2012 – 2013 Dual Enrollment Articulation Agreement

Gadsden County Schools and Tallahassee Community College

- I.** Section 1007.271, Florida Statutes, specifies the development of a dual enrollment articulation agreement between district school superintendents and Florida College System presidents within their respective school districts and service areas for the purpose of jointly developing and implementing a comprehensive articulated acceleration program that serves the school district. This Agreement is made by and between the District Board of Trustees of Tallahassee Community College, hereinafter referred to as TCC, and the District School Board of Gadsden County, hereinafter referred to as the School Board. This agreement is intended to implement 1007.271, Florida Statutes, and State Board of Education Rule 6A-10.024.

The term of this agreement shall commence upon signing and shall end June 30, 2013. Either party may cancel this Agreement upon thirty (30) days written notice should the other party fail substantially to perform in accord with its terms through no fault of the party initiating the termination. In the event of a termination, both schools agree that students who are currently in secondary courses working toward fulfilling the competencies or who are in their first semester at TCC will be allowed to complete the articulated credit. This Agreement may be amended only by written communication signed by the Superintendent of the District School Board of Gadsden County and the President of Tallahassee Community College.

A. Composition and Roles of Articulation Committee

Committee members from the School Board will be appointed by the Superintendent of the School Board or designee. Committee members from TCC will be appointed by the President of TCC or designee. The meeting time and location of the committee shall be determined mutually by representatives of both parties.

The role of the Articulation Committee is to work collaboratively to develop and revise the Dual Enrollment Articulation Agreement that exists between TCC and the School Board.

B. Ratification of Articulation Agreements between TCC and the School Board

This agreement replaces any existing agreement with TCC and the School Board regarding the Interinstitutional Articulation Agreement.

II. Procedures to Notify Students and Parents about the Option to Participate

It is the responsibility of the high schools in the district to inform students of the availability of the dual enrollment program requirements and currently offered courses through educational planning and guidance process. Each high school will advertise dual

enrollment through a variety of methods. High school personnel will direct students to meet with their high school guidance counselor if they are interested in learning more about participation in dual enrollment. High school guidance counselors will review with the student criteria for participation in the dual enrollment program. Information will also be available to students and parents on TCC's Dual Enrollment website.

It is the responsibility of the high schools to notify parents about the option for their child to participate in dual enrollment courses through a variety of means.

III. Courses And Programs Available To Eligible Dual Enrollment Students

Section 1007.271(1), Florida Statutes, establishes that "the dual enrollment program is the enrollment of an eligible secondary student in a postsecondary course creditable toward high school completion and a career certificate or an associate or baccalaureate degree". A student who is enrolled in postsecondary instruction that is not creditable toward a high school diploma may not be classified as a dual enrollment student. Physical education skills courses and college preparatory instruction are not eligible for dual enrollment.

Students enrolled as dual enrollment, early admission, or career dual enrollment shall be exempt from the payment of registration, tuition, and laboratory fees. Students enrolled as dual enrollment, early admission, and career dual enrollment, will be eligible to participate in both high school and College activities as appropriate including graduation and other extracurricular activities. Participation in all college activities must be approved by the Vice President for Student Affairs.

A. College Credit Courses Offered on the High School Campuses

Section 1007.271(8), Florida Statutes, established that "District school boards shall annually assess the demand for dual enrollment and provide that information to each partnering postsecondary institution". TCC and the School Board will work collaboratively to ensure students eligible for dual enrollment shall be dually enrolled students at a TCC site on the high school campus, and/or through distance learning, as appropriate.

Faculty who wish to teach college credit courses that are offered on the high school campuses must complete a TCC application and all other procedures required by TCC's Human Resources and Academic Divisions. Applicants must be recommended for hire by the appropriate Academic Dean/Director. Faculty must also adhere to the following guidelines (Florida Statutes, 1007.271 (5a):

1. Meet the qualifications required by TCC as identified in the TCC Faculty Credentials Manual. The qualifications apply to all faculty members regardless of the location of instruction. TCC requires compliance with these qualifications.
2. Provide TCC with an official copy of the postsecondary transcript.
3. Provide a copy of the current syllabus for each course taught to the discipline chair or department chair of the postsecondary institution before the start of each term. The content of each syllabus must meet the same standards required for all college-level courses offered at TCC.
4. Adhere to the professional rules, guidelines, and expectations stated in TCC's adjunct faculty handbook.
5. Adhere to the rules, guidelines, and expectations (which apply to faculty members) that are stated in TCC's student handbook.

Dual enrollment courses taught on the high school campus must meet the same competencies required for courses taught on the TCC campus. To ensure equivalent rigor with courses taught at TCC, the high school instructor will provide a comprehensive, cumulative end-of-course assessment or a series of assessments of all expected learning outcomes to the appropriate Dean or designee. The completed and scored assessments must be returned to TCC and held for one year (Florida Statutes, 1007.271 (6a)).

Based on need and faculty availability, TCC will decide what courses can be offered on the high school campus. Advanced Placement (AP) students who do not take or pass the AP examination are not permitted to earn postsecondary credit for the AP course via dual enrollment. Per Section 1007.272, Florida Statutes, no student will be allowed duplicate credit based on enrollment in a joint AP/dual enrollment course. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course, per Section 1007.271 (6d), Florida Statutes.

Dual enrolled students taking courses on the high school campus must follow the same enrollment and registration procedures as the students taking courses on TCC's main campus.

B. Early Admission Dual Enrollment

Early Admission shall be a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis (minimum of 12 credit hours and maximum of 15 credit hours) in courses that are creditable toward the high school diploma and the associate or baccalaureate degree. Early admitted students will be exempt from the payment of registration, tuition, and laboratory fees. Both the high school and TCC must approve Early Admission for a high school student each semester.

C. Career Dual Enrollment

Career dual enrollment is a curricular option of elective credits toward earning the high school diploma and completing a career-preparatory certificate program (PSAV). Career dual enrollment is not intended to enable students to take isolated courses unrelated to a program. TCC offers career dual enrollment in Basic Corrections, Telecommunications, Armed Security, and Unarmed Security. It is the full responsibility of the School Board to provide full instructional costs, as approved by the School Board for faculty teaching TCC career dual enrollment courses as part of their contractual assignment.

IV. Procedures for Participation in Dual Enrollment Courses

As of August 1, 2012, TCC only administers P.E.R.T to test for dual enrollment eligibility.

Based on State Board of Education Rule 6A-10.0315, high school students are only allowed a maximum of two attempts on P.E.R.T. Beginning August 1, 2012, TCC will monitor attempts on P.E.R.T by sharing score reports. High schools must

provide a P.E.R.T. test history for each student who enrolls in dual enrollment beginning August 1, 2012.

Testing for dual enrollment eligibility

It is the high schools' responsibility to provide P.E.R.T. for dual enrollment eligibility. TCC will work with the high schools and assist with placement testing for special circumstances.

All students who take the dual enrollment eligibility test must have completed a TCC Dual Enrollment Online Application PRIOR to testing. There are no exceptions.

V. Eligibility Requirements

A. Initial Enrollment for Academic Dual Enrollment

As indicated in Florida Statutes, 1007.271, student eligibility requirements for initial enrollment in college credit dual enrollment courses must include a 3.0 unweighted high school grade point average and the minimum score on a common placement test adopted by the State Board of Education which indicates that the student is ready for college-level coursework.

According to Florida State Board of Education Rule 6A-10.0315, the student must submit a copy of test scores (SAT, ACT, P.E.R.T.) to TCC that places the student into college-level courses. Scores must be less than two years old.

TCC defines readiness for college-level coursework as placement into college-level Mathematics **and** English **and** Reading.

Students who wish to enroll in dual enrollment prior to completing the 10th grade FCAT will be required to place into college-level Mathematics **and** English **and** Reading in order to be eligible for the dual enrollment program. There are no exceptions to this rule.

Students who wish to enroll in dual enrollment after taking the 10th grade FCAT and have appropriate scores (see *Table 1*) on the English and Reading areas and who do not have appropriate scores on the math portion of the college placement test will only be allowed to accumulate 12 college credit hours until the math portion of the test is passed. (High school students are only allowed a maximum of 2 attempts on P.E.R.T.) Students must be enrolled in the high school math college readiness course

during the accumulation of the 12 college credit hours or have successfully completed the high school math college readiness course which will be verified through the high school transcript. There are no exceptions to this rule. Students must place into ENC 1101 with their test scores to be eligible to participate in the dual enrollment program.

B. Continued Enrollment for Academic Dual Enrollment

Students must maintain a minimum 3.0 unweighted cumulative high school grade point average.

Additionally, the TCC GPA will be reviewed each semester and students must maintain a 2.5 TCC GPA at the time of review as well as a successful completion rate of 75% (C or better). Students will be given a one semester grace period if the TCC GPA is below 2.5 or completion is below 75%. High school students are only allowed one grace period.

C. Initial Enrollment for Career Dual Enrollment

As indicated in Florida Statutes, 1007.271, student eligibility requirements for initial enrollment in career dual enrollment courses must include a 2.0 unweighted high school grade point average and the appropriate score on the entry test determined by TCC. Students shall use the Common Placement Scores as shown in *Table 1*.

D. Continued Enrollment for Career Dual Enrollment

Students must maintain a minimum 2.0 unweighted cumulative high school grade point average. A high school GPA below 2.0 will result in loss of dual enrollment eligibility.

Additionally, the TCC GPA will be reviewed each semester and students must maintain a 2.0 TCC GPA at the time of review as well as a successful completion rate of 75% (C or better). Students will be given a one semester grace period if the TCC GPA is below 2.0 or completion is below 75%. High school students are only allowed one grace period.

VI. High School Credit Earned for the passage of Dual Enrollment Courses

College courses as specified in the Florida Department of Education Articulation Coordinating Committee Statewide Agreement for Dual Enrollment Courses – High School Subject Area Equivalency List are eligible for dual enrollment. This list is available at <http://www.fldoe.org/articulation/pdf/DEList.pdf>. Eligible courses may be taken in any format that TCC offers them unless otherwise specified in the Agreement.

Other courses in the Statewide Course Numbering System, with the exception of remedial courses and physical education skills courses, can be used for dual enrollment credit and count toward high school graduation, including electives provided these courses are specified in this agreement.

Courses Not Specified on the List – Courses that are not listed in the Dual Enrollment Course – High School Subject Area Equivalency List that are taken through dual enrollment must be identified in the Dual Enrollment Articulation Agreement along with the number of high school credits to be awarded either as an elective or subject area credit.

VII. Procedures to Inform Students and Parents about the College-Level Course

Expectations

It is the responsibility of the high schools in the district to inform the students and parents about the college-level expectations. TCC will inform students and parents of college-level course expectations through a dual enrollment orientation. TCC will also inform students and parents of college-level course expectations through the use of the course syllabus which is given to each student in each college-level course at the beginning of each semester.

VIII. Procedures for Determining Exceptions to Required Grade Point Averages

According to Florida Statutes, 1007.271(3), “Exceptions to the required grade point averages may be granted on an individual student basis if the educational entities agree and the terms of the agreement are contained within the dual enrollment articulation agreement established pursuant to subsection (21).”

Exceptions to High School Grade Point Averages Terms:

Upon recommendation by the principal or designee, a student with an unweighted GPA of 2.75-2.99 may enroll for a maximum of 6 hours of dual enrollment courses provided that the student has shown evidence of ability to do advanced level work through successful completion of Advanced Placement, Honors, or other advanced courses or supplemental work and provided that the student is in a high school college preparatory program. Continuation of dual enrollment will require satisfactory progress in all college dual enrollment courses as defined in Section V.B of this agreement and successful completion of all high school courses with grades no lower than “B”. Documentation must be provided to TCC’s Associate Dean for Curriculum.

Exceptions related to serious illness or other extenuating circumstances will be reviewed on a case by case basis and must be approved by both the principal and TCC’s Associate Dean for Curriculum.

TCC will provide a form to the high school that must be completed, signed, and returned to TCC before the student will be allowed to continue in the program.

TCC will not make exceptions to the required TCC grade point average. Students will be given a one semester grace period in which a review will take place to determine continued eligibility. The grace period can only be used once during the student's high school matriculation.

IX. Registration Procedures for Dual Enrollment

Students must complete their registration form with their high school guidance counselor. The form must be completed with all the required information about course reference numbers as well as 2nd options. The completed registration form will be given to TCC's Dual Enrollment Advisor, who will register the student for courses that are available at the time the form is received.

X. Exceptions, if any, to Professional Rules and Guidelines for Instructors teaching Dual Enrollment Courses

There are no exceptions.

XI. Exceptions, if any, to Rules and Guidelines stated in the student handbook which Apply to Faculty Members.

There are no exceptions.

XII. Responsibilities of the School Board Regarding Determination of Student Eligibility before Dual Enrollment Participation and Monitoring of Student Performance while Participating in Dual Enrollment

The School Board is responsible for determining if the student is eligible to be tested for the dual enrollment program. Students who have a 3.0 unweighted high school grade point average and who have an interest in participating in dual enrollment should be referred to their high school guidance counselor about the eligibility requirements for the program. Students must have a TCC application on file before the student will be tested.

It is the School Board's responsibility as well as TCC's responsibility to monitor student performance in dual enrollment. The School Board and TCC should exchange student transcripts in order to make sure that students are eligible to continue in the dual enrollment program.

PROGRAM DESIGN AND FORMAT

Small Class Sizes

Benefit: Having small classes allows the student to have that one-on-one contact with the teacher. The students are able to ask questions and have them answered comfortably. Small classes allow students to interact with one another and have discussions about the same career.

Convenient Class Schedules

Benefit: Having a convenient class schedule allows students to have a normal work schedule and family life. Students can set time aside for other activities without interfering with their school schedule.

Attendance Policy

Benefit: This is another form of discipline that allows students to develop an excellent work ethic.

One Class at a Time

Benefit: Students are able to focus on one class at a time. This allows them to adjust to the college atmosphere while maintaining a full-time job and family responsibilities.

Hands-on Training

Benefit: Students are given practical skills to enable them to excel in their chosen field. This produces a higher quality student, which gives our graduates an edge over other applicants. Students are also given “real world” training, which directly translates to marketable skills in their career.

Classes Begin Monthly

Benefit: A monthly class schedule gives potential students the ability to start their program throughout the year, which prevents students from postponing their education.

Financial Aid

Benefit: A qualified financial aid expert is available during daytime & evening hours to help students complete the application process here on campus or on-line.

Tutoring

Benefit: Students get the added attention they need so they can achieve success.
