NONDISCRIMINATION POLICY

It is the Board of Education's intent to offer an equal opportunity for education to all eligible students residing within the district, without distinction or preferences because of race, color, creed, sex, physical handicap, or other unlawful classifications.

Teacher Qualifications are available to the general public on the ISAB website, www.isbe.net under ELIS. **Every teacher on our staff is highly qualified.**

DISCLAIMER STATEMENT

Not all incidents can be covered in this handbook. All incidents not covered in this handbook will be taken care of at the discretion of the administration.

ENROLLMENT OF NEW STUDENTS

Students who enroll in the Liberty School District for the first time are required by law to provide either a certified copy of the student's birth certificate or a governmental documentation of their identity along with an affidavit explaining the inability to produce a copy of the birth certificate. Students must also provide a "Student in Good Standing" form from their previous school district. If necessary documentation is not received, is inaccurate or suspicious, the District must report the matter to local law enforcement authorities.

SCHOOL CALENDAR

It located at the end of the handbook. It is Attachment G.

RESIDENCY

When a student registers for school, residence in the district must be established. Residency may be reviewed from time to time thereafter, as circumstances warrant. Nonresident students will be charged tuition according to state and local policies.

Homeless Information – Students who are homeless may begin school without a birth certificate and records, as allowed per the Illinois School Code. However, every attempt will be made to acquire these for the child's permanent record.

STUDENT RECORDS POLICY

Student records are open for parent/**guardian or students at least 18 years of age** for inspection. To insure all student records will be available for parent review, parents are asked to call in advance and schedule a meeting with the guidance counselor or building principal. The treatment of student records by the District is affected by professional ethics and by state and federal law. The school will act in compliance with the Illinois School Student Records Act.

The District shall grant access to information included in student records to persons authorized or required by state or federal law, provided that:

1. The person submits to the District appropriate identification and a copy of the authorization papers;
2. The parents/guardians receive prior written notification of the nature and substance of the information to be released. The parents/guardians shall be given the opportunity to inspect, copy, and/or challenge the information. When the release of information relates to more than 25 students, the District may give prior notice through newspaper or general publication.

Other persons who request access to the records shall be denied access unless prior written consent is received from the parent/guardian or student except that the District shall grant access:

1. To another District to which the student has transferred. In such cases the District shall give prior notice and an opportunity to the parent and student to inspect and challenge the information to be transferred.
2. Pursuant to a court order. In such cases, the District shall notify the parents/guardians and student of the release of such information.
3. To an employee of the District or an employee or official of the State Board of Education with a legitimate educational or administrative interest;
4. For research, if the State Superintendent's permission has been given and no student or parent can be identified from the information released.

In cases of emergency, to protect the health or safety of a student and others and within the regulations of the State Board of Education, student records or information contained therein may be released. Under emergency circumstances, the District shall consider the seriousness of the threat, the need of records to meet the emergency, the ability of the person seeking the records to meet the emergency, and the importance of acting quickly.

State and Federal law gives parents and eligible students certain rights with respect to their student records. These rights are:

1. The right to inspect and copy the student's education records within 15 school days of the day the school receives a request for access. There may be a small charge for copies, not to exceed \$.35 per page. This fee will be waived for those unable to afford such cost.
2. The right to request the amendment of the portion student's education record that the parent/guardian or eligible student believes is inaccurate, misleading, irrelevant, or improper.
3. The right to permit disclosure of personally identifiable information contained in the student's education records, except in certain circumstances. Disclosure is permitted without consent in the case of directory information and to school officials with legitimate educational or administrative interests. Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student; and in other cases permitted by law.
4. The right to complain to the U.S. Department of Education if the school or district fails to comply with the above. Federal officials can be contacted at:
Family Policy Compliance Office
U.S. Department of Education

400 Maryland Avenue, SW
Washington, D.C. 20202-4605

Further information can be read in attachment A at the end of the handbook. Policy information can also be located on our school website. Policies can be amended during the school year without notice.

THE RESPONSIBILITIES OF STUDENTS

Students, as citizens of the U.S., are guaranteed certain individual rights and have individual responsibilities. Parents, teachers, and administrators have a responsibility to protect the rights of students while maintaining an atmosphere conducive to the teaching and learning process. The concept of balancing the rights of the individual with the rights of society is valid in the educational community. There are certain special responsibilities required of a citizen who is a student in school.

1. To become informed of and adhere to reasonable rules and regulations established by local Board of Education and implemented by school administrators and teachers.
2. To respect the rights and individuality of other students, school administrators, and teachers.
3. To refrain from libelous, slanderous or vulgar remarks in verbal and written expression.
4. To dress and groom in a manner that meets reasonable standards of health, cleanliness, safety, and is not disruptive to the educational process.
5. To be punctual, present for, and to participate in the regular or assigned school program.
6. To refrain from behavior that disrupts the educational process.
7. To attain and maintain the best possible level of academic achievement.
8. To respect the reasonable exercise of authority by school administrators and teachers in maintaining discipline in school and at school sponsored activities.
9. To respect and maintain school and private property in accordance with school rules.

THE RESPONSIBILITIES OF PARENTS

The following is a list for parents of ways in which they can make their student more successful at school.

1. At the beginning of the year, make sure your child is properly equipped and that all physicals and immunizations are complete.
2. Know your child's class schedule.
3. Know your child's teachers and don't hesitate to contact them. When a question arises regarding any class, ***the first contact should be with that teacher.***
4. Take an interest in your child's academic progress and discuss it frequently with them.
5. Know when progress reports (Mid-term) and report cards (end of each quarter) are due and discuss them with your child.
6. See that your child is on time to school.
7. If your child is ill and cannot make it to school, call the school by 9:00 a.m. (645-3481).
8. Keep track of your child's absences and tardies, and do not allow them to frequently miss school or arrive late.
9. Provide a quiet, well lit and otherwise suitable setting at home for doing homework at a pre-set time.
10. Support your child through your attendance at open houses, parent-teacher conferences, student performances, and school support organizations.

ENTRANCE REQUIREMENTS

Before a child can start school, certain requirements must be met. All pupils must be five years of age on or before September 1. The district has the right to test students from home school environments, upon registration, to determine appropriate grade level placement. **A copy of a certified birth certificate is required for enrollment.**

SPEECH/LANGUAGE SCREENING

At the beginning of the school year, all kindergarten, 2nd grade and new students to the district will undergo a speech/language screening by the speech-language pathologist.

MEDICAID REIMBURSEMENT FOR ELIGIBLE PARENTS/STUDENTS

Medicaid reimbursement is a source of Federal Funds approved by Congress to help school districts maintain and improve Special Education services.

Therapy and diagnostic services provided to your child are partially reimbursable. Unless you object in writing, Liberty Community Unit District #2 or the Special Education Association will claim Medicaid/KidCare reimbursement for services provided. These claims will have no impact on a parent's ability to receive Medicaid funding either now or any time in the future.

If you do not object to this release of information related to Medicaid claims for your child, do nothing.

SCHOOL PRAYER

The following is a list of students' rights concerning school prayer:

1. Students are allowed to pray (e.g. reading the Bible during recess, saying grace before meals) when not engaged in school activities or instruction to the same extent they may engage in non-religious activities.
2. Students are allowed to organize prayer groups, religious clubs, etc. before school to the same extent as other non-curricular student activities group. Such student-organized groups must be given the same access to school facilities for assembling as the other non-curricular groups.
3. Students are free to pray or not pray during a moment of silence or other quiet periods during the school day. School employees may not encourage or discourage students from praying during these times.
4. Students may express their beliefs about religion in homework, artwork, and other assignments free from discrimination based on the religious content of their submissions.
5. Student speakers at graduations, student assemblies, and extracurricular activities may not be selected on a basis that favors or disfavors religious speech. Where the student retains primary control over the content of his/her speech and it is not attributable to the school, the school may not restrict the content.

HOMELESS STUDENTS

Students who are homeless have a right to an education. They just need to reach out the appropriate administrator to get set up in the district.

PHYSICAL EXAMINATIONS AND IMMUNIZATIONS:

In accordance with the School Code of Illinois, before entering Kindergarten and sixth grade, law requires all students, to have a physical examination including required immunizations. Also, students new to the Liberty School District for the first time are expected to have a current physical examination.

ATTENDANCE – ILLNESS AND ABSENCES:

School Hours – 8:05am-3:10pm

We will load buses at 3:05pm on regular attendance days.

It is the responsibility of the parent to notify the main office by phone (645-3481) by 9am on the day of the absence. In the event the attendance office is not notified by a parent, contact will be pursued. If contact is unsuccessful, the absence will be considered unexcused, and the parent will have two days following the absence to clarify the situation.

Notes/phone calls from parents and guardians will be accepted for **nine excused absences for the school year**. These parental absences should follow the guidelines of excused absences. Any note from

*a doctor or dentist indicating an absence due to a medical condition preventing attendance will not count toward the **nine** day parental excused absences. Absences due to funeral and prearranged absences will not count toward the **nine** day parental excused absences.* In extraordinary circumstances the Administration can declare that absences will not count toward the nine day parental excused absences. **For each absence beyond the nine parental excused days, doctor's or dentist's note will be required indicating that the absence was due to a medical condition.** Failure to do so will result in an unexcused absence.

To be eligible to participate in extra-curricular activities, students must be in attendance the entire day unless a doctor's excuse is provided. Students will be permitted to leave school for a doctor's appointment. However, they are expected to be at school prior to the appointment unless the appointment is made for 9:30 a.m. or earlier. After the appointment, students must return to school. Remember to bring your doctor's excuse to the office.

TARDIES

Tardiness to class disrupts and distracts from the planned class or activity. Students must be on time to school. School officially starts at 8:05am, therefore any student arriving after that time would be considered tardy. Any student with unexcused tardies of 5 or more will earn a lunch detention or loss of recess.

This cycle will end at the semester and the student will start over on the first day of the new semester.

PERFECT ATTENDANCE

To receive Perfect Attendance, students must be in attendance every school day from 8:05 AM to 3:10 PM. Students receiving any tardies or leaving school prior to the 3:10 dismissal time will not receive Perfect Attendance. Students may arrive at school starting at 7:30 am when school is in session.

HOMEWORK:

Adequate time is usually provided during the school day for students to finish their assignments. From time to time it may be necessary for students to take home work which has not been completed. There also may be special projects requiring outside work, or a need for additional reinforcement of basic skills such as math facts, reading, and spelling words. If a student is absent he/she may be expected to take home the missed work.

MAKE-UP AND ADVANCE ASSIGNMENTS:

Guidelines have been established for homework requests when children are absent from school. If a student is absent, the student will be allowed to make up work missed. The rule for make-up work is one day more than the number of days missed. (One day absent – two days to make up work; three days absent – four days to make up work.) If you have a special situation, **Speak with the teacher** about an extension.

It is often difficult for teachers to "put together" assignments for absent children on the same day parent request them. If a student is only going to be ill for one day, the student may pick up assignments the day in which they return.

PREARRANGED ABSENCES:

While it is understood that students need to be in school for maximum learning to take place, it is understood that in extreme cases, an absence will occur due to a special event. In those cases the parents are to contact the office to verify the dates the students will be absent. The student is responsible for picking up an arranged absence form and his/her assignments from their teacher. All missed work due to an arranged absence is due the day the child returns to school.

USE OF SCHOOL TELEPHONE:

Students are discouraged from using the school telephone except in emergencies because it is considered a business phone and the lines should be kept open whenever possible. When necessary we will deliver messages to the child if there is time to do so before dismissal.

VISITORS:

In order to insure healthy, safe, and undisturbed schools, all visitors are required to report to the Elementary Office. Visitors must carry/wear a visitor's badge while in the building. Any parent/guardian wanting to observe their child's classroom must follow the classroom observation policy.

Classroom Observation Policy

Parents wishing to observe in classrooms are asked to please make arrangements with classroom teachers prior to their observation dates. Parents will also be asked to complete the form on page 13 and 14 of the handbook to get prior approval for the observation. A staff member will also accompany you during your observation to answer any questions you may have. The form will also be located on our webpage. If you are bringing in treats for your child's birthday you will be allowed to stay for snack time (20 mins), if you want to stay longer you will be required to fill out the observation request form in advance. Parents are limited to a one hour observation.

Administrative Procedure - Access to Classrooms and Personnel

Access to classrooms and personnel is permitted in limited situations by Section 105 ILCS 5/14-8.02(g-5), amended by P.A. 96-657. Guidelines follow:

1. These guidelines apply to access requested by the parent/guardian of a student receiving special education services or being evaluated for eligibility, an independent educational evaluator, or a qualified professional retained by or on behalf of a parent/guardian or child. A *qualified professional* means "an individual who holds credentials to evaluate the child in the domain or domains for which an evaluation is sought or an intern working under the direct supervision of a qualified professional, including a master's or doctoral degree candidate." These individuals are referred to in this procedure as *visitors*.

2. Visitors will be afforded reasonable access to educational facilities, personnel, classrooms, and buildings and to the child. To minimize disruption, reasonable access means that the parent(s)/guardian(s) or qualified professional retained by or on behalf of a parent/guardian or child is allowed access once per school quarter for up to one hour or one class period. A visitor may request the authorized administrator to grant longer or additional observations based on individual circumstances and provide any supporting documentation in support of such a request. A professional evaluator can request longer or additional observations in his or her initial request. The administrator may grant, deny, or modify the request, and the administrator's decision shall be final.
3. Visitors must comply with:
 - a. School safety, security, and visitation policies at all times.
 - b. Applicable privacy laws, including those laws protecting the confidentiality of education records such as the federal Family Educational Rights and Privacy Act and the Illinois School Student Records Act.
 - c. Board policy 8:30, *Visitors to and Conduct on School Property*. Visitors may not disrupt the educational process.
4. If the visitor is a parent/guardian, he or she will be afforded reasonable access as described above for the purpose of:
 - a. Observing his or her child in the child's current educational placement, services, or program, or
 - b. Visiting an educational placement or program proposed for the child by the IEP team.
5. If the visitor is an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child, he or she must be afforded reasonable access of sufficient duration and scope for the purpose of conducting an evaluation of the child, the child's performance, the child's current educational program, placement, services, or environment, or any educational program, placement, services, or environment proposed for the child, including interviews of educational personnel, child observations, assessments, tests, or assessments of the child's educational program, services, or placement or of any educational program proposed by the IEP team, services, or placement. If one or more interviews of school personnel are part of the evaluation, the interviews must be conducted at a mutually agreed upon time, date, and place that do not interfere with the school employee's school duties. The Building Principal or designee may limit interviews to personnel having information relevant to the child's current educational services, program, or placement or to a proposed educational service, program, or placement.
6. Prior to visiting a school, school building, or school facility, a visitor must complete 6:120-AP2, E1, *Request to Access Classroom(s) or Personnel for Special Education Evaluation and/or Observation Purposes*. This form serves to:
 - a. Inform the Building Principal or designee in writing of the proposed visit(s), the purpose, and the duration, and
 - b. Identify requested dates/times for the visit(s) to facilitate scheduling.
7. The student's parent/guardian must consent in writing to the student being interviewed by the named evaluator as part of a visit. The parent/guardian will grant this consent by completing 6:120-AP2, E1, *Request to Access Classroom(s) or Personnel for Special Education Evaluation and/or Observation Purposes*.

8. The student's parent/guardian, or the student, if he or she is over the age of 18, must execute an Authorization to Release Student Record Information before an independent educational evaluator or a qualified professional retained by or on behalf of a parent/guardian or child will be given access to student school records or to personnel who would likely release such records during discussions about the student. If a student is over the age of 12 and the records contain mental health and/or developmental disability information, the student must also be requested to sign the Authorization to Release information before any observation by or disclosure of school student records or information to a visitor.
9. The visitor must acknowledge, before the visit, that he or she is obligated to honor students' confidentiality rights and refrain from any re-disclosure of such records. The visitor will provide this acknowledgment and agreement by completing 6:120-AP2, E1, *Request to Access Classroom(s) or Personnel for Special Education Evaluation and/or Observation Purposes*.
10. The Building Principal or designee will attempt to arrange the visit(s) at times that are mutually agreeable. The Building Principal or designee will accompany any visitor for the duration of the visit, including during any interviews of staff members.
11. If the visitor is a professional retained by the parent/guardian, the visitor must provide identification and credentials before the visit.
12. This procedure applies to any public school facility, building, or program and to any facility, building, or program supported in whole or in part by public funds. The student's case manager or other District designee must facilitate such visit(s) when the student attends a program outside of the School District, such as at a private day program or residential program, provided it is supported in whole or in part by public funds.

STUDENT LOCKERS

All school property, including, but not limited to, desks and lockers, is owned and controlled by the school district and may be searched by school authorities at any time. School authorities are authorized to conduct area-wide general administrative inspections of school property (e.g., searches of student lockers) without notice to or consent of the student and without a search warrant. The school district participates in a program with law enforcement officials, which provides for unannounced dog searches of student lockers for illegal materials. Students should have absolutely no expectation whatsoever of privacy for student lockers. This also includes physical education lockers.

In grades 3, 4, 5 and 6, students are provided lockers in which to store needed school materials and outdoor clothing. Students are not permitted to paste or tape materials in school lockers, but these items may be held in place with magnets. These lockers are inspected periodically to insure only appropriate articles are stored in the lockers. They may be inspected at any time deemed necessary by the administration. It is required to purchase a lock through the school at \$4.75. **This lock is the only lock permitted on the school lockers. Other locks will be removed.** This lock may be used every year afterwards. If it is lost, the student needs to purchase a new lock from the school. No open beverages of any kind are permitted in lockers.

FIELD TRIPS

Field trips for elementary students are taken to aid in teaching and learning specific subject. In most instances field trips are used to enhance the learning of students and were as a continuation of the learning taking place in the classroom. All field trips must be approved by the principal and superintendent and must be shown to promote learning objectives for children.

The following will apply to all field trips:

1. Parent permission will be obtained for all field trips.
2. Adults on field trips are limited to room parent unless more adults are requested by the teacher for extra supervision. There are some trips that do not require any extra adult supervision.
3. Students, who have been chronic behavior, absent, and truant problems may, upon teacher recommendation and office approval, be restricted from field trips.
4. All overdue material from the library must be returned or paid prior to trip participation.
5. All fees and book rental must be reconciled by the date of the field trip (or a payment schedule established) for participation.
6. This is a school function. All school policies are in effect.
7. Students are to travel to and from the trip on school transportation. Students may ride home with only their parent after prior arrangements have been made.
8. Any student that has earned two or more in-school detentions or an out of school suspension during the school year will not be allowed to go on the end of the year field trip.

SCHOOL INSURANCE:

All students are covered against medical expenses for accidents that occur while attending regular school sessions. This coverage includes travel time for traveling from residence to attend regular school sessions up to one hour before and after regular classes. 24-hour coverage is available. Forms are in the office.

DRESS CODE

The primary responsibility for student dress, appearance and grooming rest with the parents and the students. However, the administration accepts full responsibility for maintaining safety and order in Liberty School. Therefore, the administration retains the right to regulate dress and hairstyles when such styles present a health or safety hazard or substantially disrupt the educational process. Caps and hats will not be worn in the building. Shirts or other clothing advertising alcoholic beverages, tobacco, drugs, or with obscene words will not be permitted. Other types of inappropriate clothing are halter and tank tops, midriffs and short shorts. The bottom of the blouse, top or shirt should be long enough that it could be tucked in. Tops with spaghetti straps or with exaggerated armholes will not be permitted.

The principal will have the final determination as to what constitutes health or safety hazard or a substantial disruption of the educational process.

There are times when hats, gloves, and heavy coats are required for elementary students if they are going outside.

REPORT CARDS AND MID-TERMS

Reports cards will be issued each quarter for students in grades K-6

Mid-term reports will be sent home by your child's teacher approximately half way through the quarter for those students who are in danger of failing **or are receiving D grades in any subject areas.** Communication from your child's teacher is encouraged during the quarter when suspicion of failing is evident. We also encourage you to contact your child's teacher anytime you have questions.

STUDENT GRADING:

STUDENT BUS RIDERS

The following rules govern student conduct on school buses. All children and parents should review these rules and be aware that all bus riders while on the bus are under the jurisdiction of the School Bus Driver. Pupils should obey the driver respectfully and promptly. Failure to obey the rules could result in loss of riding privileges. Parents will then be responsible for transportation to and from school. The administration may request an immediate parent/student conference if the bus violation is deemed serious.

1. Be on time at the designated school bus stop.
2. Stay off the road at all times while waiting for the bus.
3. Be careful in approaching the place where the bus stops. Do not move toward the bus until the bus has been brought to a complete stop.
4. Stay in your seat while the bus is moving.
5. Be alert to a danger signal from the driver.
6. Remain in the bus in the event of a road emergency until the driver gives instructions.
7. Keep your hands and head inside the bus at all times after entering and until leaving the bus. Do not throw anything out of the bus windows.

LIBERTY STUDENT CODE OF CONDUCT

DISCIPLINE PHILOSOPHY:

We believe that students learn best in an atmosphere of mutual respect and self-discipline. We expect students to conduct themselves in an orderly manner so that optimum learning is possible. We recognize that each student has a right and responsibility to clearly know what is expected of him or her. In the best interest of students, there are age appropriate rules and consequences. The purpose of these consequences is to promote a positive change in behavior and/or attitude.

Due to the range of students in the school (PreK-6) consequences, when necessary, are determined by the age and maturity level of the child.

Students are expected to be courteous in action and speech, respectful, honest, and well behaved. When student behavior is not acceptable, some consequence will be discussed and enacted. In most cases the classroom teacher handles the situation. A consequence may range, but is not limited to, reduction in playtime, a call to parents, a parent-teacher conference, or time spent after school. If none of the suggested methods have corrected the misbehavior, the teacher may refer or bring the student to the office. In addition to the consequences already mentioned, the school may use a lunch detention, after school detention, suspension (in or out-of-school), or a recommendation for expulsion from school.

Liberty School has surveillance cameras located throughout the building and school grounds that can be accessed by administration. Parents may not view due to HIPAA. These tapings are used in student behavior issues.

SCHOOL CODE:

The Liberty Board of Education has established a uniform discipline code for all students attending Liberty Junior / Senior High School. Infractions are grouped according to the seriousness of the offense. Each disciplinary action category gives a range of penalties, which may be issued and are not all-inclusive. The disciplinary action to be taken does, however, provide the student with a basic understanding of the seriousness of the offense. Disciplinary actions may increase based on the circumstances of the incident and the success of prior interventions, or the offense is judged to be of a serious enough nature to warrant the assignment of the maximum consequence by the principal. It should be understood that not all

-
disciplinary situations are covered.

The principal will use

his/her

judgment as to what the penalties shall be in those situations not explained in this handbook.

Furthermore, when students violate school rules and regulations, which also violate state laws or city ordinances, a complaint may be signed by the administration with the Adams County Sheriff's Department.

DEFINITION OF RESPONSIBILITIES

A student is responsible for his/her actions. If one of the offenses stated in the Student Code of Conduct occurs at a school activity, either at school or away from the school campus, whether during the school day or outside the school day, the consequences listed in the Code of Conduct will apply.

EXPLANATION OF PENALTIES

Conferences

Conferences may be held between students, parents, teacher and/or administrators. A conference is scheduled in order to explain and/or discuss past, present or future problems. In this way, all persons concerned will have a better understanding of what is expected, and be able to clear up any misunderstandings. Parents are encouraged to telephone or to come to school at any time if there are questions.

Detention

This is the act of detaining students for a period of time. This may occur during the lunch hour or after school as determined by the instructor. The length of an after school detention is determined by the instructor but will not exceed one hour. The number of detentions depends upon the offense and previous misconduct occurrences and success of prior interventions. Parents will be notified in advance if a student is serving a detention for offenses other than tardies and unprepared for class. For unprepared detentions, parents will receive their copy of the discipline after the detention has been served. Detention may be issued by teachers as well as administration. During the detention the student will be required to do schoolwork or possible clean-up duties depending on the behavior the student displayed to earn the detention.

RESTITUTION

This is the act on the part of the student of restoring and/or replacing something damaged or taken. For example, a student who damages school or another student's property may be required to replace or repair such damages.

DETENTION/SUSPENSION

This is an administrative imposed absence from attending classes.

(There are two types of suspension: In-School Detention: A student is required to be at school but does not attend class. The student is allowed to make up all work missed during his/her absence. All homework, class work, tests, etc are to be completed and turned in on the same day as other classmates. Out of School Suspension: A parent or guardian is responsible for the student's supervision. The student is responsible for getting his/her homework assignments and turning them in on the day they are due for credit. Duration of In -School Detention or Out of School Suspension The length of this consequence will be determined by school authorities and will affect the seriousness of the offense committed as well as previous discipline problems. Parents and guardians will be notified in writing of the action taken. Students who are placed on suspension may not loiter or appear on school property or at any school-sponsored activity at home or away on the days the suspension is being served. If a student should be suspended on a Friday and the following Monday, that student cannot attend nor participate in any school activity at home or away from school which occurs on that Saturday or Sunday.

APPEAL OF SUSPENSION

Students have the right to appeal a suspension. A student needs to notify the school authority in writing within 48 hours that he/she is appealing his/her suspension. The student along with his/her parent(s) will meet with the superintendent and principal.

EXPULSION

The Liberty Board of Education may expel. Expulsion shall take place after parents have been requested to appear at a hearing with the Board of Education to discuss their student's behavior. The minimum length of an expulsion is eleven school days. During this time the student is not allowed to attend school, be on school property, nor attend or participate in any school activities or functions at home or away from school.

In instances where a student displays threatening or abusive behavior towards the teacher or another student, the teacher must remove the child to the office for the remainder of the day and the teacher must notify the parents before the student re-enters the classroom.

EXTRACURRICULAR INFORMATION for 5th and 6th grade students

The Liberty School District believes extracurricular activities are a vital part of the total educational program. The participation in extracurricular programs and activities is voluntary and a privilege. All Students are encouraged to participate in any activities in which they are interested.

Students participating in extracurricular activities are not only representing themselves but are also representing their school and community. Because of this added responsibility, it is important that

those participating meet individual standards or expectations. The Liberty Board of Education has therefore developed policies and regulations for those students participating in extracurricular activities. This will insure consistency and provide guidelines as to what is expected from all students wishing to participate in any and all extracurricular programs. The Liberty School District will provide financial assistance, lodging, travel, and meals for students who have earned the privilege through competition at district and/or sectional levels or representing District school sponsored organizations at state competitions the same as they have done for athletic teams in the past. In special situations where distance or time of competition in sectionals would make it difficult for the individual/team to perform, assistance with lodging, travel, and meals will be considered.

Financial assistance is limited to those contestants that have earned a first or second in district and/or sectional competition. Travel, lodging and meals will in all cases be accomplished in the most cost-effective manner and must be approved by the principal and superintendent.

Financial assistance will not be provided students who are not competing at the sectional or state level.

EXTRACURRICULAR DEFINITION

There will be a common core of Expectations for athletic teams and for non-athletic organizations. While the coaches and sponsor may, if the activity warrants addition, add to the common core of Expectations, they may not delete from this common core.

Two committees one with membership of all coaches and one with ownership of all sponsors will review the Expectations governing extracurricular participation. The committees will report their findings to the principal for consultation and then to the Board on or before the May meeting of the Board of Education for consideration by the Board.

Coaches and sponsors will distribute and explain the Expectations to the students before the start of the activity and require students to sign, date, and return a statement acknowledging that they have received and understand the Expectations which govern participation in extracurricular activities. Organization Requirements, By-Laws, and Constitution:

Students who are participating in a non-athletic activity must abide by the laws and constitution of the particular organization. The by-laws and constitution may be on the local, state, and/or national level/.

Information is also available on CPR and AED for parents on the IHSA website at www.ihsa.org. There is also information in regards to concussions and head injuries. This will be covered with athletes and parents through a meeting. **The district also provides training to coaches on CPR , AED and Concussions.**

Scholastic Requirements Academic eligibility is a very important part of any successful athletic program. We adhere to the

policies of the IHSA (Illinois High School Association) and the IESA (Illinois Elementary School Association). Students must be doing passing work in all subjects to be eligible to participate in athletics or in any other extra-curricular activity that pertains to interscholastic competition. This means, students must be passing all of their courses to be eligible.

Weekly eligibility checks will be conducted. Teachers will turn grades in by the end of the day on Thursday (Junior High) and by 9:00a.m. Monday of each week. If a student is found to be ineligible, their ineligibility will begin on Monday and extend through Saturday. Students will be notified Friday or Monday of their eligibility for the coming week.

Eligibility will also be checked each quarter and semester. If at the end of a quarter, a student is found ineligible that student will not be allowed to participate in athletics the first week of the following quarter. If a high school student is found to be ineligible at the end of a semester he or she will be ineligible to participate in athletics for the following semester. Junior high eligibility is figured on a weekly basis.

STUDENT ATHLETIC GUIDELINES

Purpose

Participation in athletics is a privilege, not a right. The athlete must earn this privilege through dedication, desire and discipline. Without the pursuit of these, the athlete can in no way do justice to

himself/herself or the school. The athlete must discipline himself/herself to be a good citizen and student in order to achieve athletic excellence. In order for the pursuit of athletic achievement and the character training of young persons, the following Athletic Policies need to be understood by student athlete, parents and school.

Attendance

All team members of each sport will attend all scheduled practices and meetings. If circumstances arise whereby the student cannot attend a practice or meeting, the coach must be notified prior to the practice or meeting missed by parental contact, phone contact or written statement from the parent or guardian. Three unexcused absences from practices, games or meetings will result in removal from the team.

Excused Absence

The following instances will be excused absences in all Liberty athletic endeavors:

Illness

Doctor Appointment

Other School Activity/Athletic Contest

Church Related Obligations

College Visit

Funeral

MEPS Testing

It should be noted that each coach may/or may not excuse other instances as he/she sees fit.

Jobs

The athlete shall not obligate himself/herself to a job that interferes with practice time or regular competition time.

Eligibility

To be eligible for athletics, the athlete must be in compliance with the Liberty Unit # 2 policies concerning extracurricular activities found in the student handbook. These policies are concerned with attendance and scholastics.

If a 5th, 6th grade or junior high athlete is on the failing list, he/she will use practice time to get extra help in the class he/she is failing. After receiving help, he/she will report to a designated area to continue working on that subject. If a high school athlete is on the failing list, he/she will follow the coach's instructions as to receive help or reporting to practice.

If an athlete is on the failing list three times in one season, he/she will be removed from the team.

Dual Sport Participation

Liberty athletes will be allowed to participate in two sports simultaneously. It should be understood by the athlete and his family that participation in two sports at the same time is difficult at best. On days when both sports are in competition, the coaches will determine which sport the athlete will participate in. The amount of quality playing time is dependent upon ones abilities and participation in practice.

ATHLETIC/ORGANIZATIONAL TRANSPORTATION GUIDELINES

Students involved in Liberty District #2 athletic/organizational competition/field trips will be transported to events in school district vehicles. School personnel will drive these vehicles. Students who are unable to use school district transportation may be taken to the event by their parent/guardian only if they have received permission by the administration prior to the event. If this permission is granted, the parent/guardian must deliver his or her child directly to the coach/sponsor. If the

parent/guardian does not bring his or her child directly to the coach/sponsor, the student will not be allowed to participate in the event. Also, if there is an admission charge to the event, the student will have to pay, as he or she is not considered with the team/organization at that particular event.

Only parents/guardians may sign their son or daughter out after the event. Students without parental permission who do not ride the bus/van home from an event will not be allowed to participate in the next scheduled event or contest.

Students who receive a written warning for misbehavior on the bus/van will generally receive the same consequences for all bus riders. However, the administration may accelerate or alter for individual circumstances.

Use of private vehicles and non-school district personnel drivers (e.g., parents) may be used.

Events that are solely for the purpose of bringing organizational members together in social setting do not have to use a district vehicle to transport students.

Events that are not organized by school personnel do not have to use a district vehicle to transport students.

All transportation, other activities or events will be approved by administration.

LIBRARY/MEDIA CENTER

The library is an extension of the classroom. It is to be a quiet place in which students can study or look for reference materials. The following rules apply to all students using the library.

1. Students must maintain a quiet or studious atmosphere with no eating or drinking in the library.

2. Refusal to leave the library when requested by the librarian for undesirable behavior or violation of the library rules will result in loss of library privileges for a minimum of ten school days. Also, additional penalties may be issued depending upon the action committed.
3. Reference or library materials not checked out which are found in a student's possession outside the library will be subject to a fine of not less than \$5.00 per item plus the loss of library privileges for a minimum of ten school days.
4. Students found defacing or mutilating library materials will be subject to a fine, loss of library privileges, as well as, possible suspension.
5. All overdue library books must be turned in at the end of each semester.
6. Students will be responsible for replacement costs of any lost library books.

LOST LIBRARY MATERIALS

Students will be responsible for the replacement cost of any lost library materials. If lost library materials have been paid for, they are no longer the property of the school district. The charges paid for found materials will not be refunded.

Pesticide Spraying

This is notification that Liberty Schools use pesticides to reduce and prevent pests on school grounds. There will be pesticide spraying on the first Monday of each month. This will be done after school hours.

ASBESTOS REMOVAL

There is asbestos in the school building which has been contained. Nothing is removed without proper care and disposal per OSHA standards.

EMERGENCY PROCEDURES

Earthquake procedures – Students are to be instructed to drop to the floor and seek cover under furniture. As soon as appropriate, the same procedures for a fire drill will be implemented to evacuate the building. Teachers may use discretion about this as PA systems may be damaged, delaying announcements.

Fire, Tornado, Bomb, Lockdown and Active Shooter drills:

The district has in place emergency procedures to be taken by all students in case of a fire, tornado, bomb, lockdown or active shooter. Students are to take a very serious attitude when these drills are being conducted. In case of evacuation, students will be taken to St. Brigids and Liberty Christian Church. Parents listen to the radio and television for instructions for dismissal. Please do not call the school and tie up the phone lines.

NETWORK AND INTERNET POLICY–INSTRUCTIONAL PROGRAM

Instructional Resources, Instructional Materials, Computer Assisted Instruction

Expectation of Privacy

All electronic files are property of the Liberty Community Unit School District #2. As a user of the Liberty School's electronic network and the Internet the user needs to be aware that electronic files,

including email, are backed up regularly and are possibly never really deleted. Further, routine monitoring of the network, email and the Internet and the usage thereof, is performed on a regular, random basis by the system administrator and all files including those on removable media that have been attached to the Liberty Community Unit #2 School District's network are subject to review at any given time. Therefore, there can be no expectation of privacy on behalf of the user.

Computer Use Expectations

The authorized access by students to the files and data of network users, modifying or deleting software/data, leaving messages involving intimidation, threats, coercion, taking selfies on ipads or holding the computer inappropriately will be dealt with under the Student Code of Conduct as determined by the principal.

Access to the Internet

The School Board's goal is to include the Internet in the District's instructional program in order to promote educational excellence by facilitating resource sharing, innovation, and communication. The Superintendent or designee shall develop an implementation plan for this policy and appoint a system administrator.

The School District is not responsible for any information that may be lost, damaged, or unavailable when using the network, or for any information that is retrieved via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Individual School Board members and administrative staff members shall be treated like teachers. "Internet" includes all information accessed by Internet sites, E-Mail, on-line services and bulletin board systems.

Students enrolled in the Liberty School District may have access to the internet. This is a privilege that will be removed if the student is found to abuse or misuse the intent for which it is designed. Students who attempt or succeed in obtaining or viewing material considered to be of adult content will be disciplined.

As outlined in the Board Policy, students must have a USER AGREEMENT AND PARENTAL PERMISSION FORM signed and on file in the office. The following actions are not permitted:

1. Sending or displaying offensive message or pictures.
2. **Taking pictures of staff and/or posting it on any form of social media without their approval. (Phones should not be used as a camera during the regular school day.)**
3. Using obscene language.
4. Harassing, insulting, or attacking others.
5. Damaging, computers, computer systems, or networks.
6. Violating copyright laws.
7. Using another's password or login information.
8. Trespassing in another's folder, work, or files.
9. Using the network for commercial purposes.

Again, violations may result in a loss of access as well as disciplinary or legal action.

The Authorization of Internet Access Form and Homepage Waiver Form are at the back of this handbook. Students and Parents must sign before access will be permitted. Parents must sign the

Homepage Waiver Form before their child's picture or school related project may be used on the Liberty School Homepage.

Curriculum

The use of the Internet shall be consistent with the curriculum adopted by the District as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students. The Internet shall comply with the selection criteria for instructional materials and library-media center materials. Teachers may, consistent with the Superintendent's implementation plan, use the Internet throughout the curriculum

Authorization for Internet Access

Each teacher must sign the District's Authorization for Internet Access as a condition for using the District's Internet connection. Each student and his or her parent(s)/guardian(s) must sign the Authorization before being granted use.

The failure of any student or teacher to follow the terms of the Authorization for Internet Access, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Letter Parent(s)/Guardian(s) Regarding student Use of the Internet:

Dear Parent(s)/Guardian(s),

We now have the ability to enhance your child's education through the use of the Internet. The Internet offers vast, diverse, and unique resources. The District's goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Your authorization is needed before your child may use this resource.

The Internet electronically connects thousands of computers throughout the world and millions of individual subscribers. Students and teachers may have access to:

- A. Limited electronic mail communications with people all over the world
- B. Information from government sources, research institutions, and other sources
- C. Discussion groups
- D. Many libraries, including the catalog to the Library of Congress, and the Educational Resources Information Clearinghouse (ERIC)

With this educational opportunity also comes responsibility. You and your child should read the enclosed Authorization For Internet Access and discuss it together. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of privilege to use this resource as well as other appropriate disciplinary action. Remember that you are legally responsible for your child's actions.

The District takes precautions to prevent access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. On an unregulated network, however, it is impossible to control all material and a user may discover inappropriate material. Ultimately, parent(s)/guardian(s) are responsible for setting and conveying the standards that their child or ward should follow. To that end, the School District supports and respects each family's right to decide whether or not to authorize Internet access. Parents should recognize that students may have access to inappropriate material during unregulated use.

Please read and discuss the Authorization for Internet Access with you child. If you agree to allow your child to have and an Internet account, sign the Authorization form and return it to your school.

Authorization for Internet Access

Each teacher must sign this Authorization as a condition for using the District's Internet connection. Each student and his or her parent(s)/guardian(s) must sign the Authorization before being granted access. School Board members and administrators are treated like teachers for the purposed of this Authorization. Please read this document carefully before signing.

All use of the Internet shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. This Authorization does not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. The failure of any user to follow the terms of the Authorization for Internet Access will result in the loss of privileges, disciplinary action, and/or appropriate legal action. The signatures(s) at the end of this document is legally binding and indicates the party who signed has read the terms and conditions carefully and understands their significance.

The failure of any student to follow the terms of the authorization for Electronic Network Access, or this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

Terms and Conditions

Acceptable Use

All use of the District's electronic network must be (1) in support of education and/or research, and be in furtherance of the School Board's stated goal, or (2) for a legitimate school business purpose. Use is a privilege, not a right. Student and staff members have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic network or District computers. General rules for behavior and communications apply when using electronic networks. The District's *Authorization for Electronic Network Access* contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material and removable media such as floppy disks, thumb drives, compact discs and DVD's, etc., including files deleted from a user's account but not erased, may be monitored or read by school officials.

Access to student social networking passwords and websites for violations of school rules or procedures – Read attachment D at the end of the handbook.

Internet Safety

Each District computer with Internet access shall have a filtering device that blocks entry to visual depictions that are (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person received prior permission from the Superintendent or system administrator. The Superintendent or designee shall include measures in this policy's implementation plan to address the following:

1. Limiting student access to inappropriate matter as well as restricting access to harmful materials;
2. Student safety and security when using electronic communications;
3. Limiting unauthorized access, including “hacking” and other unlawful activities; and
4. Limiting unauthorized disclosure, use, and dissemination of personal identification information.

Privileges- The use of the District’s Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator will make all decisions regarding whether or not a user has violated this Authorization and may deny, revoke, or suspend access at any time; his or her decision is final.

Unacceptable Use- You are responsible for your actions and activities involving the network. Some examples of unacceptable uses are:

Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any U.S. or State regulation;

Using the network while access privileges are suspended or revoked.

Network Etiquette- You are expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

Be polite. Do not become abusive in your messages to others

Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.

Do not reveal the personal address or telephone numbers of students or colleagues.

Recognize that electronic mail (E-Mail) is not private. People who operate the system have access to all mail. Message relating to or in support of illegal activities may be reported to the authorities.

Do not use the network in any way that would disrupt its use by other users.

Consider all communications and information accessible via the network to be private property

No Warranties- The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages you suffer. This includes loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions caused by its negligence or your errors or omissions. Use of any information obtained via the Internet is at your own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification- The user agrees to indemnify the School District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any breach of this Authorization.

Security- Network security is a high priority. If you can identify a security problem on the Internet, you must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempted to log-on to the Internet as a system administration will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism- Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer virus.

Telephone Charges- The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long distance charges, per-minutes surcharges, and/or equipment or line cost.

Copyright Web Publishing Rules - Copyright law and District policy prohibit the re-publishing of text or graphics found on the Web or on District Web sites or file servers without explicit written permission.

For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.

Students and staff engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of "public domain" documents must be provided.

The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.

The "fair use" rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.

Student work may only be published if there is written permission from both the parent/guardian and student.

Parents- Parents agree to be responsible for any financial obligation of their students

Use of Electronic Mail

The District's electronic mail system, and its constituent software, hardware, and data files, are owned and controlled by the School District. The School District provides e-mail to aid

students and staff members in fulfilling their duties and responsibilities, and as an education tool.

The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited

Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document.

Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.

Electronic messages transmitted via the School District's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of this School District. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.

Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.

Use of the School District's electronic mail system constitutes consent to these regulations.

Students, parent(s)/guardians(s), and teachers need only to sign this Authorization for InternAccess once while enrolled or employed by the School District.

I understand and will abide by the above Authorization for Internet Access. I further understand that should I commit any violation, my access privileges may be revoked, and school disciplinary action and/or appropriate legal action may be taken. In consideration for using the District's Internet connection and having access to public networks, I hereby release the School District and its Board members, employees, and agents from any claims and claims arising from by use, or inability to use the Internet.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA), a Federal Law, requires that Liberty CUSD #2, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Liberty CUSD #2 may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of the directory information is to allow the Liberty CUSD #2 to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs;
- Sports' activity sheets such as for wrestling, showing weight and height of team members

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local education agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses, and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Liberty CUSD #2 to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by September 1st of each school year. Liberty CUSD #2 has designated the following information as directory information:

- Student's name
- Student's address
- Grade level

MEDICAL INFORMATION

Physical, Immunizations, Vision and Dental Examinations:

Illinois law requires the following for all children attending a public or private school: 1) Physical Exam on an IL Certificate of Child Health Examination form within 1 year of the 1st day of entering Pre-K, Kindergarten, 6th grade and 9th grade. In addition, a Physical is required on all new students transferring into Illinois from outside the State or country. 2) Immunizations - proof against and screening for preventable communicable diseases, as required by the rules and regulations of the Department of Public Health. Students must have the *Physical* and *Vision Exam* done with proof provided by the beginning of the school year in order to be admitted. Physical exams must be completed and on file by October 15. If a student does not comply with the requirements of this law by October 15 of the current school year, such students shall be excluded from school until proof of having received the required health examination and immunizations are presented to the District. All new registrants shall have 30 days following registration to comply with the health examination and immunization regulations. 3) Vision Exam - by a licensed ophthalmologist or optometrist after October 15th of the year prior to entering Kindergarten. 4) Dental Exam within 18 months prior to May 15th of the school year for those entering Kindergarten, 2nd and 6th grade. Dental exams are due to be on file prior May 15th. A student may be exempted from these requirements on religious or medical ground if the student's parents/guardians present to the Superintendent a signed statement detailing the objection. A student may be exempted from the health examination or immunizations on medical grounds if a physician provides written verification.

*All forms are available on the school website @ www.libertyschool.net under "Forms".

Vision and Hearing Screening

Vision and Hearing Screenings are conducted each school year by Certified Vision and Hearing Technicians. Grades routinely screened for Vision are Pre-K, Kindergarten, 2nd and 8th grades. Hearing is routinely screened for Pre-K, Kindergarten, 1st, 2nd and 3rd grades. In addition, Special Education students from all grades and students new to the district are screened for both Vision and Hearing. Students will also be screened when referred by parent or teacher. Children who wear glasses or children who are under care of an eye doctor are not screened.

The purpose of the Vision and Hearing Screenings is to identify children who *may* have a Vision or a Hearing problem. Those children are then referred to the appropriate doctor. Please note that Vision screening is a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening *if* an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months and that evaluation is on file at the school. This notice is not a permission to test and is not required to be returned. Vision screening is *not* an option. If a Vision examination report is not on file at the school for your child, then your child in the mandated age /group will be screened.

Contagious Diseases and Conditions

For the protection of all students and staff, the following guidelines should be followed:

1. Never send an obviously sick child to school.
2. A child with a severe sore throat, severe cough, earache, vomiting, more than 1 episode of diarrhea, or fever of 100 or higher within the past 24 hours, or an undiagnosed rash should not be sent to school.
3. A child with a known communicable disease (chickenpox, impetigo, strep, scabies, ringworm, etc.) should not be sent to school without the specific written approval of a doctor or a licensed health care provider.
4. Parents are encouraged to use common sense and good judgment when determining whether to send a child who has been ill with a cold or flu back to school.

Students who become ill at school should tell the teacher immediately. If a student becomes ill in the lunchroom or on the playground, the child should notify the monitor. The school must have a current emergency number to call in case a parent cannot be reached during the school day. Once the parent has been contacted, the child will need to be picked up from school within an hour unless otherwise arranged with the school nurse.

Please notify the school nurse if your child is diagnosed with a communicable disease, severe injury, or has surgery. The purpose of this is to protect your child, so the nurse can send notices to parents when a number of cases of a disease are reported (eg. Strep, Mono, Flu etc.), help make any needed accommodations in the case of an injury or surgery, and keep your child's health record current.

Chronic Communicable Diseases

The District places a high priority on the need to prevent the spread of chronic communicable diseases. It is the intention of the Board of Education to promote the health and safety of its' students, staff, and the community, while assuring that no student or staff member is unnecessarily excluded from the available educational opportunities or his/her employment. Any person, including but not limited to students, parents, guardian, and staff, shall report to the superintendent any circumstances giving rise to a suspicion or belief that a student or staff member suffers from a chronic communicable disease.

Pediculosis (commonly known as head lice)

It is the policy of the Liberty School District that students shall not be permitted to attend school when they have head lice or head lice eggs (nits) in their hair. Students that have either live lice or nits will be removed from class and parents will be called. The child may not be transported by school bus. The child will be sent home and must have all nits removed before returning to school. Other children living in the same household found with lice and or nits are checked immediately. Children are to be checked upon re-entry to school. The student returning to school must verify that treatment was performed. The student must be retreated seven to ten days after the first treatment. With continued and repeat infestations, absences may be coded "unexcused" if it is felt that parents are not taking the necessary steps to alleviate the problem. All students will be inspected on an "as needed" basis throughout the school year by the school nurse, principal or other school personnel. Recurrent cases will be referred to DCFS.

Accident Reports

Students are responsible to report an injury or accident within 24 hours to the principal, nurse, coach or sponsor in order for an accident report to be completed. Forms to report accidents are in any of the offices. **A copy of all Accident Reports shall be submitted to the Health Nurse within 24 hours of reporting. One copy is to go in the students health records.**

Emergency Information Card

This form must be completed at the **beginning of each school year for every child**. It is of up most importance that we have this information for your child's safety, to keep your child's record up-to-date and in case of emergency. **Please notify the school nurse of any changes in the information on this form (including phone number changes) throughout the year.** *A copy of this form can be found in this Handbook with the forms or on the school website at www.libertyschool.net under "Forms".

Medication Policy

Please refer to the Form section of this Handbook for the *Medication Administration Policy. You will also find a copy of the *School Medication Authorization Permit here. Both of these forms are also available on the school website at www.libertyschool.net or from the school nurse. A separate form is needed for each medication and every time there is a change such as a change in dose.

If you should need to bring a medication to your child during the school day, please come to the nurse's office. She will page your child to come to her office and the medication can then be given under her supervision. This is for everyone's protection.

Medication Administration Policy

Whenever possible, all medication (prescription and non-prescription) should be given at home.

However, if students must take medication at school, the following guidelines must be followed:

1. Prior to prescription and non-prescription medication (including Tylenol, cough drops and cough syrup) being administered to any student at school, a School Medication Authorization Form must be completed in full. This is necessary to comply with the guidelines of the Illinois State Board of Education and the Department of Public Health.
2. An adult must bring the medication to the school nurse or principal. It should not be sent to school with a student. The bus driver may transport medication from the parent to a school authority.
3. All medications must come in the original container from the store along with a completed School Medication Authorization Form. (Extra forms are available from the office or can be printed from the school website: www.libertyschool.net) The parent and the doctor must both sign this form. For your convenience, we can fax the permit to your doctor for his signature. Any change in student's dosage requires a new permit. Parents may ask the pharmacist for a duplicate prescription bottle so that one can be kept at home and the other at school.
4. Medication must be labeled with the child's name, medication name/dosage, administration route (by mouth, to skin or inhaler), the date and the doctor's name.
5. The School Nurse or a designated school employee will dispense all medications. Students are NOT to carry medication on their person or keep it in their locker for themselves or others. Asthma inhalers and Epi-Pens may be carried on the prescribed student only if the Physician and Parental Authorization for Self-Administration of Asthma Form are completed prior to self-administration.
6. Except in extreme situations, it is the student's responsibility to go to the nurse's office to take medication. The nurse may take the medication to the student when she deems it necessary due to his/her age or condition.
7. On field trips, a certified staff member will be designated to safely store medication and with the assistance of the classroom teacher will supervise the student's self-administration of his/her medication.
8. All medications must be stored in a locked cabinet.
9. All health care provider authorizations will automatically expire at the end of the school year and are subject to renewal in the succeeding year.
10. Liberty CUSD #2 has Standing Orders for Epi-Pen and Epi-Pen Jr. (for severe allergic reactions), Albuterol Inhaler (for asthma symptoms), Glucagon Injection (for treatment of severe low blood sugar symptoms), Triple Antibiotic Ointment (for treatment of minor skin cuts and scrapes), and Anti-Itch Gel (for treatment of temporary relief of itching and pain associated with minor skin irritations). These orders are signed by a physician.

This policy is for the protection of all students. Thank you for helping keep our children safe. If you have any questions, please call 645-3433 and ask for the nurse.

Upon the initial enrollment or transfer of a student to the school, the school must notify the student and the student's parent(s)/guardian(s) of their rights concerning school student records. This notification may be distributed by any means likely to reach parents/guardians.

The contact information for each School's Official Records Custodian follows:

This notice contains a description of your and your student's rights concerning school student records. A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses. The District maintains two types of school records for each student: *permanent* record and *temporary* record.

The *permanent record* includes:

1. Basic identifying information, including the student's name and address, birth date and place, gender, and the names and addresses of the student's parent(s)/guardian(s)
2. Academic transcripts, including grades, class rank, graduation date, grade level achieved, scores on college entrance examinations, (except that a parent/guardian or eligible student may request, in writing, the removal from the academic transcript of any score received on college entrance examinations), and the unique student identifier assigned and used by the Illinois State Board of Education's Student Information System
3. Attendance record
4. Health record defined by the Illinois State Board of Education as "medical documentation necessary for enrollment and proof of dental examinations, as may be required under Section 27-8.1 of the School Code"

To obtain the legal citations for this exhibit's provisions, see 7:340-API, *Administrative Procedure - School Student Records*, which is annotated with citations to controlling rules and statutes.

Customize this notice to reflect the district's practice, particularly to specify the district's treatment of records that the law (1) permits to be kept as either permanent records or temporary records, and (2) allows to be kept as directory information.

- c. The name and capacity of the requesting person and the purpose for the request
 - d. The date of release
 - e. A copy of any consent to a release
6. Scores received on all State assessment tests administered at the high school level (that is, grades 9 through 12)

The permanent record may include:

- 1. Honors and awards received
- 2. Information concerning participation in school-sponsored activities or athletics, or offices held in school-sponsored organizations.

All information not required to be kept in the student permanent record is kept in the student temporary record and must include:

- 7. Accident report, defined by the Illinois State Board of Education as "documentation of any reportable student accident that results in an injury to a student, occurring on the way to or from school or on school grounds, at a school athletic event or when a student is participating in a school program or school-sponsored activity or on a school bus and that is severe enough to cause the student not to be in attendance for one-half day or more or requires medical treatment other than first aid. The accident report shall include identifying information, nature of injury, days lost, cause of injury, location of accident, medical treatment given to the student at the time of the accident, or whether the school nurse has referred the student for a medical evaluation, regardless of whether the parent, guardian or student (if 18 years or older) or an unaccompanied homeless youth ... has followed through on that request."

STUDENTS

Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner which is reasonably related to its objectives and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

When feasible, the search should be conducted as follows:

- outside the view of others, including students;
- in the presence of a school administrator or adult witness; and
- by a certified employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

No photograph highlighting individual faces is allowed for commercial purposes, including solicitation, advertising, promotion or fundraising without the prior, specific, dated and written consent of the parent or student, as applicable; and no image on a school security video recording shall be designated as directory information.

7. The right to request that military recruiters or institutions of higher learning not be granted access to your secondary school student's name, address, and telephone numbers without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the parents/guardians, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the Building Principal where your student is enrolled for further instructions.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.
9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education

him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent(s)/guardian(s) or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Individual board members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent(s)/guardian(s) or to the student, if the student has succeeded to the rights of the parent(s)/guardian(s). Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information concerning the parent's/guardian's child:

Throughout the school year, the District may release directory information regarding students, limited to:

Name
Address
Gender

3. Aptitude test scores
4. Reports of psychological evaluations, including information on intelligence, personality and academic information obtained through test administration, observation, or interviews
5. Elementary and secondary achievement level test results
6. Participation in extracurricular activities, including any offices held in school-sponsored clubs or organizations
7. Honors and awards received
8. Teacher anecdotal records
9. Other disciplinary information
10. Special education records
11. Records associated with plans developed under section 504 of the Rehabilitation Act of 1973
12. Verified reports or information from non-educational persons, agencies, or organizations of clear relevance to the student's education

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning a student (105 ILCS 5/10-22.3c and 10/5a, and 750 ILCS 60/214(b)(15)).

2. The right to have one or more scores received on college entrance examinations removed from the student's academic transcript.

Parents/guardians or eligible students may have one or more scores on college entrance exams deleted from their student's academic transcript. Students often take college entrance examinations multiple times to improve their results. Test publishers provide the results from each examination taken to the student's high school. Schools must include each of these scores on the student's transcript, which may result in the academic transcript having multiple scores from a single college entrance exam. A parent/guardian or eligible student may not want certain scores to be sent to postsecondary institutions to which the student applies. The District will remove scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be removed.

- 2.3. The right to request the amendment of the student's education records that the parent(s)/guardian(s) or eligible student believes are inaccurate, irrelevant, or improper.

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, irrelevant, or improper. They should write the Building Principal or the Official Records Custodian, clearly identify the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parents/guardians or eligible student, the District will notify the parents/guardians or eligible student of the decision and advise

Notification Regarding Student Accounts or Profiles on Social Networking Websites

State law requires the District to notify students and their parents/guardians that school officials may request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website. This request may be made only if there is reasonable cause to believe that the student's account contains evidence that he or she violated a school disciplinary rule or Board policy.

Exhibit - Memo to Parents/Guardians Regarding Bullying and School Violence

Re: Bullying

Dear Parents/Guardians:

At our school, bullying of any kind, by any person, is unacceptable. All students should be free from worries about being bullied. Students who bully others must be taught other, appropriate ways of interacting with peers. The purpose of this letter is to provide you with information concerning the School District's anti-bullying program and to encourage you to help us identify students who are being bullied.

The School Board policy on bullying begins with this goals statement:

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important District goal.

Bullying is defined as follows:

Bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student's person or property.
2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.
4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, intimidation, and/or harassment may take various forms, including without limitation: threats, stalking, physical violence, sexual harassment, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

I asked our school staff members to respond immediately and with compassion to a student who reports bullying or school violence. After evaluating the situation to determine if an immediate referral to my office is needed, a staff member will give the student our form for reporting bullying, 7:180-API, E5, *Report Form for Bullying and School Violence*. I will inform you whenever your child is involved in a bullying report.

I also asked our staff members for their feedback and concerns specifically regarding locations that may be bullying *hot spots* needing additional supervision or monitoring or if there are any known bullies or targets of bullying in our building. I want to ask you to do the same thing. Please inform me

if you know of any bullying *hot spots* in or around our school, or if you are aware of a known bully or target of bullying.

Finally, I requested our staff members to intervene immediately to stop a bullying incident. They will immediately contact building security and or law enforcement if the incident involves a weapon or other illegal activity.

Below are some of the signs that a young person is being bullied:

- Does not want to go to school and refuses to explain the reason
- Talks about not having any friends
- Has unexplained bruises, cuts, scratches, or abrasions
- Has unexplained damage to clothing, possessions, books, etc.
- Frequently loses money or possessions
- Loses interest in school and/or has declining grades
- Becomes withdrawn and/or has stress or depression symptoms

These signs do not necessarily mean your child is being bullied, but if present, ask your child whether he or she is being bullied.

Please let me know if you have any questions or concerns.

Sincerely,

Building Principal

Re: Access to Student Social Networking Passwords and Websites for Violations of School Rules or Procedures

Dear Parent(s)/Guardian(s):

If your child has an account on a *social networking website*, e.g., Facebook, Instagram, Twitter, ask.fm, etc., please be aware that State law requires school authorities to notify you that your child may be asked to provide his or her password for these accounts to school officials in certain circumstances. *Social networking website* means an Internet-based service that allows students to: (1) construct a public or semi-public profile within a bounded system created by the service; (2) create a list of other users with whom they share a connection within the system; and (3) view and navigate their list of connections and those made by others within the system.

School authorities may require a student or his or her parent/guardian to provide a password or other related account information in order to gain access to his/her account or profile on a social networking website if school authorities have reasonable cause to believe that a student's account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

Please contact the school if you have any questions.

Sincerely,

Kelle Bunch

Superintendent

Dear Parent/Guardian:

Children need healthy meals to learn. _____ Liberty School CUSD# 2 offers healthy meals every school day. Breakfast costs \$1.75 lunch costs 2.60-2.85\$. Your children may qualify for free meals or for reduced price meals. Reduced price is .30\$ for breakfast and .40\$ for lunch. To apply for free or reduced-price meals, use the Household Eligibility Application, which is enclosed. We cannot approve an application that is not complete, so be sure to fill out all required information. Return the completed application to Cathy Badgley in the HS office.

Your children may qualify for free or reduced price meals if your household income falls at or below the limits on this chart.

- DO I NEED TO FILL OUT AN APPLICATION FOR EACH CHILD? No. Complete the application to apply for free or reduced price meals. Use one Household Eligibility Application for all students in your household per district. We cannot approve an application that is not complete, so be sure to fill out all required information. Return the completed application to the school.
- WHO CAN GET FREE MEALS? All children in households receiving benefits from Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF) and/or are foster children that are under the legal responsibility of a foster care agency or court are eligible for free meals regardless of your income. Also, your children can get free meals if your household's gross income is within the free limits on the Federal Income Eligibility Guidelines. Children who meet the definition of homeless, runaway, or migrant also qualify for free meals. If you haven't been told your children will get free meals, please contact your school to see if your child(ren) qualifies.
- WHO CAN GET REDUCED PRICE MEALS? Your children can get low cost meals if your household income is within the reduced price limits on the Federal Eligibility Income Chart, shown above.
- A MEMBER OF MY HOUSEHOLD RECEIVED SNAP OR TANF BENEFITS. THE SCHOOL SENT A LETTER STATING THAT MY CHILD IS AUTOMATICALLY APPROVED FOR FREE MEALS BASED ON DIRECT CERTIFICATION. DO I NEED TO DO ANYTHING MORE TO ENSURE THAT MY CHILD RECEIVES FREE MEALS? No. You do not need to do anything more to receive free meals for your child. If you have students not listed on the letter, contact the school immediately. If you do not wish to receive the free meals, you should follow the steps outlined in the letter from the school to notify school personnel immediately.
- HOW DO I KNOW IF MY CHILDREN QUALIFY AS HOMELESS, MIGRANT, OR RUNAWAY? Do the members of your household lack a permanent address? Are you staying together in a shelter, hotel, or other temporary housing arrangement? Does your family relocate on a seasonal basis? Are any children living with you who have chosen to leave their prior family or household? If you believe children in your household meet these descriptions and haven't been told your children will get free meals, please contact your school.
- MY CHILD'S APPLICATION WAS APPROVED LAST YEAR. DO I NEED TO FILL OUT ANOTHER ONE? Yes. Your child's application is only good for that school year and for the first few days of this school year. You must send in a new application unless the school told you that your child is eligible for the new school year.
- I GET WIC. CAN MY CHILD(REN) GET FREE MEALS? Children in households participating in WIC may be eligible for free or reduced price meals. Please fill out the enclosed application.
- WILL THE INFORMATION I GIVE BE CHECKED? Yes. We may also ask you to send written proof.
- IF I DON'T QUALIFY NOW, MAY I APPLY LATER? Yes, you may apply at any time during the school year. For example, children with a parent or guardian who becomes unemployed may become eligible for free and reduced price meals if the household income drops below the income limit.
- WHAT IF I DISAGREE WITH THE SCHOOL'S DECISION ABOUT MY APPLICATION? You should talk to school officials. You also may ask for a hearing by calling or writing to the person listed above.
- MAY I APPLY IF SOMEONE IN MY HOUSEHOLD IS NOT A U.S. CITIZEN? Yes: You or your child(ren) do not have to be U.S. citizens to qualify for free or reduced price meals.
- WHO SHOULD I INCLUDE AS MEMBERS OF MY HOUSEHOLD? You must include all people living in your household, related or not (such as grandparents, other relatives, or friends) who share income and expenses. You must include yourself and all children living with you. If you live with other people who are economically independent (for example, people who you do not support, who do not share income with you or your children, and who pay a pro-rated share of expenses), do not include them.
- WHAT IF MY INCOME IS NOT ALWAYS THE SAME? List the amount that you normally receive. For example, if you normally make \$1000 each month, but you missed some work last month and only made \$900, put down that you made \$1000 per month. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.
- WHAT IF SOME HOUSEHOLD MEMBERS HAVE NO INCOME TO REPORT? Household members may not receive some types of income we ask you to report on the application, or may not receive income at all. Whenever this happens, please write a 0 in the field. However, if any income fields are left empty or blank, those will also be counted as zeroes. Please be careful when leaving income fields blank, as we will assume you meant to do so.
- WE ARE IN THE MILITARY. DO WE REPORT OUR INCOME DIFFERENTLY? Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food, or clothing, it must also be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. Any additional combat pay resulting from deployment is also excluded from income.
- MY FAMILY NEEDS MORE HELP. ARE THERE OTHER PROGRAMS WE MIGHT APPLY FOR? To find out how to apply for SNAP, TANF or other assistance benefits, contact your local Department of Human Services office or call (800) 843-6154 (voice) or (800) 447-6404 (TTY).
