INSURANCE _____

PRIMARY INSURED NAME _____ DOB ____/____/____

MEMBER ID# _____

GROUP # _____

I understand that I have the right to ask questions and be answered to satisfaction. I believe I understand the benefits, the risks of the vaccine(s) and ask the vaccine(s) stated above be given to me or the person above who I am authorized to make this request.

I understand that the HD is authorized to use the information gained during treatment to bill me or any other potential sources of reimbursement, such as government programs in which I am enrolled or qualified for services. Also, by signing I acknowledge that I am responsible for any remaining balance or co-pays that the provided insurance does not cover.

Signature: _____ Date _____

I would like to speak to someone regarding financial assistance for immunization costs

For patients: The following questions will help us determine which vaccines you may be given today. If you answer “yes” to any question, it does not necessarily mean you should not be vaccinated. It just means additional questions must be asked. If a question is not clear, please ask your healthcare provider to explain it.

Screening Questions	Yes	No	Unsure
Are you sick today?			
Do you have allergies to medications, food, a vaccine component, latex, eggs or chicken protein, sorbitol, or gelatin? Describe:			
Have you ever had a serious reaction after receiving a vaccination? Describe:			
Do you have a long-term health problem with heart, lung, kidney, or metabolic disease (e.g., diabetes), asthma, a blood disorder, no spleen, complement component deficiency, a cochlear implant, or a spinal fluid leak? Are you on long-term aspirin therapy? Describe:			
Do you have cancer, leukemia, HIV/AIDS, or any other illness that may affect your immune system? Or had cancer in the past? Describe:			
Do you have a parent, brother, or sister with an immune system problem?			
In the past year, have you taken medications that affect your immune system, such as prednisone, other steroids, or anticancer drugs; drugs for the treatment of rheumatoid arthritis, Crohn’s disease, or psoriasis; or have you had chemotherapy or radiation treatments? Describe:			
Have you had a seizure or a brain or other nervous system problem?			
During the past year, have you received a transfusion of blood or blood products, or been given immune (gamma) globulin or an antiviral drug?			
For women: Are you pregnant or is there a chance you could become pregnant during the next month? Are you breastfeeding?			
Have you received any vaccinations in the past 4 weeks?			
Have you ever had Guillain-Barre Syndrome?			
ANSWER BELOW QUESTIONS FOR <u>YELLOW FEVER VACCINE ONLY</u>	Yes	No	Unsure
Have you been told that you may have a problem with your Thymus Gland? (Includes myasthenia gravis or a thyoma?)			
Have you had open chest surgery?			
Have you had an operation to remove your thymus gland for any reason, including during cardiac surgery?			
Do you have a family member (blood relative) that has had a serious reaction to a yellow fever vaccine?			

- I would like information on the WIC nutritional supplement program**
- I would like information on the low-cost lab program**
