the Facilities Supervisor for review and determination of the low bidder's compliance with the projects' contract documents. The project's originating group must make a recommendation regarding acceptance of the low bidder.
- (g) When compliance has been established, PTA, booster club, or other school affiliated group will receive written authorization to proceed from the Superintendent.
- (h) Depending on the scope of work involved, supplemental, periodic inspections may be made by the maintenance department as determined by the facilities supervisor.
- (i) Upon completion of the work the facilities supervisor must be contacted for final inspection prior to acceptance of the School Board at one of its regularly scheduled meetings.

CHANGE ORDERS

8.52

The Superintendent is authorized to approve and execute any construction contract Change Order which will decrease the construction contract amount or which will increase the construction contract amount by twenty-five thousand dollars (\$25,000.00) or less, provided the approval is in the best interest of the Board. To assure that the board receives quality work and maximum value, changes in the work shall be placed out for bid whenever practical or feasible. Each approval shall be reported by the Superintendent to the Board and entered in the official minutes at the next regular Board meeting.

- (1) Any Change Order which will increase the construction contract amount by more than twenty-five thousand dollars (\$25,000.00) shall be submitted by the Superintendent to the Board for review and action thereon. No such Change Order shall be binding until it is approved and executed by the Board.
- (2) Requested Change Orders concerning the same subject shall not be split in the event that the sum total of the initial requested change increases the contract amount by more than twenty-five thousand dollars (\$25,000.00).
- (3) With all requested Change Orders the Contractor shall provide, prior to commencing the work involved, accurate cost data in sufficient detail to enable any Architect or Engineer to evaluate and confirm its accuracy and the fair market value of all labor, materials, equipment, and incidentals required to accomplish the change.
- (4) With all requested Change Orders the Architect of Record for the Project shall certify in writing to the Superintendent and the Board that the cost of the requested change is fair, reasonable, and in proper proportion to the cost of the original work of the contract and shall recommend action thereon.
- (5) The cumulative total of all approved Change Orders on any project shall not increase the original construction contract amount by more than eight percent (8%) or \$100,000, whichever is less, without prior Board approval.
- (6) The Director of Facilities shall serve in the Superintendent's capacity for Change Order authorization whenever the Superintendent is absent or is ill. It is the intent of the Board that this provision be used sparingly. When construction changes can wait for the Superintendent's return, without undue harm or project delay, the approval shall wait for the Superintendent's personal review and signature.

- (7) All Change Orders shall be in compliance with Florida Statutes; Florida Department of Education publication titled "State Requirements for Educational Facilities, 1994" or any successor statute or rule.

Any group, including the parent-teacher organization, which desires to improve the school site, to add facilities, or to install equipment, shall submit a written proposal to the principal and Superintendent for approval. Any such improvement or addition shall become the property of the School Board. Permanent structures shall have utilitarian value in the operation of the school or may be erected in memory of some individual or group that has been associated with the school either as a student or School Board employee or an organization which has made some outstanding contribution to the school or District school system.

- (1) Articles of equipment donated to schools by individuals, groups, or organizations may be accepted if they contribute to the operation of the school program. Donors shall be notified that the title of this gift be in the name of the School Board.
- (2) All property, acquired, moved, or transferred which require alterations to the buildings or grounds for utilization of the facilities, shall be submitted for the Superintendent or designee's approval or disapproval. The request shall include a description and method of financing the property. Any agreement in which District funds are to supplement installation shall require prior written approval. CHAPTER 8.00 - AUXILIARY SERVICES

MINORITY BUSINESS PARTICIPATION IN CERTAIN CONTRACTS

8.54

- (1) Construction and Definitions. In construing this rule and each and every word, phrase, or part hereof, where the context will permit: (1) the singular includes the plural and vice versa; and (2) the masculine includes the feminine and neuter and vice versa. As used in this rule, the expressions "small business", "minority person", "minority business enterprise", and "certified minority business enterprise" shall have the same respective meanings as those expressions have when used in Section 287.093, Florida Statutes, the "Florida Small and Minority Business Assistance Act of 1985".
- (2) Scope and General Policy. It is the policy of the School Board that, in the performance of contracts for the construction, remodeling, repair or maintenance of its facilities, minority business enterprises (MBE's) shall have the maximum feasible opportunity for participation; provided that this rule shall be applicable only to such contracts of which the total dollar amount shall be one hundred thousand dollars (\$100,000) or more.
 - (a) The prime contractor (contractor) may, in lieu of making an independent investigation as to the status of any subcontractor as a minority business enterprise (MBE), rely on a written statement, furnished by the Department of General Services of the State of Florida and kept on file by the contractor, to the effect that the business of the subcontractor is currently a "certified minority business enterprise" as defined in Section 288.703, Florida Statutes. If the contractor elects to independently investigate whether a subcontractor qualifies as an MBE, the contractor shall provide an affidavit stating that he has so investigated and verified that the subcontractor is a qualified MBE.
- (3) Policy Implementation. In implementation of the policy described in Subsection (2), and as to each such contract, the specifications submitted to each prospective bidder shall include a copy of this rule, compliance with which will be monitored by the architect involved in the applicable contract.
- (4) Goal.
 - (a) The contractor agrees that he will make a good faith effort to subcontract at least ten (10) percent of the total value of the contract to MBE's. For purposes of MBE participation, the term "subcontract" includes those contracts, executed by the contractor in performance of the work on the School Board's facilities under the contract, for construction, remodeling, repair, site-improvement, service work, and supplies or materials. It is not made a requirement that the contractor in fact meet or exceed these goals in his subcontracting; however, it is a requirement that the contractor objectively demonstrate to the School Board that he has exerted good faith efforts to meet these goals. Notwithstanding the fact that the contractor may have the capability to complete the total project with his own work force and without the use of subcontractors, the contractor will still be required to make good faith efforts to subcontract to MBE's a share of the work consistent with the goals stated herein. An MBE contractor is prohibited from subcontracting more than ninety (90) percent of the original contracted amount to a majority subcontractor.

- (b) The degree of goal attainment by minority-majority joint ventures, minority contractors, and minority suppliers shall be calculated as follows:
 - (i) A joint venture consisting of minority and majority business enterprises, which joint venture is functioning as a contractor, will be credited with minority participation on the basis of the percentage of the dollar amount of the work to be performed by the MBE. For example, if such a joint venture proposes to perform fifty (50) percent of the contract, the total value of which is \$1,000,000.00, and fifty (50) percent of the work is to be performed by the minority partner in the joint venture, minority participation will be credited as twenty-five (25) percent of the total work or \$250,000.00.
 - (ii) If the contractor is an MBE, he will be credited with minority participation for the portion of the contract which he performs and that portion which he subcontracts to other MBE's. For example, if the contractor is an MBE and proposes to perform the contract for a total price of \$1,000,000.00 and then subcontracts twenty-five (25) percent to a majority firm and twenty-five (25) percent to another MBE, the minority participation will be credited as 75 percent or \$750,000.00.
 - (iii) The contractor will receive ten (10) percent credit toward goal attainment for the use of MBE's who are suppliers of materials. For example, where the contractor proposes to purchase \$100,000.00 worth of construction materials from an MBE supplier, then \$10,000.00 will be credited toward the contractor's MBE participation goal. However, where the MBE supplier is also the manufacturer of the product supplied, then minority participation will be credited as 100 percent of the dollar amount of the materials so supplied.
 - (c) The contractor shall maintain records showing both awards of subcontracts to MBE's, and good faith efforts to identify and award subcontracts to MBE's. The contractor shall also submit periodic status reports, as required by the architect, regarding the contractor's attainment of the MBE goals stated herein, and in a form and manner to be prescribed by the School Board.
- (5) Good Faith Efforts.
- (a) Any bidder who fails to agree to make a good faith effort to subcontract at least ten (10) percent of the total value of the contract to MBE's shall have his bid rejected as being nonresponsive.
 - (b) The contractor shall be deemed to be in compliance with the School Board's MBE participation requirements if he meets or exceeds or demonstrates that he made good faith efforts to meet or exceed the goals previously expressed herein for participation of MBE's as contractors, subcontractors, and suppliers. The contractor's commitment to the goals for MBE participation constitutes a commitment that he will make every good faith effort to meet those goals. No contractor shall be found to be in non-compliance solely due to his failure to meet the MBE participation goals stated herein, unless the contractor fails to make good faith efforts to achieve the MBE participation goals.
 - (c) Should the contractor fail to attain the goals for MBE participation set forth herein, he must demonstrate to the School Board his good faith efforts by documentation which includes, at least, the following:

- (i) Documentation of announcements in minority trade association newsletters and/or minority-owned media for specific subcontracting opportunities at least equal to the percentage goal for MBE utilization specified in the contract.
 - (ii) Documentation showing that the work to be subcontracted was reasonably segmented to an extent consistent with the size and capability of MBE's in order to provide reasonable subcontracting opportunities.
 - (iii) Documentation showing that, within ten (10) days after the contract is awarded, minority contractor associations were given written notice of the availability of specific subcontracting opportunities.
 - (iv) Copies of solicitation letters inviting quotations or proposals from MBE's segmenting portions of the work, and specifically describing, as accurately as possible, the portions of the work for which quotations or proposals are solicited and encouraging inquiries for further details.
 - (v) Documentation of good faith negotiations with those MBE's from whom quotations were received in an effort to reach mutually acceptable prices. Where the MBE negotiation was unsuccessful due to failure to agree on price, the contractor must document that the subcontractor selected for the work segment submitted a lower quotation than the MBE and that the work segment subcontracted was the same work segment under negotiation with the MBE, and not a reduced portion thereof.
- (d) The policies set forth in this rule describe the minimum good faith efforts which shall be made by the contractor in providing for MBE participation in implementation of the contract.
- (6) At the time final payment is requested, documentation shall be submitted to the School Board demonstrating that the contractor met or exceeded the MBE participation goals, or, if the MBE participation goals are not met or exceeded, that the contractor made good faith efforts to achieve the goals. If the contractor fails to demonstrate that good faith efforts, as provided for in this rule, were made to achieve any unmet portion of the MBE participation goals, the contractor will not be entitled to receive the dollar amount of the work which should have been subcontracted to an MBE but was not so subcontracted.
- (7) This rule shall be incorporated by reference in, and shall become an integral part of, every contract as described in Subsection (1) of this rule.

I. Physical Security of Equipment.

- a. Physical access to the school district's AS400/TERMS/NOVELL computers, site core networking equipment and servers, and peripheral equipment shall be restricted at all times to authorized individuals only. The Director in the Office of Technology & Information Services (OTIS), with the Superintendent's approval, shall determine those persons to whom access will be granted.
- b. Access to the district networks shall be restricted to authorized individuals only.

II. Security of Computer Networks.

- a. The Superintendent shall establish procedures to assure that programs and data used in district administrative applications are not accessible for unauthorized modification or unauthorized use. Access shall be restricted based upon training, certification, confidentiality and legitimate work related interest. Resources available over computer networks shall be appropriate for the intended educational purposes and for the particular user.
- b. Filters and firewalls shall be put into place to assist in restricting student or staff access to inappropriate materials. The Superintendent shall insure that there is a plan for restricting such access, including assignment of "passwords" to each person authorized to access information systems. It shall be a violation of this policy for any person to disclose any assigned password to any other person, except to staff members of the Department of Technology & Information Services for the purpose of resolving network problems. All requests for this purpose shall be made in writing to the Director in the OTIS.

III. Security of Data.

- a. All active data used in any district administrative application, whether stored on paper or magnetic media, shall be secured from access by unauthorized persons, unless such data have been affirmatively designated otherwise by policy or internal management directive. The Superintendent shall establish procedures to ensure that access to secure data is restricted to authorized users.
- b. It shall be a violation of this policy for any person to supply secure data to any other person or agency for any reason other than to satisfy reporting requirements imposed by a governmental agency, or to perform legitimate assigned duties under conditions of employment by the Board.

- IV. Safety of Programs and Data.** All active computer files, including programs/systems libraries, shall be "backed-up" periodically, on a scheduled basis. ("Back-up" means that copies of active files are made as of a date certain, so that in the event of a catastrophe only those transactions completed since the last copies were made must be re-entered.) The Superintendent shall establish a disaster recovery plan of action for insuring periodic back-up, which shall include provisions for storing backup file copies in a secure location well away from the district data center site. (The site to be used for this purpose will be the NWRDC)

- V. Internet Filter & Firewall** – A firewall and filter of transmissions, both outside and within the Gadsden County Schools' network, to help ensure access to only appropriate resources and to help ensure consistency in the quality of information/communication services provided for all users and mission-critical school functions.

- VI. **Least Privilege** - Physical and logical access to any system will be granted based on least privilege. When establishing accounts, standard security principles of “least privilege” to perform a function must always be used, where administratively feasible. Access privileges should be limited to those that the user has a genuine need for to complete job responsibilities and functions. For example, a root or administrative privileged account must not be used when a non-privileged account will do. Privileges must never be granted “in case” a user might need them.
- VII. **Security Incident Reporting & Response** - User will report actual or suspected electronic security incidents to the Gadsden County Public School OTIS at 850-627-9651 x 1296 and ceases use of the computer immediately, understanding that continued use may inadvertently damage the network and any potential evidence in the event that the electronic security incident becomes part of a criminal case. The user will provide a brief description as to why he/she thinks an incident has occurred.
- VIII. **Information Technology (IT) technicians and or the Network Administrator (NA)** will disable the port of the affected information technology device, if appropriate and contact the user of and/or technology liaison for the compromised device and provide instructions for any actions that need to be taken to possibly reestablish service. When required both the IT technician and the NA will work together along with Law Enforcement to gather any evidence required to assist in building a criminal case.
- IX. **System Modifications** – System changes and modifications are requested by submitting a System Change Request form to the Office of Technology and Information Services (OTIS). The Director of OTIS is responsible for approving all change requests and assigning appropriate prioritization.
- a. All Change Request will be submitted to the Technology Director in writing, the request should include a detailed description of the proposed change.
 - b. The change management group will evaluate the requestor’s proposal in light of their knowledge of business processes, and interdependencies and approve or deny the change.
 - c. If the request is approved, the change management group will assign responsibility for making the change to qualified personnel. The change management group assigns responsibility for making the change. The Committee will furthermore establish the relative priority of approved change request in relation to any other approved requests.
 - d. The change management group will make sure that all stakeholders are aware of the nature and potential impact of the proposed change.
 - e. The change management group will track progress on the proposed changes and have final approval.
 - f. The change management group will perform a follow-up on all changes. Successful changes, as well as reasons why a change did not go through as planned, and lessons learned from the experience will be included in the change log.
