

Vision

Preparing **LANETT** Students to
Live Learn Lead

Preparing students to **L**IVE...

Lanett City Schools is more than just report cards and diplomas. Students are challenged and engaged academically in an environment where diversity is valued, character is developed, and the entire population supports each other to achieve their goals. At Lanett, students make lifelong friends, develop professional relationships with faculty, and learn the values of family and community. Students are prepared to make a life with purpose and meaning.

Preparing students to **L**EARN...

Lanett City Schools prepares each student to be college and career ready. Graduates are equipped with the skills and knowledge needed to succeed in college and/or job training that will lead to a prosperous career. To reach this goal, Lanett students are immersed in a rigorous and broad curriculum where inquiry, creativity, and collaboration are promoted. Throughout this process, students take responsibility for their own learning and consistently practice the most important skill for success at the next level – learning how to learn.

Preparing students to **L**EAD...

Lanett City Schools prepares students to have a positive influence on others and make meaningful contributions to society. By instilling the values of hard-work, integrity, and service, students are enabled to bring about change in their school, community, and world. While every Lanett student may not have a career in leadership, they all possess the potential to help others succeed and leave a lasting impression on the lives they touch.

Mission

Lanett City Schools will provide a supportive and rigorous educational environment that produces responsible, self-motivated students who are prepared for the future.

Beliefs

- All students can learn when provided a safe and supportive environment, strategies to address learning barriers, and high-quality instruction.
- Student success requires teamwork among staff, students, families, and the community.
- Progress in education requires a willingness to change.
- All students will graduate college or career ready.
