

American

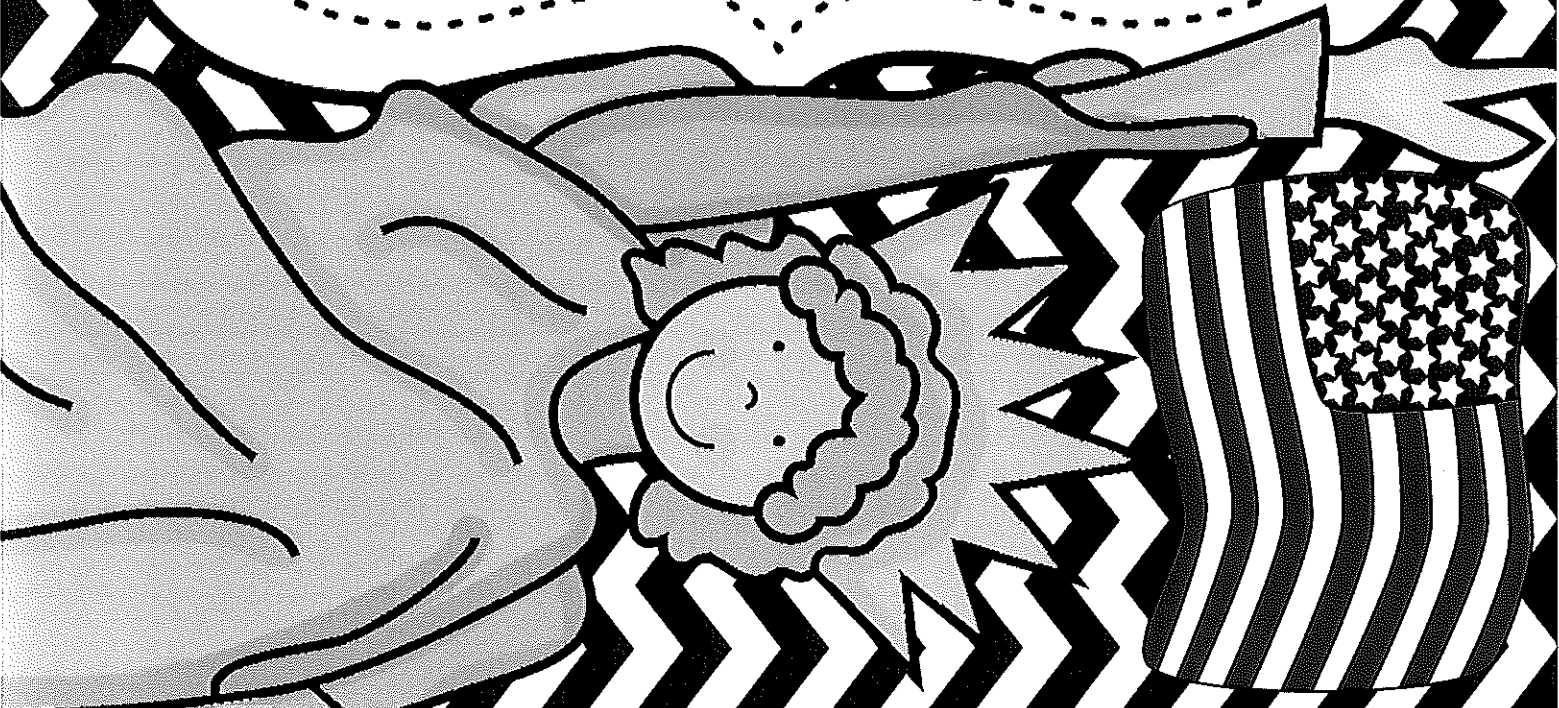

Symbols

Freebie

veterans day activity

by:

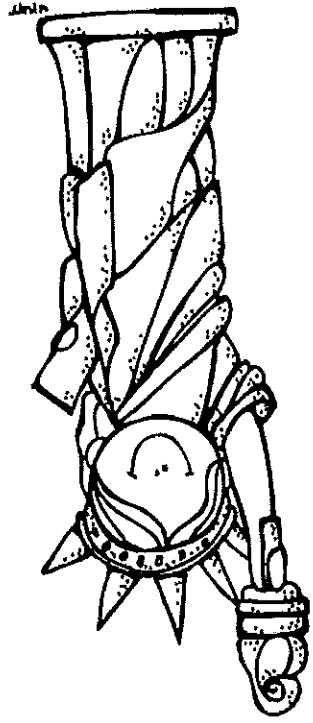

Ashley Sanderson

Instructions

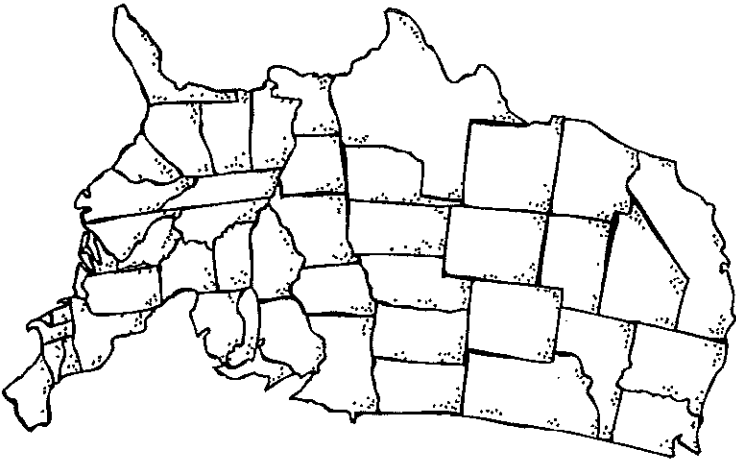

Talk to the students about how people fought for our freedom. They are known as veterans. Veterans fought for the freedoms we have today and we have symbols that we use to show that freedom.

Copy the "Symbols of our Country" pages back to back. Give to the students so that they can research each of the American Symbols. They will fill out their American Symbols book with the new information they have found.
