Superintendent's Comments:

Routine Consent

The items under here are action that is taken every January, except the agreement that the ROE will train short-term substitute teachers who may have 60 hours of college credit. We appreciate their help to recruit and train for substitute teachers. We also renewed the copy machine agreement at the same price, but receiving four brand new copy machines. This will be a big hit with staff, as Liberty has never had new machines! We are fortunate that the company was able to do this at no additional cost in order to renew our contract with them before the current one expires.

Board Discussion & Action

The Pre-K awning door is for the exterior entrance from the grade school parking lot to the Pre-K Program in the basement. The Ag Construction class will build this awning to keep out water and to help make the entrance be more secure.

Good News

As COVID continues to linger, we hope everyone stays healthy! The school staff will be able to receive the vaccine in the last part of January 2021.
