Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: Hardee District will employ each school's School Advisory Council (SAC) as the parent group that will develop the LEA Parent Involvement Policy (PIP) and the LEA Plan jointly with each Title I school's staff parent involvement committee, the school administration, the Title I Resource Teacher, and the Director of Student Academic Services and Federal Programs. The preceding groups will also be responsible for the evaluation and implementation of the PIP. The Director provides technical assistance and training to each administrative team on the statutory requirements of the School Advisory Council requirements.

The members of the each school's SAC will be selected by the procedures set forth in the SAC bylaws and Florida statute. Each advisory council shall be composed of the principal and an appropriately balanced number of teachers, education support employees, students, parents, and other business and community citizens who are representative of the ethnic, racial, and economic community served by the school. Council members representing teachers, education support employees, students, and parents shall be elected by their respective peer groups at the school in a fair and equitable manner (FS 1001.452 (1) a).

The LEA will involve parents in the involvement of the LEA PIP and the LEA Plan by submitting the LEA PIP and the LEA Plan to each school's School Advisory Council for meaningful input. The LEA Parent Involvement Policy and the LEA Plan will be submitted to each SAC to provide review, feedback, evaluation, and provide meaningful input into the plan. The information gained from the schools SACs will be used to update the plan. The LEA will review and provide feedback to each school level on their school PIP before dissemination.

In addition, the LEA surveys all parents of Title I students regarding the Title I program, barriers to parent involvement, and open ended responses to the following questions: 1. How can the school and district involve parents in the development of its Parent Involvement Policy and School Improvement Plan? 2. How can the school and district work together in planning and implementing effective parent involvement? 3. How can the school and the district build staff and parent capacity (knowledge and skills) for strong parent involvement to ensure that parents have the tools that they need to participate fully in decisions regarding their children's education? and 4. How can the school and district coordinate with other parent involvement programs such as Head Start, Migrant, or ESE?

This survey data is shared with the district administration, each school level administration, and the SAC of each school. This survey data is also used to develop the LEA Parent Involvement Policy and the LEA plan.

At least 95% of the 1% allocation for parent involvement will be sent to the schools. The SAC will determine how the expenditure is spent. The funds for parent involvement will

be spent after the SAC has approved their expenditure.

Technical Assistance

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: The Director of Student Academic Services and Federal Programs and the Title I Resource Teacher will provide technical assistance to each Title I school on behalf of the LEA. The director and resource teacher attend Title I technical assistance meetings such as Heartland Educational Consortium (HEC) and East Coast Technical Assistance Center (ECTAC).

Technical assistance is provided by the LEA (Director of Student Academic Services and Federal Programs and the Title I Resource Teacher) to the school sites by the following strategies:

1. Training Title I school contacts, assistant principals, in the requirements of section 1118 and the Title I parent involvement requirements;
2. Phone calls and e-mails to school administrators as well as school visits; and
3. Quarterly technical assistance and trainings to assistant principals regarding the title I parent involvement requirements, implementation, and evaluation.

The assistant principal at each Title I school will serve as the parent involvement contact at the school level. Quarterly trainings and meetings will be provided by the LEA to assist in the PIP requirements according to section 1118, policy development at each school, and implementation of the PIP.

The LEA will ensure compliance of the school level PIP by providing technical assistance to the assistant principal prior to updating the plan. The training will include understanding the requirements of section 1118 and Title I parent involvement requirements and the new school template. The assistant principal will in turn train the SAC, school staff, and the parent involvement committee at each school. The Director of Student Academic Services will provide training in parent involvement strategies at coaches' meeting. The coaches will share these strategies at school-level best practices and staff meetings.

All schools will complete the PIP prior to the Oct. 15 2014 School Improvement Plan deadline in order for the District to review and provide feedback to the school. An evaluation of the previous year's plan will be completed by the SAC and school staff prior to the development and implementation of the current plan. The assistant principal will train school staff, parent involvement committee, and the SAC on the requirements and implementation of section 1118 and Title I parent involvement requirements. The LEA will assure by SAC minutes and agendas that the plan was developed and reviewed at the

SAC meeting. The school level plan will be submitted to the LEA for review before it is disseminated to parents. The LEA has requested that a parent involvement item be placed on each SAC agenda, parent newsletter, and staff agenda.

The LEA parent involvement contact attends parent involvement trainings at ECTAC and then provides technical assistance to the LEA regarding parent involvement.
