Business Community and Education Partnership

A Partnership

Developed by the

Houston County School System
Mr. Tim Pitchford, Superintendent

Our Mission

The Houston County Business, Community and Education Partnership, an entity developed by the Houston County School System, commits to provide additional resources to enable the system to be successful in providing safe and caring learning environments that encourage each student to achieve his or her full potential.

Our Vision

The Business, Community and Education Partnership seeks to further interest and support programs in the Houston County School System. The purpose of the program is to encourage businesses and the community to accept ownership in the schools while they provide human resources and talents to fulfill the mission of the System. This includes groups such as retailers, manufacturers, utility companies, small businesses, financial institutions, and faith-based and civic organizations. Partners initiate activities that encourage students, enrich their educational experiences, and connect them to the world of work. In short, partners work together "sharing the vision; shaping the future."

Your Involvement

Your involvement can begin now by taking the following three steps:

1. **Complete the Business, Community and Education Partnership Application.** The Partnership Application will help you determine the activities in which you and/or your employees would like to participate. This application can be mailed to you or you may download it from the website at www.hcboe.us.
2. **Make an appointment with the Partnership staff.** You may call or e-mail Ann Wells at 334-792-8331 or 334-790-7134 or wells.ann@hcboe.us.
3. **Finalize the Partnership Plan with the staff at the school you select.**
