

HB224 School Transfer Option Based on Space Availability

The 2017 Georgia General Assembly approved House Bill 224 (HB224), giving a school aged child of a military service member who lives on a military base or off-base in military housing the option to request any school within the school system *based on space availability*. School districts determine available classroom space after all assigned students have been enrolled.

In accordance with the law, the Houston County School System created a process for parents to exercise this school transfer option and a process to determine space availability. Additional information about HB224 will be posted online by July 1, 2018. Openings are grade specific within schools.

Applications will be accepted July 1, 2018, through August 20, 2018. If a military service member moves to Houston County and lives on a military base or off-base in military housing, he/she must submit the application within ten school days of registering his/her child(ren) at Central Registration.

Applications will be approved based on the order in which they were received. Families that request a transfer will be notified of approval or denial by August 27, 2018. If the application is submitted after this date, families will be notified the following week after submitting the application.

The schools with classroom space availability will be finalized based on enrollment on the tenth day of school, August 14, 2018. This allows time for a more accurate enrollment number at each school based on new students and school withdrawals.

All students are to begin the school year at their zoned school. Approved transfers will be effective by September 4, 2018, following notification or within a week of submitting an application during the school year. Parents who transfer their children under HB224 are required by law to assume all costs and responsibilities related to the transportation of the student to and from school as long as the child remains at that school.
