my COUNTING BOOK

by karen jones

Thank you for downloading!

This Counting Book is designed for Pre-K and Kindergarten students working on number writing and counting. It is modeled after Anno's Counting Book by Mitsumasa Anno, and would be a great connection to that wordless picture book.

Cut & staple. Students trace each number, write the number in the box, then draw that number of objects, animals, etc. in the large rectangle.

Enjoy!

If you like this product, please leave feedback, visit my [store](#) & [blog](#) and become a follower to be notified of my new products and freebies! Thank you!
