Nine month personnel's summer payoff checks will be paid on the last working day in June.

Liberty County School Board
Differentiated Pay
Fiscal Year 2014-15

In accordance with Florida Statute 1012.22 (1) (c) (4), the Liberty County School Board adopts the following supplements and pay plan for differentiated pay for both instructional personnel and school-based administrators. The differentiated pay is based on district-determined factors, including, but not limited to, additional responsibilities, school demographics, critical shortage areas, and level of job performance difficulties.

1. *Instructional and School Based Administrative Employees*

A. *Additional Responsibilities* – Each School Principal will determine the staff needed to perform additional responsibilities and will provide the list to the Superintendent’s Office. The instructional staff will be paid an approved supplement for carrying out the additional responsibilities as determined on the Academic and Athletic Supplement Schedules.

B. *School Demographics* – Principals and instructional staff working at a school where ninety percent of the students qualify for free lunches will receive a supplement of \$500. The free rate for each school will be determined on date certain during FTE Survey 3 by the Food Service coordinator and will be based on the percentage of students who qualify via direct certification and/or completed free/reduced lunch applications. This rate does not include the status of the school based on community eligibility, but the specific number of students who would qualify for free lunch outside the community eligibility calculations. Instructional staff and principals who have worked at the school 196 days during the school year will receive the supplement by June 30 of that year.

C. *Critical Shortage Areas* – A \$1,000 supplement shall be paid to each instructional employee working in a critical shortage area as designated by Liberty County School Board upon recommendation of the Superintendent. Local critical shortage areas are defined as (3) consecutive job postings with no applicants. The job postings will be monitored by the Human Resource Department and findings reported to the Superintendent.

D. *Level of Job Performance Difficulties* – Principals and assistant principals’ salary is differentiated based on student enrollment, grade level of students, and number of extracurricular activities.
