

**Jefferson County School System
Child Health Insurance Initiative**

Health insurance benefits the child, family school system, and health care providers. PeachCare is an affordable low-cost health insurance for children, ages birth through 18. For more information, go to <http://www.peachcare.org/>.

Through special funding, we are one of 12 school systems working to:

- Identify uninsured children
- Help parents with the process of applying for coverage.

Partners in this initiative are the Right From the Start Program and Medical College of Georgia. For help with questions or completing the application, contact the RSM eligibility staff person for our county:

Brenda Roberts, PeachCare representative for Jefferson County
706-554-0213
brroberts@dhr.state.ga.us

or contact for the school system:

Dr. Donnie Hodges
