Ladder Safety / Reaching Heights When using a step ladder insure the supports are fully deployed and parallel to the ground. Never use the top wrung as a step, and always have a “spotter” present. NEVER use a chair, desk or table as a device to reach heights that are normally unattainable.

Electrical / Extension Cords The use of power strips and extension cords is highly discouraged.. If an outlet is a safety issue call Maintenance and they will address it immediately. Do not attempt to make any electrical repairs on your own!

Wet floors Custodians are instructed to placard all areas that are being wet mopped. If you see an area where the custodian has failed to placard a freshly mopped area, please bring it to the custodian’s or your supervisor’s attention immediately.

Chemicals All cleaners and degreaser employed by the custodial staff have a SDS (Safety Data Sheets) and the SDS is available in the school’s main office. All science lab chemicals are stored in a lockable closet and monitored by the science teacher with the SDS for each.
