

The School Board of Gadsden County

Bylaws & Policies

Unless a specific policy has been amended and the date of the policy was revised is noted at the bottom of that policy, the bylaws and policies of The School Board of Gadsden County were adopted on June 25, 2013, and were in effect beginning June 26, 2013.

1002 - ASSESSMENT OF DISTRICT GOALS

One of the major functions of the School Board is to work with the administration to establish the goals by which the District can accomplish its mission and to provide the resources necessary for their accomplishment. Because of the importance the Board places on accomplishing goals, it has established the following policy for effective assessment of the District's progress toward their realization.

The progress-assessment of goals shall take place at a time of the year when the following conditions are most favorable to assure this policy operates as intended.

- A. There is adequate and reliable data available on results-to-date of each District goal (AP 1002) so the assessment can focus on how well the District is accomplishing its goals.
- B. Evaluations or progress assessments of the District's learning programs as well as evaluations of key administrators and other staff have been completed so such data is available for reference by the Superintendent and Board during the assessment of District goals.
- C. Summaries and synthesized data and the evaluation data on programs and staff, are available to serve as reference information when determining the reasons for progress and/or lack of progress toward the accomplishment of District goals.

This annual process of assessing programs and resources shall not be considered finished until:

- A. District goals and the strategies and actions being used to accomplish them have been reviewed and reprioritized;
- B. revisions have been made in light of what all of the evaluation data for that year has indicated should be changed or continued in order to improve the accomplishment of District goals.
