Date: October 8, 2015

Subject: Contract approval for the Structural Repairs of the Stadiums
Precast Concrete Bleachers

Background Information: At the regular Board Meeting on August 27, 2015 permission was given to advertise for bids on the Structural repair of the Stadiums precast concrete bleachers. We advertised in the Tampa Tribune on September 1, 2015, September 8, 2015 a pre-bid meeting was conducted by our Structural Engineer, Mr. William Weber. At the meeting the specifications, drawings, and a project manual was distributed. With all questions being answered, we adjourned to the Stadium for field observations of the structural issues.

The bid opening was conducted on September 22, 2015. Nine contractors attended the pre-bid, and seven responded. The low bidder SPC Construction Group's bid was consider unresponsive, as it did not include all of the required documentation. The next low bidder was American Structural, Inc. at \$159,178.00. Mr. Weber has worked with them, and they are knowledgeable and experienced in concrete restoration.

We have completed two Phases of this project. Phase III is the next step, the repair of the Category A deficiencies, the ones that have been identified as needing repair as soon as possible. We therefore ask that you approve this contract allowing us to proceed. A tentative start date would be November 9, 2015, depending on the success of Wildcat Football team in reaching the playoffs.

Administrative Consideration (include F.S., Rule, Authority, etc.):

Primary reference: State Board Rule

Fiscal Impact: \$159,178 from 2015-16 capital outlay tax funds.

Director of Finance signature: 

Superintendent's Recommendation to School Board: Recommend approval of American Structural, Inc.'s bid for structural repairs of the stadium's precast concrete bleachers for \$159,178.
