Author: 
Greg Harrelson, Finance Director

Date:
September 6, 2016

Subject:
District Facilities Work Program FY 2016-17 to 2020-21

Background Information:

This Facilities Work Program includes schedules in the format specified by the Florida Dept. of Education. The Board approved the Tentative District Facilities Work Program on August 25, 2016.

On August 29th, I e-mailed a copy of the Tentative District Facilities Work Program to city/ town managers in Bowling Green, Wauchula, and Zolfo Springs, and to the Hardee County manager for them to review and respond to me by 10 AM today. No response.

On September 1st, we posted the agenda for this hearing on the School Board website. On September 1st, we advertised a Public Hearing on District Educational Facilities Plan in the *Herald-Advocate*.

This Work Program is very similar to the Tentative District Facilities Work Program approved on August 25th. Changes made to the tentative work program include:

- Page 3 Capital outlay tax expenditures- year 1 increased equipment by \$4,000.
- Page 5 Additional revenue sources- year 1 increased other revenue for other capital projects by \$52,279. The "other revenue" is fuel tax refunds.
- Page 7 Other project schedules- year 1 added project for stadium paving \$52,279.

We can modify the Work Program, if needed, during fiscal year 2016-17.

Administrative Consideration:

Section 1013.35, Florida Statutes. The adopted district facilities work program shall be a complete balanced capital outlay plan for the district and set forth planned expenditures of the district to address the educational facilities needs of its students and to provide for the maintenance of educational plant and ancillary facilities. The district facilities work program is due by October 1.

Fiscal Impact: 
Projected revenues and expenditures are listed throughout the Work Program document.

Proposed Recommendation to School Board:

Recommend approval of the District Facilities Work Program for FY 2016-17 to 2020-21.

INTRODUCTION

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.

If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.

If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

Summary of revenue/expenditures available for new construction and remodeling projects only.

Planning

Class Size Reduction Planning

Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.

Hardee County School Board changed zoning for elementary school students in 2006-07 and 2007-08 to assign students to the new Hilltop Elementary school and to relieve overcrowding at other elementary schools.

All elementary schools in Hardee County are designated as public schools of choice with controlled open enrollment.

Hardee County School Board remodeled building #8 for five classrooms at Wauchula Elementary. The building had been used at the adjacent old Jr. High campus. If needed, the Board could authorize remodeling building #10 (5 classrooms, 3 resource rooms and 2 labs) to increase capacity at Wauchula Elementary. Building #10 is currently vacant at the adjacent old Jr. High campus.

School Closure Planning

Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

None.
