

Knob Noster Public Schools Selects Macae McKinley as New High School Agriculture Teacher

Knob Noster Public Schools has selected Mrs. Macae McKinley to serve as Knob Noster High School Agriculture Teacher and FFA Advisor for the 2017-2018 school year.

Mrs. McKinley graduated with a Bachelor's Degree in Agriculture Education in 2003, and has served as the agriculture teacher and FFA advisor at LaMonte High School for the past 11 years, where she has taken a brand new agriculture program from its infancy to a well-respected and awarded program. In addition to the awards her FFA Chapter has received, she has been personally awarded her Honorary American FFA Degree at the past National Convention.

Mrs. McKinley is a wife and mother of three. Her husband is a union sheet metal worker. Her oldest daughter will be a senior at Warrensburg High School next year, is a three-sport athlete and will be serving our FFA Area as an officer this upcoming year. Her younger daughter will be a freshmen next year and is involved in drama, athletics, and plans to join the FFA chapter. Her son will be a sixth grader, plays football, and loves being on the farm.

Mrs. McKinley had this to add, "As said by Sister Mary Lauretta, "To be successful, the first thing to do is fall in love with your work." I have fallen in love with teaching agriculture and am excited to begin the next phase of my career at KNHS. I believe in forming quality relationships with my students, their parents, and the community. All three working together helps to make an FFA and agriculture program successful."
