

November 25, 2016

Dear Dr. Kelly,

As we discussed earlier this week, Durham would like to provide support to the families impacted by the tragic accident that occurred on Monday. In the midst of this time of intense grief, we will cover the following expenses:

- Funeral expenses;
- Family member travel-related expenses to attend the funeral;
- Counseling for family members, parents and members of the Woodmore Elementary School staff;
- Hospital expenses for students involved in the crash, and;
- Medical expenses related to the crash for up to six months from the date of release from the hospital.

Our entire team is devastated by this accident and shares in your and your community's pain. We are just as anxious as you are to figure out what happened, and while we are working with investigators, please know that we are keenly aware that many are suffering. It is our hope that this offer of support provides a small level of comfort. Please feel free to contact me at any time.

Sincerely,

David A. Duke
President and CEO
