

The School Board of Gadsden County

Bylaws & Policies

Unless a specific policy has been amended and the date of the policy was revised is noted at the bottom of that policy, the bylaws and policies of The School Board of Gadsden County were adopted on June 25, 2013, and were in effect beginning June 26, 2013.

2131 - EDUCATIONAL OUTCOME GOALS

The School Board believes that the mission of the District is being accomplished when there is valid evidence that its educational programs are making it possible for students to achieve one or more of the following educational outcomes, commensurate with their ability and potential:

- A. job skills for the workplace and the skills and attitudes to obtain further education
- B. an understanding of others, including but not limited to, those with social and cultural characteristics different from his/her own, and of those with mental or physical disabilities, and the ability to engage in responsible relationships with others
- C. use of the knowledge, attitudes, and skills to contribute effectively to the decision-making processes of political institutions of the community, State, country, and world
- D. use of the knowledge, habits, and attitudes that assure good personal and public health
- E. the willingness and ability to apply ethical principles and values to his/her own life
- F. an understanding of his/her own worth, abilities, potentialities, and limitations
- G. enjoyment of the process of learning and commitment to continuous learning throughout one's lifetime
- H. the capacities for fulfilling satisfying and responsible roles in family life
- I. an understanding of and the ability to cope with change
- J. become life-long learners
