

iTEAMS XTREME NEXT GENERATION

WHERE

Georgetown Middle School
2400 Anthuan Maybank Drive
Georgetown, SC

WHO

Rising 6TH, 7TH & 8TH Graders

WHEN

July 9 – 12, 2018
8:30^{AM} – 4:00^{PM} daily

COST

FREE
includes materials, lunches,
snacks and transportation

SPONSORED BY

(Micro)control your world!

We live in a world where everything is
computerized and automated...
down to the “micro” level!

Arduino & Robotics

Explore the world of microcontrollers, electronics and circuits through Arduino technology. Learn how to program your very own microcontrolled robot and pit it against other students' robots in campwide competitions such as *Dance Robot Dance* and *Robot Wars*.

Arduino & Games

Learn how to create game tools such as stopwatches, randomized dice, buzzers and sensors, then use the tools to build and play Arduino games. This is an advanced track; prior knowledge of and experience with Arduino preferred.
