

Hardee County School Board Agenda Analysis

Author:

Greg Harrelson, Finance Director

Date:

October 8, 2020

Subject:

Internal accounts audit report for 2019-20

Background Information:

CliftonLarsonAllen, CPA's have completed their audit of the District's internal accounts for fiscal year 2019-20 and have issued an audit report (15 pages) and a communication letter to Board members (3 pages).

There are three audit findings this year covering cash receipts and cash disbursements, fundraising reports, and timeliness of receipts. As indicated in "management responses", new procedures have been implemented to address the findings. This was a good audit report, especially considering the disruption due to COVID-19 with parent refunds.

Administrative Consideration:

State Board of Education Rule 6A-1.087- The school board shall provide for an annual audit of internal funds by a person certified by the State Board of Accountancy as a certified public accountant. The auditor shall submit a signed, written report to the school board covering internal funds that shall include any notations of any failure to comply with the requirements of Florida Statutes, State Board Rules and policies of the school board, and commentary as to financial management and irregularities. Such audit shall be presented to the school board while in session and filed as part of the public record.

Fiscal Impact:

The audit and technology fee of \$11,130 will be paid proportionately from General Fund 900 allocations to the schools and recreation complex. The internal accounts' asset balance decreased by \$14,102 in 2019-20 to \$325,045.

Proposed Recommendation to School Board:

Recommend approval of internal accounts audit report for FY 2019-20 and communication letter to Board members.

INDEPENDENT AUDITORS' REPORT

Hardee County District School Board
Wauchula, Florida

Report on the Financial Statement

We have audited the accompanying financial statement of the agency fund of the internal fund accounts of the Hardee County District School Board (the District) as of June 30, 2020, and the related notes to the financial statement, as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of the agency fund of the internal fund accounts of the Hardee County District School Board as of June 30, 2020, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statement presents only the agency fund of the internal fund accounts and does not purport to, and does not, present fairly the financial position of Hardee County District School Board as of June 30, 2020, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statement is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statement that collectively comprises the internal fund account's basic financial statement. The combining statement of receipts, disbursements, transfers, and balances of the internal fund accounts is presented for purposes of additional analysis and is not a required part of the basic financial statement.

The combining statement of receipts, disbursements, transfers, and balances of the internal fund accounts is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statement of receipts, disbursements, transfers, and balances of the internal fund accounts is fairly stated, in all material respects, in relation to the basic financial statement as a whole.

Hardee County District School Board
Wauchula, Florida

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 21, 2020, on our consideration of the Hardee County District School Board's internal fund accounts internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Hardee County District School Board's internal fund accounts internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**HARDEE COUNTY DISTRICT SCHOOL BOARD
NOTES TO FINANCIAL STATEMENT
JUNE 30, 2020**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The internal fund accounts of the Hardee County District School Board (the District) are comprised of eight individual accounts. There is an account for each of the seven schools in the District and one for the Hardee Community Recreation Center. This financial statement presents only the internal fund accounts and is not intended to present fairly the financial position and results of operations of the District in conformity with accounting principles generally accepted in the United States of America. The internal fund accounts are included in the District's annual financial report as a fiduciary fund.

Basis of Accounting

Basis of accounting refers to when transactions are recognized in the accounts and reported in the financial statements. It is the policy of the District to account for the internal funds of the schools on the accrual basis of accounting. The internal funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Cash and Cash Equivalents

Cash and cash equivalents are defined to include cash on hand as well as demand deposits and investments with original maturities of three months or less from the date of acquisition.

Investments

Internal funds are authorized to invest in certificates of deposit and time deposits of qualified public depositories, securities guaranteed by the U.S. government, or other investments authorized by Florida Statutes. At June 30, 2020, the Internal Funds held no investments.

NOTE 2 DEPOSITS

Custodial Credit Risk

Custodial credit risk is defined as the risk that, in the event of failure of the counterparty, the District will not be able to recover the value of securities that are in the possession of an outside party. At June 30, 2020, the entire amount of demand deposits is deposited in state of Florida qualified depositories and is fully insured.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Hardee County District School Board
Wauchula, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of the agency fund of the internal fund accounts of the Hardee County District School Board (internal fund accounts), as of June 30, 2020, and the related notes to the financial statement, which collectively comprise the internal fund accounts basic financial statement, and have issued our report thereon dated September 21, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the internal fund accounts' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the internal fund accounts' internal control. Accordingly, we do not express an opinion on the effectiveness of the internal fund accounts' internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and responses, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses as items 2020-001 and 2020-002 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and responses as item 2020-003 to be a significant deficiency.

Compliance and Other Matters

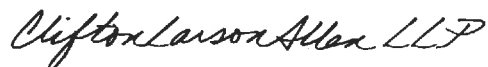

As part of obtaining reasonable assurance about whether the internal fund accounts' financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Hardee County District School Board's Response to Findings

Hardee County District School Board's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. Hardee County District School Board's responses were not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Hardee County District School Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Hardee County District School Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**HARDEE COUNTY DISTRICT SCHOOL BOARD
SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED)
YEAR ENDED JUNE 30, 2020**

CURRENT YEAR

2020-001 Cash Receipts and Cash Disbursements

Type of Finding:

Material Weakness in Internal Control over Financial Reporting

Condition:

Wauchula Elementary School had several instances where Redbook and District policies were not followed, and cash disbursements were not authorized prior to payment.

Instances noted include:

- Checks were disbursed with a single signature.
- No consistent process is in place for documenting and approving ACH transactions.
- No process exists for documenting and tracking NSF checks returned by the bank.

Criteria:

The Redbook and District policies require:

- All checks must be signed with two signatures, one of whom must be the Principal.
- Signed approval of the Principal must be on file before any purchase is made.
- Reasonable effort at collection of a returned check must be taken. A check can be declared uncollectible and written off the books only by the action of the School Board or designated officer.

Cause:

Redbook and District policies were not followed during the school year. Authorization procedures for ACH transactions are not consistently followed. Documentation and tracking procedures for NSF checks returned by the bank are not established.

Effect:

The risk of errors or unauthorized purchases is increased when disbursements are not properly authorized and policies are not followed. Additionally, the risk of error in accounting for returned checks is increased when they are not documented and tracked, and student obligations may not be collected.

Recommendation:

We recommend authorizing and documenting all transactions as required by Redbook standards and District policies.

**HARDEE COUNTY DISTRICT SCHOOL BOARD
SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED)
YEAR ENDED JUNE 30, 2020**

2020-001 Cash Receipts and Cash Disbursements (Continued)

Management Response:

Wauchula Elementary School (WES) has put the following procedures/protocols in place to address the areas of concern:

- WES banking documents have been updated to include three different authorized signatures for checks: the principal, assistant principal and office manager. We understand that checks must have two signatures, including the principal.
- A new 'check and balance' system ensures proper signatures are collected prior to checks being dispersed.
- The principal reviews and approves any requisition before purchases may be made. The principal approves ACH transactions before they are initiated.
- An organizational system has been established between the principal and office manager for the tracking and monitoring of purchases from requisition to purchase order to order to payment.
- A system (e.g. spreadsheet) for tracking/documenting NSF checks has been established that will allow an 'at a glance' view to see where each NSF check stands in the notification and collection process – including documentation of contact.

**HARDEE COUNTY DISTRICT SCHOOL BOARD
SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED)
YEAR ENDED JUNE 30, 2020**

2020-002 Fundraising Reports

Type of Finding:

Material Weakness in Internal Control over Financial Reporting

Condition:

At several schools, fundraising reports were not used as set forth by School Board internal fund policy and Redbook Chapter 8.

Criteria:

Redbook Chapter 8 requires that each fundraising activity have the approval of the organization sponsor and the Principal prior to the activity. Additionally, a fundraising report must be filed with the Principal's office at the close of each fundraising activity.

Cause:

The schools have not fully implemented the requirements for documenting fundraising activities.

Effect:

Documented approval of each fundraiser provides the expectation for both the organization sponsor and Principal before the fundraising activity begins. Completing the fundraising report at the end of the event provides accountability for the money collected as well as ensuring that the fundraiser achieved the specified goal. Additionally, the final report provides for a reconciliation to the receipts and disbursements recorded in the finance system. Principals and organization sponsors cannot properly oversee and monitor fundraisers for compliance and financial reporting if the reports are not completed.

Recommendation:

Principals and organization sponsors should document their approval of all fundraisers. Upon completion of the fundraiser, a fundraising report should be filed with the Principals office, as outlined in the District Policy and by Redbook Chapter 8.

Management Response:

One school improved procedures for school fundraisers to include documentation of the following: request for fundraising, approval/ denial by principal of request, documentation of monies collected and final fundraising reporting. In addition, another school is now notified when online fundraising is requested in the name of the school and is notified when the fundraiser has been completed.

**HARDEE COUNTY DISTRICT SCHOOL BOARD
SCHEDULE OF FINDINGS AND RESPONSES (CONTINUED)
YEAR ENDED JUNE 30, 2020**

2020-003 – Timeliness of Receipts

Type of Finding:

Significant Deficiency in Internal Control over Financial Reporting

Condition:

Cash receipts collected outside of the school office were not turned in to the school office within the one (1) working day limit set forth Redbook Chapter 8 and District policy. Additionally, Receipts were not deposited to the bank within five (5) business days as required by Redbook and District policy.

Criteria:

Redbook Chapter 8 requires that funds collected outside the school office must be turned in to the front office no later than the next working day and deposited to the bank within 5 business days.

Cause:

Teachers and sponsors accumulate funds for several days before turning the money in to the front office.

Effect:

Misappropriation of funds collected may occur by error or fraud if receipts are not promptly turned into the school office and secured until deposit.

Recommendation:

All funds collected outside of the school office should be turned in to the front office no later than the next working day and deposited to the bank within 5 business days as outlined in District policy and Redbook Chapter 8. All schools should document the date funds are collected and received in the front office.

Management Response:

We agree that all funds collected outside of the school office should be turned into the office no later than the next business day and deposited to the bank within five business days.

Board Members
Hardee County District School Board
Wauchula, Florida

We have audited the financial statements of the agency fund of the internal accounts of the Hardee County District School Board (the District) as of and for the year ended June 30, 2020, and have issued our report thereon dated September 21, 2020. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. Professional standards also require that we communicate to you the following information related to our audit.

Significant audit findings

Qualitative aspects of accounting practices

Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during 2020.

We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no accounting estimates affecting the financial statements which were particularly sensitive or required substantial judgments by management.

Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

Corrected misstatements

Management did not identify and we did not notify them of any financial statement misstatements detected as a result of audit procedures.

Disagreements with management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit. ***Management representations***

We have requested certain representations from management that are included in the management representation letter dated September 21, 2020.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Other audit findings or issues

We have provided a separate letter to you dated September 21, 2020, communicating internal control related matters identified during the audit.

Other information in documents containing audited financial statements

With respect to the combining statement of cash receipts, disbursements, transfers, and balances of the internal fund accounts (collectively, the supplementary information) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated September 21, 2020.

Our auditors' opinion, the audited financial statements, and the notes to financial statements should only be used in their entirety. Inclusion of the audited financial statements in a document you prepare, such as an annual report, should be done only with our prior approval and review of the document.

* * *

This communication is intended solely for the information and use of the Board members and management of Hardee County District School Board, and is not intended to be, and should not be, used by anyone other than these specified parties.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Other audit findings or issues

We have provided a separate letter to you dated September 21, 2020, communicating internal control related matters identified during the audit.

Other information in documents containing audited financial statements

With respect to the combining statement of cash receipts, disbursements, transfers, and balances of the internal fund accounts (collectively, the supplementary information) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated September 21, 2020.

Our auditors' opinion, the audited financial statements, and the notes to financial statements should only be used in their entirety. Inclusion of the audited financial statements in a document you prepare, such as an annual report, should be done only with our prior approval and review of the document.
