Students Prep for August Total Solar Eclipse

Photo: Dionne Davis

On Monday, Aug. 21, 2017, a total eclipse will cross the entire country, coast-to-coast, for the first time since 1918. Weather permitting; the entire continent will have the opportunity to view an eclipse as the moon passes in front of the sun, casting a shadow on Earth's surface. Leon County and Gadsden County viewers should be prepared for this spectacle between 1:10 pm - 4:07 pm. Never directly look at any portion of the sun without the proper eye protection! We found our protective eyewear on a Solar Eclipse display at Wal-Mart in Quincy. Read more: nasa.com

Dixie Cup? Frozen Cup? Cold Cup? Iceberg or Huckabuck?

A homemade frozen dessert, the sweet helps the 21st CCLC kids to cool down and calm down. Depending on where you are in the South, you may hear them called Dixie Cups, like in Quincy. Where I'm from, New Orleans, locals called them icebergs. We paid 25¢ and sometimes 50¢. All you need are cups, punch, pineapple juice, stir, freeze, and ta-dah!

"Drugs Just Aren't My Style"

Gadsden County Law Enforcement Officers spoke to summer school students about the harmful effects of OPIOIDS. The purpose of their visit was to encourage and motivate students to just say, "No" to any drug.

"I AM ME"

By Alvita Williams
6th Grade

I'm a Panamanian princess. I'm really good at singing, acting and even with all my stresses, I love to be noticed. Yeah, it's crazy, but I've been that way since I was a baby. My favorite colors are teal and turquoise. I'm a little geek girl. All we have to remember is I am me. Who are you?
