

21st Century Community Learning Centers

The Gadsden Recreation, Education, Arts and Technology (G.R.E.A.T.) Centers provide after-school, weekend, and summer school support services to the students enrolled in first (9th) through twelfth (12th) grades in the Gadsden County Public School District.

The 21st CCLC After-School Program is designed to provide a safe, relaxing, and learning environment for school-age students.

Program activities will include academic and enrichment classes, workshops, guest speakers, and materials, such as:

- Homework/Tutoring Time
- Academic Focus: Math, Science and Reading
- Nutritional Snacks
- Character and Prevention Education
- Mentoring Services
- Physical Fitness and Gardening
- Technology
- Adult Family Member/Parenting Educational Enrichment Classes and Workshops
- Advisory Board (consisting of parents, students, teachers and administrators meetings held once monthly)
- Educational Information and Materials
- Music, Dance, Cheerleading, and Field Trips

We are committed to excellence in after-school programming by providing experienced and certified staff, as well as, quality activities and services.

Relationship: _____

Phone: _____

I have read, understood, and agree to all of the above.

Signature _____

RETURN application to: Child's School or The District Office Thank YOU!

APPLICATION DEADLINE: MONDAY, August 17, 2018

We Believe...

All students can learn and each child is special. When students set goals and are responsible for their own learning and behavior they will feel successful. Students come to after-school wanting to learn and have fun. It is important for students to learn how to learn because students learn at different rates and times. After-school will be a safe place for students and staff.

We Believe....

Teachers need to be enthusiastic about learning and positive toward students. High expectations increase student success. Thinking, interpersonal and communications skills need to be integrated into all activities.

We Believe....

Parents need to help by holding students accountable and helping them be responsible for their own learning. The skills and attitudes learned in the after-school program will make the community a better place for all. Communication between the home and after-school should be open, honest, and frequent. Staff, students and parents working together will give all students the best chance to succeed. Parents should feel welcome and involved in our after-school program. Input from parents and community should be part of a continuous school improvement process. The after-school program and the community should work together to identify and achieve student goals.
