

The School Board of Gadsden County

Bylaws & Policies

Unless a specific policy has been amended and the date of the policy was revised is noted at the bottom of that policy, the bylaws and policies of The School Board of Gadsden County were adopted on June 25, 2013, and were in effect beginning June 26, 2013.

1160 - PRE-EMPLOYMENT PHYSICAL EXAMINATION

It is the policy of the School Board that the Superintendent may require, after a conditional offer of employment, that the successful candidate submit to a medical examination in order to determine the candidate's physical and/or mental capacity to perform essential functions of the position, with or without reasonable accommodation, provided that the Board requires other successful candidates for the same position (or job classification) to do so. Such examinations shall be performed by a health provider designated by the District.

Individuals who are required to submit to an appropriate examination will also be required to execute a release that complies with the requirements of the Health Insurance Portability and Accountability Act in order to allow the report of the medical examination to be released to the Board/Superintendent and to allow the Superintendent or his/her designee to speak to the health care provider who conducted the medical examination in order to get clarification (see Form 1160 F2). Refusal to submit to an appropriate examination or to execute the HIPAA release will be grounds for withdrawing the conditional offer of employment.

As required by Federal law and regulation and Board Policy [1122.02](#), the Superintendent shall direct the successful candidate who is being required to submit to a medical examination, as well as the provider that is designated by the Board to conduct the examination, not to provide any genetic information in the report of the medical examination.

Such report should indicate whether the candidate can perform essential functions of the position, with or without reasonable accommodation.

Employees will be notified of the results of the medical examination upon receipt. Pursuant to State law and in accordance with the Americans with Disabilities Act, as amended, any and all reports of such examination will be confidential and exempt from release, except as provided by law. As required by Federal law, if the District inadvertently receives genetic information about an individual who is required to submit to an appropriate examination from the medical provider it shall be treated as a confidential medical record. In the event of a report indicating that the candidate is not qualified to perform the position's essential functions, with or without reasonable accommodation, the Superintendent will make a recommendation to the Board of non-employment. The Superintendent may discuss the results of the report with the healthcare provider who conducted the medical examination prior to making a recommendation to the Board.

The Board shall pay any uninsured fees for required examinations.
