HCBOE Offers Students Free Microsoft Office Pro Plus

HOUSTON COUNTY, GA – The Houston County School System, in collaboration with Microsoft, is excited to provide all middle and high school students, faculty and staff up to five free downloads of Microsoft Office 2013 Pro Plus for personal use. This is a full Office suite which includes: Word, Excel, PowerPoint, OneNote, Access, Publisher, Outlook and Lync.

A school email address is provided to all secondary students. This hcbe.net email address must be provided to receive a valid install license. To access the free software, school members need only visit <http://goo.gl/mq5lcO> to install the software on up to five devices. Detailed instructions are provided at <http://goo.gl/45k7vs>.

For more information, students or parents may contact their schools.
