

CHAPTER 8.00 – AUXILIARY SERVICES

FACILITIES

8.50

It shall be the responsibility of the Henry County Board of Education and Superintendent to develop and/or implement plans that will meet the present and future educational requirements of the community consistent with state laws. To discharge this responsibility effectively, the Board shall develop a long-range capital plan to meet the school facility-related requirements of the system.

The Board will involve administrators, teachers, students, parents, local citizen groups, specially designated committees, and technical personnel, *e.g.*, architects, planners and approved outside consultants in the design, development and/or revision of the long-range capital program.

Subject to Board approval, the Superintendent is authorized to secure the services of experts, including planning and architectural consultant(s), in the area of school plant planning, to work with staff in developing project specifications.

New construction or renovation at school facilities shall have the approval of the State Superintendent of Education.
