1590 - PERSONNEL FILE

It is necessary for the orderly operation of the School District to prepare a personal information system for the retention of appropriate files bearing upon an employee's duties and responsibilities to the District and the District's responsibilities to the employee.

The School Board requires that sufficient records exist to determine an employee's qualifications for the job held, compliance with Federal, State, and local benefit programs, conformance with District rules, and evidence of completed evaluations. Such records will be kept in compliance with the laws of the State of Florida.

The term personnel file as used in this section shall mean all records, information, data, or materials maintained by a public school system, in any form or retrieval system whatsoever, with respect to any of its instructional staff, which are uniquely applicable to that employee, whether maintained in one (1) or more locations.

Only that information which pertains to the professional role of the employee and submitted by duly authorized school administrative personnel and the Board may be entered in the official record file.

A copy of each such entry shall be given to the employee by certified mail or personal delivery. The employee's signature on a copy of the materials to be filed shall be proof that such materials were given to the employee, with the understanding that such signature merely signifies receipt and does not necessarily indicate agreement with its contents.

The employee shall have access to his/her file upon request.

The related procedures manual is entitled Personnel File Procedures.
