1122.02 - NONDISCRIMINATION BASED ON GENETIC INFORMATION OF THE EMPLOYEE

The School Board does not discriminate against any employee or applicant for employment with respect to hiring, compensation, terms, conditions, or privileges of employment based on genetic information. The Board also does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information. Retaliation against an applicant or employee for engaging in protected activity is prohibited.

As required by Federal law and regulation, the Board shall direct its employees not to provide any genetic information in response to requests for medical information, including but not limited to FMLA medical certification or recertification. The Board shall also direct applicants for employment not to provide any genetic information in response to requests for medical information as part of the District's application process. "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services. As required by Federal law, if the District inadvertently receives genetic information about an employee or applicant for employment from the employee, applicant for employment, or a medical provider it shall be treated as a confidential medical record.

The Superintendent shall appoint a compliance officer whose responsibility it will be to ensure that Federal regulations are complied with and that any inquiries or complaints are dealt with promptly in accordance with law. S/He shall also ensure that proper notice of nondiscrimination for Title II of the Genetic Information Nondiscrimination Act of 2008 is provided to staff members.
