Seizure Questionnaire and Plan

Date: _____

Student: _____ DOB: _____ Valid for school year: _____

Please complete this form for your student's seizure needs so staff can plan effectively for their care while at school.

Please note: If your student is participating in activities before and after the school day including: after school care, extracurricular activities/trips, athletics, or camps, it is imperative that YOU inform the supervising adults of this student's medical needs. This is necessary because the school may not be aware of all activities the student is participating in beyond the normal school day/year.

Seizures are currently being treated by Dr. _____ Phone #: _____

Please sign to give consent for the exchange of medical information with the above physician and the school.

Signature: _____ Relationship: _____

When was student diagnosed with seizures or epilepsy? _____ Last seizure: _____

<i>Seizure type(s)</i>	<i>Length</i>	<i>Frequency</i>	<i>Description</i>

Has hospitalization been needed in the past for continuous seizures? No Yes (when _____)

What might trigger a seizure for this student? _____

Are there any warnings and/or behavior changes before a seizure occurs? No Yes (explain) _____

How does your student react after a seizure? _____

Does your student have a Vagus Nerve Stimulator? No Yes (please provide model type and directions for use) _____

List the student's current Seizure Medication:

MEDICATION	AMOUNT TAKEN	HOW OFTEN AND FOR WHAT SIGNS?
1. _____	_____	_____
2. _____	_____	_____
3. _____	_____	_____

- This student is aware of the signs and symptoms of an oncoming seizure and knows to tell an adult. They usually state they feel: _____
- This student carries their emergency medication with them.
- This student will leave their emergency medication in the school medical clinic.

If medications must be given during school hours, an **Authorization for Medication** form HRS-29 must be completed every school year. It must be filled out and signed by you and your physician. Medications used in school must be in the original container. When you have a prescription filled, ask the pharmacist for two containers; one for school and one for home use. If your student participates in field trips and needs medication during that time, a separate container with the current prescription is necessary for that day as well. Your Pharmacy will provide you with a "travel" Rx bottle.

Seizure Plan

Student: _____ DOB: _____ Valid for school year: _____

Basic Seizure First Aid:
