YOUTH BASEBALL CAMP

MAY 22ND - MAY 26TH

The Heritage Academy Baseball program would like to invite you to spend a week at our 2017 Baseball Camp May 22nd –May 26th. This 4-day camp is designed for players in grades K-6th. The staff at our camp places an emphasis on teaching life skills through the game of baseball. We also want to improve your child's overall knowledge of the game. We tailor instruction to your child's ability levels and individual needs. We are confident that this will be an exciting, educational and memorable experience for you and we look forward to seeing you at camp. Baseball Camp will focus on attitude, catching, throwing, hitting and running/agility.

Attitude: We encourage kids to stay positive and be enthusiastic. The game of baseball has a lot of failure and if you are going to be successful you have to have a positive mindset. A career hall of fame hitter is going to fail 7 of 10 at bats and still be considered one of the best. If a player focuses on the negative he will be discouraged and never reach his full potential.

Catching: We believe in teaching young players how to properly use their gloves so they can take the fear out of catching a ball. We focus on proper glove placement and being more athletic in order to move to the ball.

Throwing: Proper throwing mechanics are a main focus for young players. Many players are not taught proper mechanics which can lead to arm problems.

Hitting: For young players we focus on a basic balanced stance that is the foundation for growth of a mechanically sound hitter. We teach young players how to protect themselves if a pitch is coming toward them so they can feel confident and without fear when they step into the batters box.

Running/Agility: The emphasis is on speed, power, agility, reaction, and quickness. All of these help coordination and set the foundation for better athlete.

Camper _____ Grade _____
