A student who resides within the boundaries of the district shall be released to attend another school in another district by completing an Application for Student Transfer to Nonresident District, provided the other district agrees to accept the student if:

- A. A financial, educational, safety, or health condition affecting the student, would be reasonably improved as a result of the transfer;
- B. Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care;
- C. There is a special hardship or detrimental condition affecting the student or the student's immediate family that would be alleviated as a result of the transfer; or
- D. The student is a child of a full-time certificated and/or classified school employee.

**ACCEPTANCE OF NONRESIDENT STUDENTS**

Any student who resides outside the district may apply to attend a school in the district. - C. Initial enrollment of a child would displace a resident student; however, once the child is admitted, that child may remain enrolled until he or she completes schooling.

The nonresident district superintendent or designee within 45 days of receipt of the application shall provide all applicants with written notification of the approval or denial.
