

The School Board of Gadsden County

Bylaws & Policies

Unless a specific policy has been amended and the date of the policy was revised is noted at the bottom of that policy, the bylaws and policies of The School Board of Gadsden County were adopted on June 25, 2013, and were in effect beginning June 26, 2013.

1131 - REDUCTION IN STAFF

If workforce reduction is needed, the School Board must retain administrators in the School District based upon educational program needs and the performance evaluations of those administrators. Within the program areas requiring reduction, the administrator with the lowest performance evaluations must be the first to be released; the administrators with the next lowest performance evaluations must be the second to be released; and reductions must continue in like manner until the needed number of reductions has occurred.

The Board may not prioritize retention of administrators based on seniority.
