Open Enrollment for School of Choice

It's important to note that if a child does not live in the school zone for which they are applying, a School of Choice Enrollment Form will need to be completed and submitted electronically to the schoolofchoice.jcsb@jcsb.org. The appropriate forms and directions for submission are available on the Jackson County School Board website at www.jcsb.org. Open enrollment began January 8th and will end on March 31st. The required forms must be completed by March 31, 2018. Please note School of Choice is dependent upon enrollment capacity at each school.

Please bring with you....

1. Child's Physical Exam (Date of exam no earlier than August 13th, 2017.)
2. Immunization Record or Exemption
3. Certified Birth Certificate
4. Child's Social Security Card
5. Proof of physical address (electric bill, water bill, etc.)

If you do not have all five of these items, it is still important that you begin registration for your child during one of the weeks listed above.

For more information or if you have questions, call the school in which you will be enrolling your child, or call the Jackson County School Board District Office at (850) 482-1200, ext. 222.
