Realignment within an Elementary School – Total Number of Positions Remains the Same

West Virginia Code § 18A-4-7a provides, in part, as follows:

(p) Notwithstanding any other provisions of this code to the contrary, where the total number of classroom teaching positions in an elementary school does not increase from one school year to the next, but exists in that school a need to realign the number of teachers in one or more grade levels, kindergarten through six, teachers at the school may be reassigned to grade levels for which they are certified without that position being posted: Provided, that the employee and the county board of education mutually agree to the reassignment.

I sign this document to show that I agree, as the statute provides, to be reassigned from my current position which is \_\_\_\_\_ at \_\_\_\_\_ School, to the new assignment of \_\_\_\_\_ at the same school, to take effect at the beginning of the 20\_\_ - 20\_\_ school year, pending Board approval.
