

Afternoon Pickup

Parents of PreK - 4th grade students will proceed to the pickup line.

We will have a staff member at the pick up entrance to let 5 cars at a time pull in to pick up their students.

Stop and give them your students name and grade, then pull up to one of the five cones set up as loading points. A staff member will radio in and a runner will bring your child out to the car. We will load 5 cars at a time and when children are safely loaded will release cars and have the next set pull forward.

This will be a continual process until all students are loaded.

If you have a child in grades 5 - 12 they will walk out to you in the gravel lot. Also, students in grades 5 - 12 can pick up younger siblings in the new gym and walk them out to the gravel lot by the ball fields.

You will not need to go through the pick up line if you do this.

PreK - 4th grade pick up line is noted in **Blue**.

The **pink line** designates the line grade 5 - 12 students and siblings, if any, will walk out to the gravel lot.

A staff member will be outside the main entrance to maintain safety on their way to the gravel lot. The crossing guard will be in the crosswalk as well.

High School students are being released at 1 PM. This allows parents to have room to park in the gravel lot.
